Bengal Ice Manufacturing Company, Limited.

AT an Extraordinary General Meeting of the above-named Company duly convened and held at No 103 Clive Street, Calcutta, on the 28th day of October 1904, the subjoined resolutions were duly passed, and at an Extraordinary General Meeting of the said Company held on the 18th day of November 1904, the same resolutions were duly confirmed as special resolutions:—

1. That it is expedient to effect an amalgamation of this Company with the Crystal Ice Supply Company, Limited, to be carried out by the formation of a new Company.

2. That with a view to such amalgamation, this Company be wound up voluntarily, and that John Gemmell and George Aitken Ormiston, both of 103 Clive Street, Calcutta, be and they are hereby appointed Liquidators for the purpose of such winding up with joint and several powers.

3. That the said Liquidators be and they are hereby authorised to consent to the registration of a new Company, to be named the Calcutta Ice Association, Limited, with a Memorandum and Articles of Association, which have been already prepared with the privity and approval of the Directors of this Company with liberty to the said Liquidators to make or assent to such modifications, if any, in the form of the said Memorandum and Articles of Association as they may deem expedient.

4. That the draft Agreement submitted to this Meeting and expressed to be made between the Liquidators of this Company of the first part, this Company of the second part, the Liquidators of the Crystal Ice Supply Company, Limited, of the third part, the Crystal Ice Supply Company, Limited, of the fourth part, and the Calcutta Ice Association, Limited, of the fifth part, be and the same is hereby approved, and that the Liquidators of this Company be and they are hereby authorised, pursuant to section 204 of the Indian Companies Act, 1882, to enter into an agreement with such new Company when incorporated in the terms of the said draft, and to carry the same into effect with such, if any, modifications, either before or after the execution thereof, as they may deem expedient.

JOHN GEMMELL, Chairman.

Dated 30th November 1904. (1420—I—2130)

Crystal Ice Supply Company, Limited.

AT an Extraordinary General Meeting of the above-named Company duly convened and held at No. 103 Clive Street, Calcutta, on the 28th day of October 1904, the subjoined resolutions were duly passed, and at an Extraordinary General Meeting of the said Company, held on the 25th day of November 1904, the same resolutions were duly confirmed as special resolutions:—

1. That it is expedient to effect an amalgamation of this Company with the Bengal Ice Manufacturing Company, Limited, to be carried out by the formation of a new Company.

2. That with a view to such an amalgamation, this Company be wound up voluntarily, and that John Gemmell and George Aitken Ormiston, both of No. 103 Clive Street, Calcutta, be, and they are hereby appointed, Liquidators for the purpose of such winding up, with joint and several powers.

3. That the said Liquidators be and they are hereby authorised to consent to the registration of a new Company, to be named the Calcutta Ice Association, Limited, with a Memorandum and Articles of Association, which have been already prepared with the privity and approval of the Board of Control of this Company, with liberty to the said Liquidators to make or assent to such modifications, if any, in the form of the said Memorandum and Articles of Association as they may deem expedient.

4. That the draft agreement submitted to this Meeting and expressed to be made between the Liquidators of the Bengal Ice Manufacturing Company, Limited, of the the first part, the Bengal Ice Manufacturing Company, Limited, of the second part, the Liquidators of this Company of the third part, this Company of the fourth part, and the Calcutta Ice Association, Limited, of the fifth part, be and the same is hereby approved, and that the Liquidators of this Company be, and they

are hereby authorised, pursuant to section 204 of the Indian Companies Act, 1882, to enter into an agreement with such new Company when incorporated in the terms of the said draft, and to carry the same into effect with such, if any, modifications, either before or after the execution thereof, as they may deem expedient.

JOHN GEMMELL, Chairman.

Dated 30th November 1904. (1421—1—2131)

Stolen.

THE lower halves of the Calcutta Municipal Debenture Bonds Nos. 157 and 160, both dated 1st October 1890, of the 5 per cent. loan of 1890-91 for Rs. 500 (five hundred) each, originally standing in the name of Deb Nath Sreemany and last endorsed to the Accountant-General, Bengal, by the proprietor, Brindaban Chandra Chatterjee, Cashier, Cossipore-Chitpore Municipal Office, for safe custody, having been stolen, notice is hereby given that payment of the above bonds and the interest thereupon has been stopped in the Loan Registers of the Corporation of Calcutta, and that application has been made for the issue of duplicates in favour of the proprietor. The public are cautioned against purchasing or otherwise dealing with the above-mentioned debenture bonds.

NOTICE TO SUBSCRIBERS.

SUBSCRIBERS to the *Calcutta* and *Bengali Gazettes* and *Indian Law Reports* are hereby informed that unless the amount of their subscription for 1905 is received before the 15th December 1904, their supply will be discontinued from 1st January 1905.

All remittances should be made direct to the Treasurer, Bengal Secretariat, Calcutta, either in cash or by money-order No postage stamps or stamps of any other kind will be received in payment of subscriptions.

To avoid delay and misdelivery of packets the full and correct address of the subscriber should be legibly written in the letter of advice, or on the money-order coupon when the remittance is made by money-order, and the date from which the subscription is to commence should be stated.

G. RAINY,
Under-Secy. to the Govt. of Bengal.
The 16th November 1904.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PRICES.

THE terms of subscription, and the terms on which current issues and back numbers are sold, are as follows:—

	Without postage.			With Indian postage.			With Foreign postage.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.

WEDNESDAY, DECEMBER 14, 1904.

NOTICES TO MARINERS

The following Notices are published for general information.

D. B. Horn,
Secretary, Marine Department.

Calcutta, *the 6th December 1904*

AUSTRALIA—Curtis channel.

Breaksea Spit—Reported alteration in soundings on the north.

No. 417 (first publication).—The Portmaster, Brisbane, has given notice (No. 13 of 1904) that Captain Sharp, of the cable steamer *Iris*, reports considerable alterations in the soundings north from Breaksea Spit, having found much deeper water than shown on the chart, and that the 100-fathom line is further to the westward than shown.

Pending resurvey, Masters of vessels are cautioned not to rely on soundings to aid in determining their position when in that locality.

Chart affected, No 345; Australia Directory, Vol. 2.

INDIA, WEST—Malabar coast.

Calicut roadstead—Shoal patch reported.

No. 418 (first publication).—The Bombay Government has given notice (No. 117 of 1904) that a shoal patch is reported in the roadstead of Calicut in a position from which the Conolly Hill bears N.-E. and Calicut old light house bears N. 80° E.

(The bearings given are true.)

This Notice affects the following Admiralty Charts:—Sacrifice Rock to Beipur, No. 64, India, West Coast, Sheet IX; Mount Dilli to Calicut, No. 747; also West Coast of Hindustan Pilot, 1898, page 135.

EASTERN ARCHIPELAGO—Java, east coast.

Surabaya—Decreased depth on reef.

No. 419 (first publication).—With reference to Notice to Mariners, No. 331, dated 30th September 1904, issued by this office, the British Admiralty has given further notice (No. 1057 of 1904) that a recent examination of the reef marked by a white conical buoy, in Surabaya roadstead, situated at a distance of 2 miles S. 51° W. from Kamal Point, shows that the least depth over it is 14 feet, and not 3 fathoms as previously stated.

Approximate position, lat. 7° 11¾′ S., long. 112° 42′ E.

This Notice affects the following Admiralty Chart: —Surabaya strait, No. 934: also Eastern Archipelago, part II, 1893, page 143; and Supplement, 1899, page 16.

EASTERN ARCHIPELAGO—BORNEO, SOUTH COAST.

Cape Selatan—Shoals to the eastward.

No. 420 (first publication).—The British Admiralty has given notice (No. 1065 of 1904) of the existence of the following shoals to the eastward of Cape Selatan :—

(*a*) A shoal, with a depth of 3 fathoms over it, situated at a distance of 4½ miles S. 60° E. from a conspicuous tree on the centre of Cape Selatan.

(*b*) A shoal, with a depth of 4¼ fathoms over it, situated at a distance of 11¼ miles S. 89° E from the conspicuous tree.

To the westward, between Cape Selatan and Pulo Datu, the 5-fathom contour line extends for a distance of 4½ miles from the coast; to the southward and eastward it extends 1⅝ and 3¼ miles respectively from the conspicuous tree.

The above positions are as plotted on Chart No. 941*b*.

Approximate position on Chart No. 941*b* of conspicuous tree, lat. 4° 10′ S., long. 114° 40¼′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart :—Eastern Archipelago, No. 941b : also, Eastern Archipelago, vol II, 1893, page 298 ; and Supplement, 1899, page 32.

AUSTRALIA—SPENCER GULF.

Approaches to Port Augusta considered dangerous.

No 406 (second publication).—The President, Marine Board, Port Adelaide, has given notice (No. 14 of 1904) that a heap of Stone Ballast (discharged from the *Pass of Killiecrankie*) lies on the sand flat south of Yatala Harbour, with the beacon on Douglas Bank bearing S. W. and the South Hummock W.N.W.

The flat being dry at L.W.S., the ballast is well out of the navigable channel for ordinary vessels, but may be dangerous to small vessels going over the flats at H. W.

Approximate position, lat. 32° 47′ S., long. 137° 52′ 15″ E.

This affects Admiralty Charts 2389B and 401.

AUSTRALIA—INVESTIGATOR STRAITS.

Marion bay—A white (ship's mast-head) light to be exhibited.

No. 407 (second publication).—The President, Marine Board, Port Adelaide, has given notice (No. 15 of 1904) that at such times as a vessel is expected at Marion Bay a white (ship's mast-head) light will be exhibited from the jetty end, and will be visible about two (2) miles.

This affects Admiralty Chart No. 2389B.

BAY OF BENGAL—BURMA COAST.

Gulf of Martaban—The floating light-vessel Martaban to relieve light-vessel at the Baragua fla's.

No. 408 (second publication).—The Principal Port Officer, Burma, has given notice dated 10th November 1904, that the floating light-vessel "Martaban" will temporarily relieve the present floating light-vessel at the Baragua Flats about the 5th December 1904.

The light to be exhibited about that date will be the same as at present.

INDIA, WEST—BOMBAY COAST.

Rajpuri—Buoy replaced.

No. 409 (second publication).—The Bombay Government has given notice (No. 115 of 1904) that the Red buoy on the north side of the Whale Reef of Rajpuri Point at the entrance of the Janjira harbour, that had been removed for the South-West monsoon, was replaced on the 17th of October 1904.

CHINA—YANG TSE KIANG.

Kiu Toan light-vessel—Light altered.

No. 410 (second publication).—The British Admiralty has given notice (No. 1003 of 1904) that at about the beginning of October the Kiu Toan light-vessel, exhibiting a white flashing light, would be replaced by a light-vessel exhibiting a *white group occulting* dioptric light of the 4th order, showing groups of two occultations *every twenty seconds*, thus :—light,

twelve seconds; eclipse, *two seconds*; light, *four seconds*; eclipse, *two seconds*; it would be elevated 30 feet above the sea, and visible in clear weather from a distance of 10 miles; the vessel is painted red, marked "Kiutoan" on the sides, and has one mast from which the light is exhibited

During thick or foggy weather a bell will be struck *twice* every *twenty seconds*, thus:—*stroke; silent interval, five seconds; stroke; silent interval, fifteen seconds.*

If the light-vessel is out of position, a red flag will be hoisted by day, and at night a *red fixed* light at each end of the vessel will be exhibited in place of the occulting light.

Approximate position, lat. 31° 13½′ N., long. 121° 48′ E.

This Notice affects the following Admiralty Charts:—Kueshan islands to Yang tse Kiang, No. 1199; approaches to the Yang tse Kiang, No. 1602; Also, List of Lights, part VI, 1904, No. 745; and China Sea Directory, vol. III, 1904, page 407.

NEW ZEALAND—AUCKLAND.

Time signal established.

No. 411 (*second publication*).—With reference to Notice to Mariners No 232, dated 27th June 1903, issued by this office, the British Admiralty has given further notice (No. 1011 of 1904) that the time ball formerly dropped from the yard arm of the Port Office flagstaff at Auckland has been discontinued.

Approximate position, lat 36° 50¾′ S., long. 174° 46′ E.

This Notice affects the following Admiralty Chart:—Auckland harbour, No. 1920; Also, New Zealand Pilot, 1901, page 55; Supplement, 1903, pages 4, 5; and List of Time Signals, 1904, page 32.

AUSTRALIA—NEW SOUTH WALES.

Newcastle harbour—Decreased depth in entrance.

No. 412 (*second publication*).—The British Admiralty has given notice (No. 1014 of 1904) that a bar has formed across the entrance fairway to Newcastle harbour over which there is a depth, now, of 18½ feet at low water, each foot of rise or fall above this depth will be indicated from the Pilot Station.

The dredger *Jupiter* will be employed dredging this bar, and Mariners are requested to exercise great caution in passing her.

Approximate position, lat. 32° 55′ S., long. 151° 48′ E.

This Notice affects the following Admiralty Chart:—Newcastle harbour, No 2119: Also, Australia Directory, vol. II, 1898, page 80.

PACIFIC OCEAN, SOUTH—SOCIETY ISLANDS—TAHITI.

Papieté harbour—Buoy and beacon withdrawn.

No. 413 (*second publication*).—The British Admiralty has given notice (No. 1019 of 1904) that the red buoy on the western side of the entrance into Papieté harbour, formerly situated about 5¾ cables S. 83° W. from Moto-uta island battery, has been withdrawn.

Also, that the black beacon, formerly situated on the southern end of the reef 3 cables S. 55° W. from Moto-uta battery, has been removed.

Approximate position, Moto-uta battery, lat. 17° 31½′ S., long. 149° 34′ W.

(*Variation 9° Easterly in 1904.*)

This Notice affects the following Admiralty Charts:—Papieté pass to Papenu pass, No. 1158: Also, Pacific Islands, vol. III, 1900, page 59; and Supplement, 1903, page 5.

JAPAN—YEZO, NORTH COAST.

Soya wan—Rocks.

No. 414 (*second publication*).—The British Admiralty has given notice (No. 1020 of 1904) of the existence of the undermentioned rocks in Soya wan:—

(1) A rock, with a depth of 1¾ fathoms over it, situated with Koitoi zaki (the point in the middle of the bay) bearing S. 12° W., distant 3¼ miles, and Wakkanai (cape Nosshar) light S. 73° W.

Approximate position, lat. 45° 28′ N, long. 141° 45′ E.

There is a rock, with a depth of 3 feet over it, 60 yards north-eastward of the above, and there are depths around it of from 1¾ to 2 fathoms.

(2) A rock, with a depth of 2½ fathoms over it, situated with Koitoi zaki bearing S. 1° E., distant one mile, and Wakkanai (cape Nosshar) light N. 75° W.

(Variation 6° Westerly in 1904.)

This Notice affects the following Admiralty Charts :—Kuril islands, No. 2405; gulf of Tartary, No. 3441; Yezo island, No. 452; Also, China Sea Directory, vol. IV, 1904, page 722.

JAPAN—South coast.

Tanega sima, south-east point—Shoals.

No. 415 (second publication).—The British Admiralty has given notice (No. 1021 of 1904), of the existence of the undermentioned shoals off the south-east point of Tanega sima:—

(1) A shoal, marked by ripples, named Yokoze, with a depth of 3 fathoms over it.

Approximate position, lat. 30° 19′ 30″ N., long. 130° 59′ 40″ E.

(2) A shoal, marked by ripples, named Orize, with a depth of one fathom over it. This shoal breaks in any other than calm weather.

Approximate position, lat. 30° 18′ 30″ N., long. 130° 59′ 20″ E.

There are depths of from 25 to 33 fathoms between these shoals.

(3) A shoal, named Gonzaburoze, with a depth of 2½ fathoms over it.

Approximate position, lat. 30° 16′ 40″ N., long. 130° 58′ 15″ E.

This shoal is about 7 cables in extent with general depths of 5 and 6 fathoms over it, and 10 fathoms around; it is usually marked by ripples, but breaks with any swell.

(4) A shoal, with a depth of 2½ fathoms over it.

Approximate position, lat. 30° 15′ 15″ N., long. 130° 57′ 30″ E.

There is another shoal head of 2¾ fathoms three-quarters of a mile to the southward of the 2½ fathoms. These two heads form part of a shoal named Nabewari sho, which is about one mile long in a north and south direction, and 4 cables wide; there are depths of from 12 to 18 fathoms around it, but shoal water, with varying depths, extends further to the southward; vessels should therefore give this shoal a berth of 10 miles in passing. There are ripples over this shoal in fine weather, but in bad weather the sea breaks over the shoaler heads.

The Native fishermen state that there are no other than the above dangers in this vicinity, it is considered therefore that the dangers marked on the Chart P.D. shown at distances of 3½ and 5 miles respectively, south-eastward from South East rock, Tanega sima, do not exist, they have consequently been expunged from the Charts.

This Notice affects the following Admiralty Charts :—Japan, No. 2347; Amoy to Nagasaki, No. 2412; Also, China Sea Directory, vol. IV, 1904, page 296.

CHINA SEA—Gulf of Siam.

Bangkok river entrance—Temporary light-vessel—Proposed beacons—Pilot vessel.

No. 416 (second publication).—The British Admiralty has given notice (No. 1040 of 1904), that a light-vessel, painted grey, having one mast with a black ball, and exhibiting two lights placed vertically, 6 feet apart, *red* over *white*, has been established at the entrance to the Bangkok river, at a distance of 10¾ cables S. 69° E. from the Bar light (*white occulting*).

The lights are of low power.

Also, that it is proposed to erect two beacons at distances of $2\frac{6}{10}$ miles N. 37° E., and 1¼ miles S. 31° E. respectively, from the Bar light. When these beacons are established, which will probably be in November, the light-vessel will be withdrawn.

The Pilot Vessel is now situated at a distance of $2\frac{1}{10}$ miles S. 28° E. from the Bar light.

Approximate position of Bar light, lat. 13° 28¾′ N., long. 100° 34′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts :—Koh Ta Kut to cape Liant, No. 2720, Menam Chau Fia, No. 999; Also, List of Lights, part VI, 1904, page 113; China Sea Directory, vol. II, 1899, page 368; and Supplement, 1901, page 14.

BAY OF BENGAL—Burma coast.

Caution—A boiler drifting south-easterly.

No. 399 (third publication).—The Master of the *Rasmara* reports that while towing a cargo boat with large iron boiler from Rangoon to Akyab, the boat sank in lat. 17° 53' N. long. 93° 42' E the boiler floated and drifted in a south-easterly direction. Mariners are hereby warned

BAY OF BENGAL—Chittagong coast.

Karnafuli river—Depth of water in the channels.

No. 400 (third publication)—The Port Officer, Chittagong, has given notice that the following depth of water was found in the channels by soundings taken on the 21st November and reduced to zero:—

				Ft.	in.
Track No. 1—Outer bar—					
Disc on diamond	...	...	...	13	0
Track No. 2—Inner bar—					
Disc on diamond	...	...	...	11	0
Batten beacon on pillar	...	...	...	12	0
Track No. 3—					
Triangle on cross and ball	...	...	...	16	6
Track No. 4—Gu[illegible]tukhally crossing—					
Tripod on diamond	...	...	...	20	0

EASTERN ARCHIPELAGO—Malacca strait.

Penang harbour—Light beacons marking cables.

No. 401 (third publication).—With reference to Notice to Mariners No. 282, dated the 13th September 1904, issued by this office, the British Admiralty has given further notice (No. 987 of 1904) that the undermentioned beacons will be established to mark the telegraph and telephone cables in Penang harbour:—

A high white beacon will be placed against, and show over the Harbour limit mark.

An iron pile beacon, painted white, will be erected in a depth of 5 feet at a distance of about 3 cables S. 88° W., from the above.

A *white fixed* light, visible in clear weather from a distance of 5 miles, will be exhibited from each beacon. These beacons, or lights, in line N. 88° E. mark the direction of the telephone cables, and also the prohibited anchorage ground.

Approximate position, Harbour limit mark, lat. 5° 25′ N., long. 100° 22¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Penang Harbour; No 1366: Also, List of Lights, part VI, 1904, page 67; China Sea Directory, vol. I, 1896, page 149; and Supplement, 1899, page 14.

PACIFIC OCEAN, SOUTH—Tuamoto or Low archipelago.

Manihi lagoon—Shoal in entrance.

No. 402 (third publication).—The British Admiralty has given notice (No. 993 of 1904) that a coral reef, about half a cable in extent, with a depth over it of less than 1½ fathoms, exists in the entrance to Manihi lagoon, thus rendering the passage unsafe.

Approximate position, lat. 14° 28′ S., long. 146° 2′ W.

This Notice affects the following Admiralty Chart:—Plan of Manihi on Chart No. 1176: Also, Pacific Islands, vol. III, 1900, page 240.

EASTERN ARCHIPELAGO—Borneo south-east cost—Mahakan river.

Muara Jawa—Buoy replaced by light-buoy.

No. 403 (third publication).—With reference to Notice to Mariners No. 394, dated 18th November 1904, issued by this office, the British Admiralty has given further notice (No. 997 of 1904) that on 12th September 1904, the white conical buoy in the entrance channel of Muara Jawa was replaced by a white light buoy showing a *white occulting* light

every twenty seconds, thus :—light, *ten seconds; eclipse, ten seconds*; and visible in clear weather from a distance of 6 miles; it is moored at a distance of 2¾ miles S. 25° W. from tanjong Timbangongot.

Approximate position on Chart No. 2662, lat. 0° 56½′ S., long. 117° 13½′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart :—Plan of river Mahakan on No. 2662: Also, Eastern Archipelago, part II, 1893, page 316; and Supplement, 1899, page 39.

AFRICA, SOUTH—CAPE COLONY—St. John.

Cape Hermes light—Date of establishment.

No. 404 (third publication).—With reference to Notice to Mariners No. 308, dated 9th September 1904, issued by this office, the British Admiralty has given further notice (No. 1001 of 1904) that on 15th October 1904, a *white flashing* light *every three seconds*, the duration of each flash being a quarter of a second, would be established in an octagonal tower of dark grey masonry, 44 feet high, with a white lantern, on cape Hermes, St. John or Umzimvubu river.

Cape Hermes light is elevated 180 feet above high water, and is visible in clear weather from a distance of 20 miles from the bearing of N. 67° E., through north and west, to S. 78° W., but obscured by the land in other directions, except in the river entrance where it will be visible to S. 3° W. It has been placed on the Chart at a distance of half a cable N. 48° W. from the extremity of the cape. The light power is 30,000 candles.

Approximate position, lat. 31° 38′ S., long. 29° 33½′ E

(Variation 26° Westerly in 1904.)

This Notice affects the following Admiralty Charts :—Indian ocean, No. 748a; Hondeklip bay to port Natal, No. 2095; Bashee river to Umtamvuna river, No. 2087; St. John or Umzimvubu river, No. 2566: Also, List of Lights, part VI, 1904, No. 24a., Africa Pilot, part III, 1897, page 165; and Supplement, 1900, page 10.

CHINA, EAST COAST.

Haitan strait, northern entrance—Danger reported.

No. 405 (third publication).—The British Admiralty has given notice (No. 1002 of 1904) that the Captain of the S.S. *Kwong-sang* reports that on 16th July his vessel, drawing 17 feet, touched, one hour before low water, on a shoal in the northern entrance to Haitan strait, in a position with the leading beacons on Slut island in line N. 9° W., and Dori island summit N. 55° E., distant nearly 2 miles.

This shoal has been placed on the Chart as having a depth of 2¼ fathoms over it, as the rocks close to it, which dry 8 feet, were showing about 5 feet at the time of the occurrence.

Approximate position, lat. 25° 39¼′ N., long. 119° 37′ E.

(Variation 1° Westerly in 1904.)

This Notice affects the following Admiralty Chart :—Haitan strait, No. 1985: Also, China Sea Directory, vol. III, 1904, page 200.

RESOLUTION REVIEWING THE DIVISIONAL REPORTS ON THE WORKING OF THE DISTRICT BOARDS IN BENGAL DURING THE YEAR 1903-1904.

MUNICIPAL DEPARTMENT—LOCAL SELF-GOVERNMENT.

Calcutta, the 8th December 1904.

RESOLUTION—No. 3611L.S.-G.

READ—

The Reports from the Commissioners of Divisions on the working of the District Boards in Bengal during the year 1903-04.

Read also—

The Resolution reviewing the Divisional Reports on the working of the District Boards in Bengal during the year 1902-03.

The provisions of the Bengal Local Self-Government Act III of 1885 were extended originally to 16 districts, and six months later to 22 districts, so that on the 1st March 1887 the Act was in force in 38 districts. In 1900-01 the Act was extended to all the districts of the Chota Nagpur Division except Singhbhum, and the total number of District Boards in the Province is now 42. The fact that the Local Self-Government Act is now under amendment gives a convenient opportunity for a review of some of the branches of the Boards' Administration since their commencement, and for a comparison of the results achieved in the last completed year of working with

hose of earlier years. It may be explained here that when the comparison is made with any year prior to 1900-01 the figures taken for both the years compared are those of 38 District Boards only.

2. The area controlled by the District Boards in 1889-90 was 109,391 square miles, with a population of 57,185,307. Forty-two District Boards now control an area of 133,110 square miles, with a population of 65,181,003. The number of Local Boards remained unchanged during the year 1903-04. The Sadar Local Board at Chapra in the district of Saran was abolished, but a new Local Board was established at Gobindpur in the district of Manbhum. Two Union Committees were established at Aurangabad and Choa in the district of Murshidabad, and one was abolished at Binkar in the same district, the net result being an increase of one.

3. *Constitution of District Boards.*—The total membership of the Boards and the proportion of elected to nominated members is practically unchanged since the Boards were first constituted. It is satisfactory to observe that the total number of meetings held has risen from 448 in 1889-90 to 593 in 1903-04 and the average attendance from 8·98 to 11·4. The number of meetings which proved abortive or were adjourned for want of a quorum was 51 against 114 in 1892-93, the earliest year for which the figures are available.

The variations in the figures for the past year when compared with those of the year 1902-03 are trifling, but there was a slight improvement in the attendance of non-official members. In respect of the number of meetings, the District Board of Puri shows the highest, 29; then follow Monghyr and Bhagalpur with 21 meetings each and Faridpur with 20, while 19 meetings were held by the District Boards of Murshidabad, Bogra and Purnea. On the other hand in Hooghly the Board held only 11 meetings and in Nadia only 10, while the District Boards of Manbhum and Hazaribagh met only 8 and 7 times. In all cases the same explanation is given that the amount of business was not sufficient to justify more meetings. The number of meetings which had to be adjourned or proved abortive for want of a quorum was 54 against 49; of these, six were in Jalpaiguri, the reason given being a want of interest among the mufassal members. The average attendance at each meeting was highest in Murshidabad (20·1) and lowest in Jalpaiguri (5·6).

4. *Constitution of Local Boards.*—Originally Local Boards were established in all districts where there were subdivisions, except Champaran, Dinajpur, Jalpaiguri, Chittagong, Noakhali and the districts of the Chota Nagpur Division. The total number of Local Boards thus established was 106. Subsequently Local Boards were created in Dinajpur, Jalpaiguri, Noakhali and Manbhum; but, owing to the abolition of the Local Boards in the Sadar subdivisions of Gaya, Darbhanga, Muzaffarpur and Saran, and of those in the Barrackpore, Dum-Dum and Lalbagh subdivisions, the number now stands at 104. Since the end of the year the Barrackpore Local Board has been re-established.

The total membership of 106 Local Boards was 1,203 in 1889-90, and of 104 Local Boards 1,248 in 1903-04. The number of elected members has fallen from 435 to 353, while the number of those nominated has risen from 713 to 842. This reduction in the number of elected members is partly due to the abolition of the Barrackpore and Dum-Dum subdivisions, but the principal cause is the failure of elections in many districts. Since 1890-91, when the high water mark was touched, there has been a steady increase in the number of elections that have failed, and the interest in them seems to be declining.

The total number of meetings held increased from 788 in 1889-90 to 1,257 in 1903-04, while the percentage of meetings which proved abortive or were adjourned for want of a quorum to the total number decreased from 18·8 in 1892-93 to 13·3 in 1903-04. There has therefore been substantial improvement in this respect. On the other hand, the average attendance at meetings is no better, the figure for 1903-04 being 5·8 against 5·7 in 1889-90.

The largest number of meetings (24) was held by the Sadar Local Board of Faridpur. Only three meetings were held by the newly-established Local Board at Gobindpur in Manbhum. It is said that the colliery managers who compose the majority of the Board plead the distance of their collieries from Gobindpur

as the cause of their non-attendance, and that on more than one occasion it was necessary to make Dhanbaid the place of meeting in order to secure a "quorum." In the Sadar Local Board of Rajshahi 9 meetings out of 15 proved abortive for want of a quorum, 8 out of 11 in the Nator Local Board and 8 out of 21 in the Sadar Local Board of Jessore. The average attendance at a meeting was highest in the case of the Sadar Local Board of Midnapore (10·8) and lowest in the case of the Meherpur Local Board in Nadia (2·06).

5. *Elections.*—The election of members of the Sadar Local Board in the Garhbota thana, in the district of Midnapore, fell due during the year, but the electors failed to send up nominations in time and the vacancies were filled up by appointments by Government. General elections were held in Mymensingh, Backergunge, and Patna. In Mymensingh the elections were contested in six and failed in three out of nineteen thanas, while in Backergunge all the ten thana elections were successful. In Patna the election of members of the Bihar Local Board was marked by serious irregularities, and second elections had to be held in three thanas.

6. *Powers of Local Boards.*—The only power which has been delegated to all Local Boards is the care and maintenance of village roads. The great majority of Local Boards have been entrusted with the charge of pounds and a considerable majority have charge of ferries. Powers of varying extent with regard to primary education have been made over in a large number of cases, and in a few instances delegation has been made of the control of dispensaries, sanitation and the maintenance of district roads. The connection of the Local Boards with secondary education has been entirely severed. During the year certain changes were made in the powers exercised by Local Boards, but they are not of great importance.

7. *Union Committees.*—Of the 58 Union Committees in Bengal, none is of older date than 1895. In area they vary from 1 25 to 50 square miles, and in population from 4,004 to 35,555. They have all been entrusted with the maintenance of village roads, and some of them have been given powers in respect of pounds and sanitation and the inspection of primary schools. The total number of members is 468. During the year there was an increase of ten in the number of meetings held.

The total income of these bodies was Rs. 22,067 against Rs. 22,812, but this reduction was entirely due to a diminution of the opening balance as compared with 1902 03, and there was an actual increase of Rs. 277 in the current income. The total expenditure was Rs. 18,361 against Rs. 17,877 in 1902-03, being an increase of Rs. 484, and the closing balance was reduced from Rs. 4,935 to Rs. 3,602. Nineteen Union Committees, including all those in Murshidabad district, expended the whole amount placed at their disposal, and eighteen expended nearly the whole amount. No work was done and no expenditure incurred by the Union Committee at Binodpur in Jessore, which has since been abolished, or by any of the Union Committees in the Orissa Division, which for two years have been in a state of quiescence and can hardly be said to exist. The Khulna Unions are again favourably reported on, and some improvement has been observed in the Burdwan Division. Generally considered, the results are rather better than those of the previous year; but it cannot be said that there has been any marked increase in efficiency. During the whole period of their history only three Unions have exercised their powers under section 118 of the Local Self-Government Act, and the total sum raised was only Rs. 339, of which Rs. 220 was raised by the Union Committee at Balagore in the district of Hooghly. The supervision exercised by Local Boards is reported to be generally ineffective, and in the Local Self-Government Bill now before the Bengal Council provision has been made for placing the Union Committees directly under the control of the District Boards.

8. *Financial results.*—The District Boards commenced the year with an opening balance of Rs. 23,20,470. Their income amounted to Rs. 84,02,888, the expenditure to Rs. 83,23,188, and the year closed with a credit balance of Rs. 24,00,170, of which Rs. 2,11,736 was due to deposits, and not at the disposal of the Board.

The following table compares the principal heads of income and expenditure (1) of 38 District Boards for 1903-04 and 1889-90, the first year in which

the Boards were in complete working order; and (2) of 42 District Boards for the years 1902-03 and 1903-04:—

Income.	38 District Boards		42 District Boards.

INCOME.

9. *Provincial rates (Rs. 44,78,981).*—Up to the year 1894-95 interest on arrears of road cess was included under this head, so that an exact comparison cannot be made for any earlier year. The total income of the Boards from this source has risen from Rs. 35,60,402 in 1894-95 to Rs. 42,82,518 in 1903-04, which gives an average annual increase of Rs. 80,235. The largest increase occurred in the Dacca Division, where it amounts to as much as 53 per cent., but this is mainly due to the raising of the rate at which the cess is levied in Backergunge from one pice to half-an-anna in the year 1895. On the other hand, there has been no increase at all in the Chittagong Division, and in the Districts of Chittagong and Noakhali there has been an actual decrease.

A detailed examination of the figures shows that the incidence of the cess per head of the population is highest in the Patna Division (1 anna 4 pies) and lowest in the Orissa Division (7 pies), the average for the Province (excluding the Chota Nagpur districts) being one anna. The average incidence of the rate per square mile is Rs. 38-15-4 for 38 districts, and varies from Rs. 54-10-1 in the Patna Division to Rs. 17-13-3 in Orissa. It is at once apparent that some

districts are much more heavily taxed than others. In Patna the tax rises as high as Rs. 102-1-5 per square mile, and 2 annas 4 pies per head of the population, while in Dacca it is only Rs. 29-13-11 per square mile and 6 pies per head. On the whole, if Backergunge and the Metropolitan Districts are left out of account, Bihar is much more heavily taxed than Bengal.

10. *Interest (Rs. 43,696).*—The difference in the figures of 1903-04 compared with those of 1889-90 is due to the fact that up till 1894-95 interest on arrears of road cess was shown under Provincial rates. The increase of Rs. 2,936 since 1902-03 is entirely due to the heavy arrear collections of road cess in the Chota Nagpur Division.

11. *Police (Rs. 4,93,423).*—Under section 52, clause (3) of the Local Self-Government Act, the receipts under the Cattle Trespass Act, 1871, form one of the assets of the District Fund, and, in order to secure that administrative control should accompany financial responsibility, the control of the pounds was conferred on the District Boards. Sir Steuart Bayley, in recording the first Resolution on the working of the Boards, stated that he could not doubt that with judicious management the Boards had in the pounds a very fertile source of revenue. This anticipation has unfortunately not been fulfilled. The estimated income of the pounds which was taken into account in the financial settlements with the Boards has increased by only 13 per cent. in 17 years. The inelasticity of this source of revenue is most disappointing and has seriously hampered the educational and medical work of the Boards. Such increase as has occurred has been, moreover, most unevenly distributed. An examination of the figures of the last 16 years shows that in half the districts the income has decreased, while in half it has increased. The district which has been most fortunate is Jalpaiguri, where the average income has been Rs. 15,423 against Rs. 6,145 at which it was estimated. The increase is also large in Dinajpur (Rs. 6,930), Bhagalpur (Rs. 5,857), Mymensingh (Rs. 5,790), Gaya (Rs. 3,560), and Malda (Rs. 3,295). On the other hand in Purnea the average income has only been Rs. 46,894 against the estimate of Rs. 50,559, and in Midnapore, Pabna, and Dacca the average receipts have been less than the estimate by Rs. 3,356, Rs. 3,594, and Rs. 3,331, respectively. It is by no means easy to explain either these variations or the extraordinary differences in the incidence of the pound revenue in the various districts.

One possible explanation is decisively negatived by the figures; for they show that mere multiplication of pounds does little to improve the income. While the number of pounds has risen from 3,121 in 1890-91 to 4,311 in 1903-04, an increase of 38 per cent., the income has only risen 12 per cent., and the average income per pound has fallen from Rs. 156-1-1 to Rs. 109-7-1. In Nadia, where there is one pound to 11·3 square miles, the income is Rs. 13-7-7 per square mile, but in Muzaffarpur, where there is one pound to 16·8 square miles, it is only Re. 1-14-9. In Purnea with 49·7 square miles to each pound the income per square mile is Rs. 10-2-5; in Saran with 48 square miles to each pound it is only Re. 1-15-1. In the Rajshahi Division with 21·7 square miles to each pound the income is Rs. 5-15-6 to the square mile, and in Chittagong with 19·9 square miles to each pound only Rs. 2-14-4.

Probably no single explanation can be given of these remarkable differences. The decline of the indigo industry has sometimes been suggested as a possible explanation of a falling pound revenue, but the figures do not support this. A more probable explanation is that in some districts the fines for cattle trespass are paid to the zamindar instead of to the District Board to a greater extent than in others. This is a question which should receive attention in all districts where the pound receipts are low or decreasing. It will probably be found that much can be done to improve the revenue by careful and judicious administration. That the revenue does not receive proper attention in some districts is shown by the large outstanding balances. In the district of Dacca the outstanding balance amounts to the large sum of Rs. 9,272 or more than the whole income of the year. Apparently the whole of this sum has been embezzled by the pound and ferry clerk. The balances are also unduly high in the districts of Midnapore (Rs. 4,215), Howrah (Rs. 2,070), Puri (Rs. 1,365), and Manbhum (Rs. 1,395). In all these cases the balance amounts to more than 25 per cent. of the year's income, and in Howrah

it is more than 80 per cent. The Commissioners of the Divisions concerned should give the matter their attention. With regard to Manbhum, it is reported that no determined efforts to realise pound rents appear to have been made of recent years, and thus many demands come nearly to be barred by limitation. A portion of the arrears will have to be written off, as the payments were apparently misappropriated by the late Accountant. This is a state of affairs which is far from creditable to the District Board.

12. *Education (Rs. 89,351).*—The income under this head has increased by Rs. 59,827 when compared with the estimate on which the original settlement was based and by Rs. 54,234 when compared with the year 1889-90. Since the latter year the income from school fees has more than doubled. The decrease of Rs. 7,485 since 1902-03 occurred only under the sub-head "Contributions," and is explained by the fact that last year a large Government grant for primary education in the district of Rangpur was shown as a contribution under Education, while this year it has been shown under its proper head "Contribution from Provincial to Local." All the other sub-heads show an increase.

13. *Medical (Rs. 65,312).*—The receipts show an increase of Rs. 64,917 as compared with the original settlement, and of Rs. 57,592 as compared with the receipts of 1889 90. The increase is largest under the head "Contribution," and is mainly attributable to larger subscriptions from the public. The rise of Rs. 13,859 since 1902-03, is attributable mainly to the recovery from the Gaya Municipality of Rs. 8,800 out of a contribution of Rs. 10,000 given by the District Board for plague preventive measures.

14. *Scientific and other Minor Departments (Rs. 20,584).*—The income under this head has increased by Rs. 17,681 as compared with 1889-90. Of this sum Rs. 7,872 is attributable to public exhibitions and fairs and Rs. 5,521 to veterinary receipts. Of the increase of Rs. 9,262 compared with 1902-03, Rs. 5,169 is due to the transfer of Government contributions for veterinary purposes from "Contribution from Provincial to Local" to "Contribution" under this head. There has also been a large increase in the receipts under "Public Exhibitions and Fairs" in the Dacca district, and a widespread increase under "Veterinary."

15. *Miscellaneous (Rs. 1,95,330).*—The receipts have risen by Rs. 52,221 since 1889 90, the increase occurring mainly under the sub-head "Miscellaneous, including fees, fines and forfeitures." Of the decrease of Rs. 18,455 since 1902-03, Rs. 10,069 occurred under the sub-head "Sale of old stores and materials." The large unexplained decrease of Rs. 10,520 in Shahabad is chiefly under this sub-head.

16. *Irrigation, Minor Works and Navigation (Rs. 20,131).*—There was an increase of Rs. 2,028 under this head as compared with 1902-03, which was entirely due to the improvement of the receipts from the Halifax Canal in Jessore caused by keen competition amongst the bidders.

17. *Civil Works (Rs. 14,22,441).*—The receipts under this head decreased by Rs. 4,71,889; but the fall occurred only under the sub-head "Contributions," under which are shown grants made by Government and private individuals for the construction of particular works. No special reason is assigned for the fluctuations. The only other sub-head of importance is that of "Tolls on Ferries." In the original settlements ferries were handed over, of which the annual income was estimated to be Rs. 2,96,076, to enable the Boards to meet the charges which had been devolved on them. It was anticipated, however, that the revenue from this source would be an expanding one, and that taken along with the increased income from pounds it would enable the District Boards to meet the normal increase of the Medical and Educational expenditure. In the case of ferries this anticipation has been largely fulfilled, and since the year 1889-90 the receipts have increased steadily. The extension of the Railway system of the Province frequently involves a loss of ferry income to the District Boards, but on the other hand the acquisition of private ferries has enabled many District Boards to increase their resources under this head. In 1903-04 the total receipts from this source amounted to Rs. 5,04,412 against Rs. 2,84,164 in 1889-90. Some districts have been more fortunate than others, but while the income has fallen off in only seven districts it has risen in thirty-one. The only districts in which

the average income over a period of years has been continuously less than the settlement figure are Burdwan, Howrah, Patna, Shahabad, Saran, and Puri, while the increase has been very marked in the districts of the 24-Parganas, Khulna, Jalpaiguri, Rangpur, Mymensingh, Chittagong, Champaran, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur, and Cuttack. The variations in the figures of the last two years call for no special remarks.

18. *Contributions (Rs. 10,53,195).*—Column 70 "Contribution from Provincial" is intended to show only the fixed assignment given to District Boards to equalize the income and expenditure made over to them, and the contributions for roads and communications in Government estates. The latter, which amounted to Rs. 56,298, were at first intended to be settled once for all, and were included in the fixed assignments, but under orders issued in 1900 they now vary from year to year according to the actual collections. The original assignments made to 38 District Boards amounted to Rs. 3,99,293, and since then annual grants amounting to more than five lakhs have been made from time to time to the Boards, chiefly for the improvement of primary education and the employment of additional Sub-Inspectors of Schools. The total assignments to these District Boards, excluding the grants for improvement of communications in Government estates, now amount to Rs. 8,84,055. The increase of Rs. 4,67,172 as compared with 1902-03 is due to the fact that the large grants for the improvement of education given in the year 1902-03 could not be drawn during the year or were only drawn for a part of the year.

19. *Deposits and Advances (Rs. 4,44,640).*—The receipts under this head fell from Rs. 14,31,742 in 1902-03 to Rs. 4,44,640. The decrease indicates no real decline, but is due to the fact that Government grants for expenditure on Imperial and Provincial Public Works which are carried out by the District Boards, as the agents of Government, no longer appear under this head, but are excluded entirely from the District Fund accounts. A separate account of such grants is now submitted to the Examiner of Public Works Accounts.

EXPENDITURE.

20. *Administration (Rs. 3,11,896).*—The expenditure under this head has increased from Rs. 2,58,533 in 1889-90 to Rs. 2,99,177 in 1903-04. The charges on account of office establishment have risen by Rs. 20,030 and those for office contingencies by Rs. 45,001. The percentage of expenditure under these two sub-heads to the total expenditure was 3·1 in 1889-90 and 3·3 per cent. in 1903-04. Under "Payment of establishment of Offices of Account, Control and Audit" there has been a decrease of Rs. 24,396, which is due to a change in classification. Sums paid on account of the cost of establishment of offices of account or control were transferred in 1897-98 to "Contribution to Provincial," audit fees only being now shown under "Administration." The increase of Rs. 10,439 since 1902-03 calls for no special remark.

21. *Police (Rs. 28,416).*—The expenditure under this head has increased by Rs. 5,212 when compared with the estimated expenditure at the time of the settlement. The increase of Rs. 4,264 as compared with 1902-03 is due partly to the appointment of two travelling inspectors of pounds and ferries in Midnapore and a pound inspector in Howrah, and partly to a larger outlay on the construction of pounds.

22. *Marine (Rs. 8,216).*—The expenditure under this head represents subsidies to private steamer services, and is incurred only by four District Boards, namely, Pabna, Noakhali, Tippera and Malda. There was a decrease of Rs. 1,622 which was chiefly due to the discontinuance of the subsidy to the Noakhali-Barisal steamer service on the opening of the railway from Noakhali to Laksam.

23. *Education (Rs. 18,19,584).*—The estimate of the educational expenditure on which the settlements with the Boards were based amounted to Rs. 10,10,665. The actual expenditure of these Boards was Rs. 10,04,140 in 1889-90 and Rs. 16,95,258 in 1903-04, so that the expenditure has increased by Rs. 6,84,593 when compared with the settlement figures and by Rs. 6,91,118 when compared with the actuals of 1889-90.

The details of the figures are interesting. Under "Inspection" there is an increase of Rs. 1,48,121, under "Maintenance and Management" a decrease of Rs. 1,26,986, and under "Grants-in-aid" an increase of Rs. 6,23,818, while

"Scholarships" have increased from Rs. 704 in 1889 90 to Rs. 32,296. The number of schools maintained by District Boards and the number of pupils attending them have not varied appreciably, but it is otherwise in the case of aided schools. Compared with the figures of 1890-91, the number of high schools has increased from 5 to 13 and the number of pupils attending them from 266 to 1,931. On the other hand, the number of middle schools has fallen from 1,011 to 928, while the number of pupils has risen from 57,999 to 60,919. Upper primary schools are now 3,967 against 2,789 and the pupils 1,75,336 against 97,297, while lower primary schools are 34,835 against 32,801, and the number of pupils 8,93,014 against 7,05,908.

These figures show that the Boards have been able to reduce their expenditure on the maintained schools without reducing their number, thus setting free large sums for expenditure on aided schools. In the case of the latter the increase of expenditure has been very great. Much of it is, however, due to the special grants given by Government for the first time in 1902-03 for the improvement of primary education There has been a distinct increase in high schools, middle schools have been stationary, a great improvement has been made in the case of upper primary schools, while lower primary schools have not advanced so much as might have been expected. The progress in female education is particularly gratifying. The number of girls attending upper primary schools has risen from 847 to 5,767, and of those attending lower primary schools from 20,558 to 84,923. Mere numbers are of course an insufficient index of progess, but the increase of expenditure on "Inspection" points to a real gain in efficiency.

24. The expenditure on "Education" has increased from Rs. 17,47,945 in 1902-03 to Rs. 18,19,584 in 1903-04. The largest increase is under "Inspection" amounting to Rs 55,694, and is caused by the fact that additional Sub-Inspectors of Schools employed for only a part of the year 1902-03 were entertained for the whole of the year 1903-04. Educational expenditure increased in 23 districts and decreased in 19. The largest increase amounting to Rs. 45,507, which occurred in Midnapore, is attributed mainly to the fact that the rewards for 1902-03 could not be paid before the end of the year. The variations elsewhere are not important.

The number of Sub-Inspectors employed by District Boards increased by 9, and the number of inspecting pandits decreased by one. The number of aided high schools fell from 16 to 13, the decrease occurring in the districts of Tippera and Saran. The number of aided upper primary schools rose from 3,909 to 4,101, and the number of pupils from 166,191 to 181,347; while in the case of lower primary schools there was a rise of 2,263 in the number of schools and of 77,611 in the number of pupils. The number of girls attending upper primary schools increased by 1,576, and of those attending lower primary schools by 25,173. The year appears to have been marked by distinct progress in primary education throughout the Province, and the new system of granting a quarterly subsistence allowance to *pathsala gurus* with an additional allowance at the end of the year, if certain tests are satisfied, is reported to have produced good results. The Commissioner of Burdwan remarks that the liberal grant made by Government for the advance of primary education has evidently infused a spirit of improvement in those schools. The Commissioner of Bhagalpur draws attention to the noticeable advance in female education in Purnea where the number of girls' schools rose from 10 to 50, although there was not a school in the district three years before. Fortunately this is not an isolated instance, for improvement in female education is reported from many districts.

25. *Special Schools.*—In the encouragement of technical and industrial education the lead was taken by the District Board of Rangpur, where a technical school was founded in January 1888. The school has been a successful one, and still holds the foremost place in respect of the number of its pupils. The example of Rangpur was followed in succession by the District Boards of Backergunge (1890-91), Midnapore and Purnea (1891-92), Pabna (1892-93), and Burdwan and Mymensingh (1893-94). A sericultural school at Rampur Boalia (founded in 1897) and an artizan school at Comilla (founded in 1890) may also be ranked in the same class. All these schools, with the exception of the Barisal Technical School, which was amalgamated in 1901-02 with the local zilla school and is managed by a Joint Committee, are maintained and

managed by the District Boards. A school of carpentry opened at Sonarpur in the 24-Parganas (1893), a technical school established at Noakhali (1893-94), and an industrial school at Bankura proved failures and had to be abandoned. At present seven industrial schools with 303 pupils are maintained by District Boards.

Several District Boards provide scholarships or contribute for the training of students in the Sibpur Engineering College or the Bihar School of Engineering. Other District Boards have granted scholarships to students in the sericultural school at Boalia. In Midnapore a seri-agricultural school has been established at Sabang by the leading men of the locality, in order to revive the moribund silk industry, and a monthly grant-in-aid of Rs. 30 has been made by the District Board. The Nadia District Board propose to undertake a pottery school, or to inaugurate an industry with the help of the student who was sent at their expense to the Bombay School of Art. The District Board of Bhagalpur has two stipendiaries on Rs. 10 each a month learning brazier's work at the Jaipur School of Arts. In the Chota Nagpur Division there are seven aided industrial schools with 173 pupils, in which carpentry and blacksmith's work are taught.

26. *Industrial development.*—In 1901 the attention of the District Boards was drawn to the fly-shuttle loom and the advantages to the weaving industry to be derived from its use. The Boards were asked to take measures to make known the improvement in the districts and instruct the local weavers in its use. Efforts have actually been made in this direction by 25 District Boards. In most cases two weavers and a carpenter were sent to be trained at Serampore and, after receiving a course of instruction, returned to their district, where they were employed to train the local weavers. In Chittagong the experiment has been successful and the improved loom is appreciated by the people and is coming into use. In Manbhum also some ground has been gained. The progress hitherto made has not been great, for the fly-shuttle is still a novelty in most places (in a few districts looms of this pattern were in use before), and the natural conservatism of the industry is loth to accept reforms which are contrary to tradition. In many cases also poverty prevents the adoption of the improved loom, for the weavers are poor and are unwilling or unable to incur the initial expense of purchase. This obstacle, however, seems likely to be removed From Darbhanga it is reported that the difficulty as to the high price of the improved fly-shuttle looms was overcome by adapting the fly-shuttle to the ordinary country looms. The outturn obtained from these modified looms is said to have been almost equal to that of the framed fly-shuttle looms, *i.e.*, nearly three times that of the ordinary looms in vogue in the district, while their cost scarcely exceeded that of the country looms. If this is so, a real advance has been made and much more rapid progress may be expected. The Commissioner of the Division will be asked to submit a full report to Government on this improvement, so that the results may be communicated to other District Boards.

27. *Medical (Rs. 4,09,277).*—The estimated expenditure on medical objects taken into account in the original settlement with District Boards was only Rs. 2,244, this sum representing the outlay to be incurred on eight dispensaries transferred to seven District Boards. It was expected however, that the pound and ferry revenue made over to the Boards would prove sufficiently elastic to enable them to provide for the medical needs of the districts. The actual expenditure on strictly medical objects, *i.e.*, on "General Medical Establishment" and "Hospitals and Dispensaries" amounted in 1889-90 to Rs. 32,073, while in 1903-04 it had risen to Rs. 3,16,075. The number of dispensaries maintained is now 189 and the cost of maintenance Rs. 1,77,070, and in addition 213 dispensaries received contributions amounting to Rs. 1,44,210.

The expenditure on the same objects has risen by Rs. 4,857 since 1902-03. A decrease of Rs. 12,366 in Backergunge is accounted for by the non-presentation of claims by the Accountant-General, Bengal, for the value of medicines supplied from the Government Medical Store Depôt. The expenditure in the 24-Parganas nearly doubled owing to the establishment of two new dispensaries and the appointment of a Lady Doctor at Basirhat. The heavy increase in Noakhali is attributed to the adjustment of a large amount on

account of European medicines. The total number of dispensaries maintained rose from 180 to 194, and of those aided from 222 to 227. The District Board of Backergunge, besides maintaining 35 and aiding 7 dispensaries, provided 19 panchayats with medicine-chests.

28. *Sanitation (Rs. 32,380).*—The expenditure under this head shows an increase of Rs. 16,143 compared with 1902-03, which is mainly due to the inclusion of payments amounting to Rs. 12,600 made by the District Boards of Rajshahi and Pabna for the preparation of a drainage scheme. Twenty-two District Boards show no expenditure under this head, but the reports do not show whether this is due to a difference in the objects on which money is spent, or to a want of uniformity in classifying expenditure.

The Sadar and Dinapore Local Boards in the district of Patna continued the work of cleansing insanitary villages. In the former 95 villages and in the latter 10 were cleansed at a cost of Rs. 676 and Rs. 196, respectively. It is reported that further progress has been made in the direction of village sanitation in these subdivisions by the employment, in the larger villages, of sweepers who are placed under a respectable resident. Something has been done in other districts to give a trial to the Patna system by selected Local Boards, but sufficient experience has not yet been obtained to render it possible to decide how far the experiment has been successful. Meanwhile, Commissioners of Divisions have been asked to consider whether legislation on the lines of the Central Provinces Village Sanitation Act might not be useful in Bengal, specially in large villages in the vicinity of railway stations.

29. *Veterinary Charges (Rs. 23,286).*—The Veterinary Department is a plant of very recent growth in the case of District Boards, no expenditure having been incurred on veterinary objects by any District Board prior to the year 1897-98, although something was done to encourage cattle and horse breeding. In that year five District Boards expended Rs. 1,912 against Rs. 17,006 spent by 22 District Boards in 1902-03 and Rs. 23,286 by 25 District Boards in 1903-04. Veterinary dispensaries are now maintained by 14 District Boards. Three District Boards grant subsidies to municipal veterinary dispensaries, and itinerant Veterinary Assistants are employed by 12 District Boards. The progress of the Department has been rapid, and there is reasonable ground for expecting that the work will continue to develop in the future, although the sums which the Boards have at their disposal for such purposes are necessarily limited. During the year outbreaks of rinderpest and cattle disease occurred in Hooghly, Midnapore, Khulna, Mymensingh, Backergunge and Cuttack, and the Veterinary Assistants were able to do something towards checking the spread of the disease. Scholarships in the Bengal Veterinary College, Belgachia, were given by the District Boards of the 24-Parganas, Gaya, Hooghly and Bhagalpur.

The District Board of Birbhum maintain a dairy at Suri, and have opened a branch at Rampore Hât. It is reported that a sum of Rs. 2,716 was spent on the dairy, and that the receipts from the sale of milk and butter amounted to Rs. 1,422. The objects of the institution are to improve the breed of cattle by selling calves, and to supply pure milk to the public. The experiment is an interesting one, and the example may not improbably be followed in other districts.

30. *Civil Works (Rs. 48,72,292).*—The total expenditure under this head was Rs. 46,34,062 in 1903-04 against Rs. 38,42,381 in 1889-90, the increase amounting to Rs. 7,91,681. This is mainly accounted for by a rise of Rs. 5,59,150 under the sub-head "Communications—Original Works," the expenditure on which has risen from Rs. 11,29,862 to Rs. 16,89,012, while under "Communications—Repairs" the expenditure is practically stationary, amounting to Rs. 19,19,161 in 1889-90 against Rs. 19,43,547 in 1903-04. The expenditure on "Establishment and Contingencies appertaining to Civil Works" has risen by Rs. 1,35,413 from Rs. 5,57,345 to Rs. 6,92,758, and the percentage of this to the total expenditure on "Civil Works" from 14·5 to 14·9.

The increase of Rs. 2,75,438 since 1902-03 is shared by six Divisions (Burdwan, Presidency, Rajshahi, Patna, Bhagalpur and Orissa) and is largest in the Patna Division where it amounted to Rs. 1,66,680. The expenditure under the sub-head "Communications—Original Works" has risen in every Division, except Rajshahi and Chota Nagpur, and in the Patna Division the rise

amounted to Rs. 1,80,908. The increase appears to be due chiefly to increased expenditure on railway feeder roads.

31. *Water-supply and Water-works (Rs. 1,35,285).*—The expenditure on water-supply and water-works has risen from Rs 20,960 in 1889-90 to Rs. 1,32,194 in 1903-04. Only nine Boards, Burdwan (Rs. 5,402), Birbhum (Rs. 6,071), Jessore (Rs 5,613), Dacca (Rs. 7,090), Mymensingh (Rs. 18,020), Faridpur (Rs. 6,410,) Backergunge (Rs. 5,474), Shahabad (Rs. 7,872) and Bhagalpur (Rs. 9,260) spent as much as Rs. 5,000 on water-supply, but in the case of the two last-named Boards the sum spent includes contributions of Rs. 4,000 and Rs. 5,000, respectively, to the local municipality for the maintenance of the water-works. Nothing at all was spent in Muzaffarpur, and the expenditure was below Rs. 1,000 in the districts of Murshidabad, Dinajpur, Jalpaiguri, Tippera, Chittagong. Ranchi, and Palamau. The low expenditure in Murshidabad is explained by the existence of the Lalgola Trust Fund, under which the interest of a sum of Rs. 1,00,000 is expended annually on the construction of new wells.

32. *Drainage Works.*—In the district of the 24-Parganas Rs. 7,285 was expended on the improvement of the Khardah khal, but part of this sum will be recovered from the Municipalities of Titaghar, South Barrackpore and Panihati, who are also interested in the work. Rupees 364 was spent by the same District Board on the survey of the Usti basin which is connected with the large project under the Sanitary Drainage Act. The District Boards of Rajshahi and Pabna spent Rs. 7,000 and Rs. 5,600, respectively, on the preparation of the scheme for the drainage of the Chalan bil under the same Act.

33. *Roads.*—The length of the metalled roads maintained by District Boards has decreased by 94 miles since 1902-03. This fall in the mileage has been continuous during the last four years and is apparently due to reclassification. In certain districts if a part of a road was metalled the whole length of the road was formerly shown as metalled, whereas at present only the length of the portion actually metalled is included. During the year the mileage of unmetalled and village roads has risen by 864 and 1,858 miles, respectively. In the case of the former the expenditure on original works has risen from Rs. 6,57,318 in 1900-01 to Rs. 13,03,965, and the expenditure on repairs from Rs. 8,83,466 to Rs. 9,20,533, while the cost of repairs per mile has fallen from Rs. 39 to Rs. 35. In the case of village roads the total expenditure has risen by Rs. 18,267, while the cost of repairs has fallen from Rs. 17 to Rs. 14 per mile. The cost per mile of repairs to metalled roads is highest in the Chittagong Division (Rs. 591) and lowest in the Chota Nagpur Division (Rs. 111). In the case of unmetalled roads (including both district and village roads), the rate varies from Rs. 55 in the Chittagong Division to Rs. 20 in the Patna Division. The expenditure on both metalled and unmetalled roads was highest in the Patna Division (Rs 3,45,646 and Rs. 5,40,204) and lowest on metalled roads in the Chota Nagpur Division (Rs 6,557) and on unmetalled roads in the Orissa Division (Rs. 50,993). In the case of village roads the outlay was greatest in the Dacca Division (Rs. 83,556) and lowest in the Chota Nagpur Division (Rs. 8,776). The Government grant of 5 lakhs for the improvement of communications was spent chiefly on metalling or bridging existing roads or on the construction of feeder roads to the railways.

34. *Railway Feeder Roads.*—The last few years have been a period of railway extension all over the Province, and the resources of the District Boards have been taxed to the utmost to provide the necessary feeder roads without which the railways lose half their utility. The obligation resting on Government to contribute towards this work has been fully recognised. A considerable proportion of the 5 lakhs grant for the improvement of communications has been devoted to such roads, and in addition during the last five years grants amounting to Rs. 5,73,000 have been given to the District Boards for the construction of feeder roads. It is probable that in most districts the most important roads have now been taken up, and that less assistance will be required in future. The construction of the Ondal-Sainthia Chord of the East Indian Railway and of the Katihar-Ranaghat line on the Eastern Bengal State Railway will, no doubt, necessitate considerable expenditure for this purpose in the districts of Birbhum, Malda and Murshidabad, and in such cases it may be necessary to give assistance of an exceptional kind. But in the rest

of the Province Government will in future ordinarily contribute not more than one-third of the initial cost of construction on condition that the District Board pays the remaining two-thirds and undertakes the cost of maintenance.

35. *Miscellaneous Public Improvements.*—Road-side arboricultural working-plans have been prepared by all District Boards, except Champaran, and expenditure was incurred on tree-planting and the upkeep of nurseries by every district except Chittagong. The amount spent varied from Rs. 83 in Mymensingh and Rs. 155 in Champaran to Rs. 3,801 in Bhagalpur and Rs. 5,358 in Backergunge. If the districts of the Rajshahi Division (for which no details are given) are excluded, the average expenditure was Rs. 1,195. The Commissioner of the Presidency Division is not in favour of any great extension of tree-planting, because the districts of his Division suffer from an excess of trees, and require open air rather than shade.

36. *Railways and Tramways.*—Four light railways have been opened under the guarantee of District Boards, viz., the Ranaghat-Krishnagar line in Nadia, the Howrah-Amta and Howrah-Sheakhala lines in Howrah and the Bihar-Bakhtiarpur line in Patna. A line from Barasat to Basirhat in the 24-Parganas is under construction. The conditions under which the lines were constructed are not quite uniform but they are similar. In each case the Board grants the use of the district roads to the Company free of charge, and, subject to a fixed limit, guarantees to make the net earnings of the Company in some cases up to a fixed sum per mile, and in others to such a sum as will suffice to pay a dividend of 4 per cent. on the share capital. Surplus profits in excess of 4 per cent. are divided between the Board and the Company, and after a certain number of years the Board has the option of taking over the lines. The Howrah-Amta line has been a great financial success, the District Board having received Rs. 1,60,873 in profits during the last six years. On the other hand the Ranaghat-Krishnagar line has cost the District Board of Nadia Rs. 44,923 on subsidies since it was opened, while the Howrah-Sheakhala line has barely paid its way. It is still too early to pronounce on the prospects of the Bihar-Bakhtiarpur line, but the results of the first six months' working are most encouraging. Allusion is made in the Divisional Reports to no less than nine similar projects in various districts, and the list, though by no means exhaustive, shows how much attention is being given to the subject and the likelihood of further developments in the near future. There is no doubt that much can profitably be done in this field, but all schemes require careful examination before sanction is accorded. The Lieutenant-Governor recently found it necessary to warn District Boards that it was necessary to take the advice of Government in the Railway Department before granting concessions for railway schemes, and the neglect of this precaution has in one case caused the loss both of time and money.

37. *Contributions* (*Rs. 62,975*).—The expenditure under this head represents mainly refunds of the unexpended balance of Government grants for special works, payments on account of cost of establishments in the offices of account and control, and contributions towards the cost of the police force employed at plague camps. The fluctuations do not call for notice.

38. *Debt* (*Rs. 6,24,163*).—The large decrease of Rs. 8,05,241 under the sub-head "Deposits and Advances" is due to the reason explained in paragraph 19.

39. *Closing balance* (*Rs. 24,00,170*).—The actual closing balance (exclusive of deposits) of the District Boards was Rs. 21,88,434 against Rs. 20,11,658 in 1902-03, showing an increase of Rs. 1,76,776. In all districts except five the balance was in excess of the working balance fixed by the Commissioner. The excess is partly accounted for by the fact that 35 District Boards had unspent balances, amounting in the aggregate to Rs. 4,27,543, from the Government grants for improvement of communications. This is especially the case in the Patna Division where out of a closing balance of Rs. 6,47,201, Rs. 1,13,899 represents unspent grants. Other District Boards, *e.g.*, Midnapore and Rangpur had large sums unspent from Government grants for feeder roads. The largest closing balances were in Darbhanga (Rs. 1,75,345), Rangpur (Rs. 1,52,599), Nadia (Rs. 1,42,354), Midnapore (Rs. 1,17,482), and Gaya (Rs 1,10,725). The closing balances were unduly low in Bankura (Rs. 3,610), and Bhagalpur (Rs. 5,776), the normal working balances being Rs. 9,000 and Rs. 16,000, respectively.

40. *Amendment of the Bengal Local Self-Government Act.*—The Bill to amend the Bengal Self-Government Act was introduced into Council in March 1904. The objects of the proposed amendments in the law are to legalise expenditure on veterinary objects, to impose tolls on newly-constructed bridges

until the initial cost and the capitalised value of the cost of maintenance and renewal have been recovered, to give power to levy a rate to enable District Boards to pay sums guaranteed by them by way of interest on capital expended on railways and tramways, when it becomes necessary to pay such sums and they are unable to do so otherwise without crippling their administration, to insert in the Act an express recognition of the position of the Education Committee which has been constituted by most District Boards, and to remove flaws and omissions in the Act which experience of its working has brought to light. Steps have been taken to obtain the opinion of Associations and other public bodies with regard to the Bill.

41. The comparison of the figures of 1888-89 with those of 1903-04, which is made in the preceding paragraphs, shows that during the last fifteen years the growth of Local Self-Government, although quiet and unostentatious, has nevertheless been healthy and vigorous. The District Boards have accomplished much, and have taken new and important functions upon them. When they were first constituted only one line of railway, namely the East Indian at Buxar, crossed the frontiers of this Province. Now there is a triple communication with the United Provinces, and there are new railway lines to the Central Provinces, to Madras and to Assam. These have multiplied the railway stations throughout the Province, and have necessitated the remodelling of the road system; for the old main roads are largely superseded by the railways, and new feeder roads striking across to them must radiate from the different railway stations. This reorganisation with the help of liberal assistance from Government has to a large extent been carried out. Again, the medical expenditure when the District Boards were first established was only Rs. 2,244: it is now over four lakhs. Light railways were then unknown: there are now four with an aggregate length of 87¾ miles, and a number of others are under consideration. Four District Boards have also subsidised steamer services. Another new departure is the establishment of the Veterinary Department, in connection with which expenditure is now incurred by 25 District Boards. The initiation of large drainage schemes is also a new function of the Boards. There are four such schemes at various stages of advancement: the largest is that for the drainage of the Mograhât and Kaorapooker swamps in the 24-Parganas which will affect 290 square miles of country, and is estimated to cost Rs. 17,89,000. The activity of the Boards has been hampered by want of funds because the revenues assigned to them in addition to their receipts from road cess proved less elastic than was expected. The Local Government has however come to their assistance with liberal grants. Among these may be mentioned the large sums which have been given for the construction of feeder roads, the recent addition to the annual assignment for Education of more than 4½ lakhs, and the special annual contribution of 5 lakhs which was made for three years towards the cost of roads. The contribution last referred to could not be given during the current year; but the Lieutenant-Governor hopes to be able to renew it from next year, and he hopes also by the following year to be able to replace the fixed grants by equivalent assignments of expanding revenue which will place the Boards in a better position to meet the growing demands upon them. The draft Bill which is now before the Bengal Legislative Council also proposes to increase the powers and liabilities of the Boards in regard to light railways. The benefit of these railways is chiefly local; and if the Boards wish to have power and responsibility in respect of them, they must also take the risk. All the District Boards have not been equally progressive; but Sir Andrew Fraser has reviewed their past history with much interest, and considers that they are generally to be congratulated on the successful result of their administration of the affairs of the districts. His thanks are due to the officers of Government who have guided and controlled them, to the Members of the Boards to whose advice and assistance the success achieved has been largely due, and to many liberal residents of districts who have contributed to beneficent works undertaken by the Boards. The co-operation of all these classes is essential to success, and seems to the Lieutenant-Governor to be growing more apparent.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secretary to the Govt. of Bengal.

Form No. I (*a*).

Statement showing the constitution of the District Boards in Bengal during the year 1903-04.

Serial No.	Name of District Board.	Act under which constituted.	Area in square miles.	Population within the area.	Number of Members. Ex-officio.	Nominated.	Elected.	Total.	Officials.	Non-officials.	Europeans and Eurasians.	Natives.	Number of meetings held.	Number of meetings proved abortive for want of quorum or adjourned.	Average attendance at each meeting. Officials.	Non-officials.	Total.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF MUNICIPALITIES IN BENGAL (EXCEPT CALCUTTA) DURING THE YEAR 1903-1904.

MUNICIPAL DEPARTMENT—MUNICIPAL.

Calcutta, the 12th December 1904.

RESOLUTION—No. 3528M.

READ—

The Reports from the several Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1903-04.

Read again—

The Resolution reviewing the Divisional Commissioners' Reports on the working of Municipalities during the year 1902-03.

The Resolution of 1902-1903 dealt with statistics relating to 157 Municipalities. This number was exclusive of the two Municipalities at Dumka and Nawabganj which were constituted towards the close of that year. About the same time a Municipality was formed at Uluberia in the district of Howrah, and on the 1st July 1903 another new Municipality was established at Halishahar in the district of the 24-Parganas by a further subdivision of the Naihati Municipality. The present Resolution therefore deals with the returns of 161 Municipalities.

2. In last year's Resolution attention was drawn to the marked improvement effected in the course of the preceding five years in the financial administration of the Municipalities of the Province. This improvement has continued at a rate of progress considerably in advance of that hitherto attained, and the fruits of good administration are more apparent. There has been an improvement in the sanitation of many of the towns in the Province, improved resources having permitted of a considerable increase in the expenditure incurred on conservancy. The problem of water-supply has received particular attention; and the successful results attained in Howrah and Burdwan deserve special commendation, the case of the latter town being the more worthy of notice by reason of its previous failure to attain even a moderate standard of success. There is moreover a list of unprecedented length of towns which have either inaugurated or are engaged in preparing schemes for a complete system of drainage, which they are now in a position to undertake by reason of the recent expansion of their revenues. The registered death-rate in the towns of each division as a whole, save that of Patna where it has unfortunately been swelled by plague, shows a steady decline in recent years, particularly in the last four in which the death-rate of all the municipal towns in Bengal fell from 43·4 to 36·3 per mille. The fall in the death-rate from fever in the same period is no less remarkable, being 14·2 per mille in the year 1903 against 19·9 in 1900. The ratio of deaths from dysentery and cholera is also instructive as indicating the quality of the water-supply, the death-rate per mille under these heads having similarly declined from 4 and 5 to 2·9 and 3 respectively. In the individual towns where water works have been instituted the decline in the death-rate from these water-borne diseases is particularly marked, especially in Dacca, Nasirabad, Burdwan, and Darjeeling. These figures point to an improvement of the sanitary conditions; and no less significant, in another direction, of the general advance of municipal government is the large increase of the number of meetings held and of the attendance at each, and the simultaneous decline of the meetings adjourned for want of a quorum.

3. It is a source of great satisfaction to Sir Andrew Fraser to be able to endorse so fully the commendations which it was one of the last official acts of his predecessor to bestow. His Honour is particularly struck by the marked improvement in collections, which in the year just concluded averaged 98·6 of the current demand—a ratio that has only once been equalled, accompanied as

it is by an unprecedented reduction of outstanding demands, which are now only 7·5 per cent. of the current demand—a result that has hitherto never been even approximately attained. This improvement is shared by every Division, and is especially marked in Orissa, Chota Nagpur, and Burdwan, where the ratio of collections to current demand rose from 84·3, 95·4, and 95·2 in 1902-1903 to 103·4, 101·0, and 99·4 in the year under review; while the percentage of remissions declined in each case respectively from 12·3, 6·9, and 8·6 to 3·8, 3·7 and 5·3. Satisfactory too, though to a less degree, is the improvement in the Bhagalpur Division, which last year attracted unfavourable notice. The percentage of remissions has there, it is true, increased; but the percentage of collections has risen in the division as a whole, excluding the newly formed Municipality of Nawabganj where the administration has obviously yet to acquire experience, from 91·9 to 95·6. The length of the list of individual Municipalities which merit special commendation in this branch of their administration is without precedent. No less than 51 towns against 17 in the previous year collected more than cent per cent of their current demands; while in 27 as compared with 23 the outstanding balance was either nil or merely nominal. Space forbids the enumeration of them all, but mention must be made of Jhalokati, Roserha and Cuttack, in which both results were simultaneously attained; while Bankura, Vishnupur, Ghatal, Uttarpara, Arambagh, Kotrung, Bally, Sherpur (in Bogra), Nasirabad, Barh, Revelganj, Jajpur, and Balasore, in each of which the collections exceeded 105 per cent., must also receive individual mention.

4. *Number of rate payers.*—The total number of rate-payers was 492,843 or 7,226 more than in 1902-1903, and the percentage they bore to municipal population was 17·17 against 17·08 in the preceding year. The percentage varies from 31·34 at Katwa in the Burdwan Division to 6·4 at Titaghar in the Presidency Division; while the divisional percentage is highest, as usual, in the Presidency (19·01) and lowest in Dacca (14·5). The increase in the number of rate-payers is shared between all the Divisions except Patna, in which Division no less than 13 Municipalities show a decline which is attributable almost entirely to the emigration of residents during the outbreak of plague. The low percentage of rate-payers to population in four Municipalities forming the head-quarters of districts was commented upon in previous Resolutions. Of these Darbhanga shows an increase from 13·9 to 15·08 per cent., Arrah from 12·6 to 12·9, Motihari from 10·7 to 11·2, while the figures returned from Dacca remain almost stationary. The percentage fell below the Provincial average in 73 cases, as against 74 in 1902-1903 and 72 in the previous year.

5. *Results of elections held during the year.*—General elections of Commissioners were held in 75 Municipalities, which were successful in all cases except in one ward in each of the Municipalities of Monghyr, Jamalpur and Deoghur: in these cases Commissioners had to be appointed by Government under section 16 of the Act. The majority of the elections were contested; and the percentage of attendance of persons qualified to vote varied between 3·2 in Ward No. I of the Deoghur Municipality and 98·1 in Ward No. IV of the Chapra Municipality. Considerable interest was shewn in the elections in the Nadia, Murshidabad, South Barrackpore, Patna, Gaya, Balasore, Comilla, Brahmanberia, Noakhali and Chittagong Municipalities; and in one ward of the Howrah Municipality the excitement ran so high that the Magistrate himself had to be present for some time to keep order. There is no indication of any decline of public interest in municipal affairs.

6. *Constitution of Committees and attendance at meetings.*—The total number of Commissioners increased from 2,196 to 2,236, and the number of meetings held by them from 2,620 to 2,846. Of these only 201 had to be adjourned against 227 in 1902-1903. The number of Municipalities which held more than 20 meetings was larger than in the previous year, whilst only 8 against 15 failed to hold at least one meeting every month. The largest number of meetings was held by the Cossipore-Chitpore Municipality (69) of which only 2 proved abortive Next comes Burdwan with 37 meetings, of which 7 proved abortive. The smallest number of meetings held was eight, namely in the Jamalpur (in Monghyr) and Balasore Municipalities. The North Barrackpore Municipality, which had failed in the previous four years in succession to hold the minimum

statutory number of meetings, met 14 times during the year under report. Throughout the Province the average percentage of attendance of Commissioners was 59·9 against 51·62 in the year 1902-03; while in 118 Municipalities, as against 80 in the previous year, an average of more than one-half of the total number of Commissioners attended at each meeting. The highest percentages of attendance were those obtained at Khirpai (80·5), Cossipore-Chitpore (78·1), Jagdispur (77·7), Dainhat (77·4), Ramjibanpur (75·4) and Chandpur (75·1), and the lowest was 31·4 at South Barrackpore.

7. *Assessment and Taxation.*—Of the alternative systems under which the main forms of municipal taxes are levied, the rate on holdings is in force in 47 Municipalities and the tax on persons in the rest; while in the Municipalities of Bhadreswar, Baidyabati, South Dum Dum and Deoghur both forms are in force in different wards. The rate on holdings was levied at less than the maximum rate allowed by the law in 14 towns, among which the Municipalities of Howrah, Hooghly-Chinsura, Darjeeling and Patna again find place, and the lowest rate, viz., 3 per cent on the annual value of holdings, was levied in Ward No. III of South Dum Dum. The tax on persons is levied in different towns at widely varying rates. The system is only adapted to the less advanced Municipalities, and the Lieutenant-Governor cannot refrain from commenting upon the fact that in many large and important Municipalities this primitive form of taxation is in force. The influence of controlling officers might profitably be exercised in inducing Municipal Commissioners to adopt (to which a tendency already exists) the alternative system, which, given an adequate means of assessment, would inevitably produce better financial results. Of the special rates, the latrine rate was levied in 108 towns, the water-rate in 12 towns which are provided with a supply of filtered water (in Dacca no water-rate is levied, although a filtered water-supply exists there) and the lighting rate only in the towns of Howrah and Darjeeling, no rate being levied for the purpose in the other Municipalities adjoining Calcutta, which are lighted with gas, or at Dacca which is lighted with electricity. The Kurseong Municipality have recently obtained the sanction of Government to the levy of a water-rate which takes effect from 1st April 1904.

The incidence of Municipal taxation (excluding Calcutta) varied between Rs. 7-2-10 per head at Darjeeling and Rs. 0-3-4 at the new Municipality of Nawabganj in the District of Malda. The average for the whole Province was Rs. 1-3-11, showing an increase of one anna per head since the previous year. In 31 towns against 32 in 1902-1903 the incidence of taxation is below 8 annas per head.

8. *Revision of assessment.*—Assessments were revised during the year generally or partially in 51 Municipalities. Among those where a general revision took place the best financial results were attained in the following towns:—

Name of Municipality.	Amount of increase.
	Rs.
Cossipore-Chitpore	9,525
Narainganj	6,112
Darbhanga	5,238
Balasore	4,757
Titagarh	4,199
Bihar	3,365
Baranagore	2,690
Satkhira	2,458
Barisal	2,382
Kamarhati	2,246

A large increase of Rs. 11,129 was effected in the Garden Reach Municipality, which was due to the imposition of a water-rate within the Municipality from 1st April 1903, while in Arrah an increase of Rs. 8,444 resulted from a revision of the assessments of water and latrine rates. A general revision of assessment was made in the North Barrackpore Municipality by an Assessor appointed by Government, which resulted in an increase of 20 per cent. on the previous demand. The revised assessment takes effect from the beginning of the current year. In the Cuttack Municipality the funds for the clearing of private privies and cess-pools having been found inadequate, the Municipal

Commissioners raised the scale of latrine fees; this resulted in an increase of Rs. 7,269 and is to come into force with effect from 1st April 1901. The Magistrate and Commissioner have, however, questioned the equity of the assessment, and the matter will be separately considered when their reports are received. The whole system of assessment in this town has already attracted the unfavourable notice of Government. There was a net decrease of Rs. 957 in Dacca, mainly due to remissions, and one of Rs. 7,362 in Darjeeling, which is vaguely attributed to a transfer of electric light receipts and to a falling off in receipts from the tax on trades and professions. The Commissioner has called for a clearer account of the loss of income.

9. In paragraph 11 of last year's Resolution the outlines were given of a scheme for improving the procedure under which assessments are conducted. Local officers were consulted, and their opinions have since been received. There is a large consensus in favour of the proposal to restrict the membership of Appellate Committees to 5, inclusive of the *ex-officio* members, the Chairman and Vice-Chairman. The further proposal to exclude any member, except the *ex-officio* members, from the hearing of appeals from the ward which he represents similarly met with general acceptance; and many municipalities have already spontaneously adopted these principles as the basis of the formation of their Appellate Committees. The second proposal, that of the establishment of a staff of peripatetic Assessors, has given rise to a certain amount of opposition, which seems to be due in no small degree to a misunderstanding of the effect of the proposals put forward. A definite scheme has been formulated, of which the essential feature is that the employment of the trained assessing staff is to be optional. Its adoption will ensure both regular and equal assessments at a small cost; and it is probable that most municipalities of any size or importance will readily adopt it.

10. *Fresh imposts levied during the year.*—The tax on animals and vehicles under section 86 (*a*) of the Municipal Act was introduced into the newly created Municipality of Uluberia during the year. A water-rate was for the first time levied in the Municipalities of Garden Reach and the South Suburbs, and a rate was imposed on the arable lands situated within the Baranagore Municipality. A six per cent. rate on the annual value of holdings and a latrine rate at 3 per cent. were imposed within the added area of the Deoghur Municipality, while a rate on holdings in lieu of the tax on persons was introduced into Ward No. III of the South Dum Dum Municipality. The provisions of Part IX, which refers to the cleansing of private privies and cess-pools, were enforced in this same ward at South DumDum as well as in a portion of the Satkhira Municipality. They were also extended to Wards Nos. I and II of the Taki Municipality, to Dumka, and to the added area of the Deoghur Municipality. Action has also been taken for the introduction of that Part into the towns of Santipur and Nadia, the Municipalities of which were suspended on account of their long and contumacious refusal after repeated warnings to improve their sanitary condition. License fees were levied for the first time in the Manicktola Municipality under the provisions of sections 261, 263 and 265 of the Act; and under the provisions of the first named section only in Satkhira, Nator, Netrokona and Jamalpur (in Monghyr). The provisions of the Hackney Carriage Act were introduced into the Barisal Municipality; and those of Part VI of the Municipal Act were extended to the added area of Deoghur and formally re-extended to Monghyr. Particular sections of that Part were also put in force in the Nawabganj and Kishanganj Municipalities.

11. *Income and expenditure.*—The total funds available for expenditure by the several Municipalities were Rs. 63,30,239 against Rs. 55,83,623 in the previous year. The total expenditure incurred by them was Rs. 53,85,903 against Rs. 47,53,072 in 1902-1903.

12. *Closing balances of Municipalities.*—The aggregate closing balances of all the Municipalities amounted to Rs. 9,44,336 at the close of the year against Rs. 8,30,551 in the preceding year. In some cases funds were accumulated for the purpose of introducing a complete system of surface drainage and other sanitary improvements; in others savings effected in estimated expenditure and the inability fully to utilise loan funds contributed to this result; while in some cases there was an unexpected improvement of collections. In the

Howrah Municipality the heavy balance of Rs. 2,16,515 includes the amount of loans received from Government for the reconstruction of the Buckland Bridge, and for the completion of a drainage scheme, the construction of a conservancy tramway and the extension of the market. The closing balances were also large at Darjeeling, Dacca, Chapra, Bhatpara and Gaya. They are explained in the first three cases by the non-utilisation of loans or by outstanding bills for capital works; but the large balances of the Bhatpara and Gaya Municipalities are not accounted for. The Bhagalpur Municipality, as in the preceding year, failed to keep a sufficient balance; but its resources are said to have been severely taxed at a time when collections could not be pushed on on account of plague. The working balances fell so low as Rs. 74 at Pabna, Rs. 67 at Dobhatta, and Rs. 10 at Baduria, and every year it has been necessary to point out the unwisdom of depleting resources to this extent.

13. *Income.*—The total receipts of the 161 Municipalities during the year, excluding their opening balances, were Rs. 54,98,182 against Rs. 49,50,383. More than half of this increase of Rs. 5,47,799 occurred under debt and suspense heads, and it does not therefore represent the real increase in the ordinary revenues of the Municipalities. Excluding the receipts under "Extraordinary and Debt" the total revenue receipts amounted to Rs. 44,94,916 against Rs. 42,44,878 in the previous year, showing an increase of Rs. 2,50,038, or 5·8 per cent.; of which two lakhs against less than half a lakh last year were derived from taxation proper. This increase, which is nearly a lakh in excess of the progressive rate of increase maintained during the last five years, was shared by all the divisions, and was largest in Burdwan where it amounted to Rs. 57,333.

14. *Tax on houses and lands*—The total revenue under this head amounted to Rs. 12,62,624, which was Rs. 62,726 in excess of the revenue of the previous year. The increase was shared to a greater or lesser extent by all the Divisions, and the largest increases of Rs. 21,063 and Rs. 14,613 occurred respectively in Burdwan and the Presidency. The Municipalities in which the improvement of this source of revenue was most marked are those of Cossipore-Chitpore (Rs. 8,121), Howrah (Rs. 7,510), Naraingani (Rs. 4,952) and Bally (Rs. 4,875) while in the smaller Municipalities of Giridih, Deoghur and South Dum-Dum a large proportional increase occurred. The newly-created Municipalities at Dumka, Nawabganj, Uluberia and Halishahar contributed an aggregate amount of Rs. 4,166 to the total increase. Revised assessments brought into operation during the year and better collection of both arrear and current demand contributed generally to the increase under this head. The one Municipality in which there was a marked decline under this head is that of Naihati, where the income fell from Rs. 2,789 to Rs. 867. This Municipality has recently been subdivided, but the fact does not account for the marked loss of income both under this and most other heads. No explanation has been given, and the attention of the local officers is invited to the circumstance. In Gaya a decrease of Rs. 1,546 occurred, which was mainly attributable to the fact that sums due from the East Indian Railway Company were not paid during the year.

15. *Tax on animals and vehicles.*—There was an increase of Rs. 12,488 in the revenue under this head which is generally attributed to a closer supervision over registration and to the realisation of arrears. The largest increase, amounting to Rs. 1,691, occurred in the Municipality of Dinajpur. The increase is satisfactory; for there is little doubt that in many Municipalities the receipts under this head are less than they ought to be. On the other hand, the Commissioner of Chittagong raises the question whether carts are not too often taxed which do not ply habitually in the Municipality, within the meaning of section 142 of the Act. Inspecting officers should see that the law is not oppressively exercised in this direction.

16. *Tax on professions and trades.*—The comparatively small revenue from this source, in which 25 Municipalities have no share, shows an increase of Rs. 7,328. This increase was distributed among all the Divisions except Orissa and Chota Nagpur, and was largest in the Presidency Division (Rs. 4,012), occurring particularly in the Municipalities which are adjacent to Calcutta.

17. *Tolls on roads and ferries*—Nowhere in the Province are tolls levied on roads, but an income is derived from ferries in 51 Municipalities. The

revenue under this head increased from Rs. 1,35,460 to Rs. 1,45,347, which increase was shared by all the Divisions except those of Burdwan and the Presidency, where decreases of Rs. 839 and Rs. 1,113, respectively, occurred. Tolls are levied in only one Municipality in the Chota Nagpur Division, viz., Daltonganj, and the income of that Municipality from this source was the same as in the previous year. The largest increase (Rs. 5,634) occurred in Muzaffarpur, and was due to the resettlement of ferries at rents enhanced by competition. A decrease of Rs. 1,253 occurred in Patna, which is attributed to the non-realisation of ferry rents for the last three months of the year owing to loss of traffic caused by the competition of the Bengal and North-Western Railway Company. A decrease of Rs. 1,641 occurred at Chapra for which no explanation is given.

18. *Water-rate.*—This rate was in force in 12 Municipalities against 10 in the previous year, being levied for the first time in the South Suburban and Garden Reach Municipalities. The total income amounted to Rs. 2,85,248, an increase of Rs. 25,900 over that of last year, which was shared by all the ten Municipalities where the rate had previously been in force. The increase is variously attributed to extension of the areas under supply, to better collections and to revision of assessment. The Kurseong Municipality, having extended its water-supply system, obtained the sanction of Government to levy a water-rate, which has been imposed from the commencement of the current year.

19. *Lighting rate.*—This rate is levied only in the towns of Howrah and Darjeeling. The total receipts fell from Rs. 85,845 to Rs. 83,998, a decline of Rs. 1,847. In the Howrah Municipality the income increased by Rs. 2,164 owing to an improvement both in the demand and collections. In Darjeeling it fell by Rs. 4,011; and the loss of income, as in the previous year, is somewhat inadequately explained to be due to the falling off in the miscellaneous lighting rate receipts.

20. *Conservancy, including scavenging and latrine rates.*—The revenue under this head was Rs. 8,24,749, which is an improvement to the extent of Rs. 49,006 over that of the previous year. The increase, which was most marked in the Municipalities of Howrah (Rs. 8,653), Cossipore-Chitpore (Rs. 3,842) and Narainganj (Rs. 2,860), is generally attributed to improved collections, revision of assessment and to a further extension of the provisions of Part IX of the Act, which, however, is not yet in force in many towns where its provisions would be most salutary. A large decrease of Rs. 2,368 which occurred in the Naihati Municipality has not been explained.

As in previous years some of the Municipalities let out portions of their trenching grounds for the purposes of cultivation, but on the whole with very little success. The Commissioner of Dacca remarks that the soil in Eastern Bengal is not suitable for trenching.

21. *Tax on persons according to their circumstances and property.*—The total income from this source, which amounted to Rs. 6,10,695, shows an increase of Rs. 31,748 as compared with the previous year. The increase was shared by several Municipalities and was most marked in Darbhanga, Arrah, Cuttack and Dinajpur. Revised assessments and improved collections generally account for the enhanced receipts. The income from this source declined by Rs. 3,433 in Naihati, and less than half of this decrease can be attributed to the formation of the Halishahar Municipality. No explanation of the decline has been given, though it is obvious that one is required.

22. *Grants from Provincial and Local Funds and contributions by private individuals.*—The total receipts rose from Rs. 3,24,583 to Rs. 3,49,923. The contributions amounted to Rs. 2,31,382 for medical purposes, Rs. 5,291 for education, and Rs. 1,13,250 for general purposes.

23. *Gifts of money or land and works of public utility executed by private individuals.*—Many instances of private liberality are brought to notice in the reports of the Commissioners, which have already been noted in a separate Resolution. Among the most important of those mentioned in the Divisional reports were the construction and endowment of a charitable dispensary by the sons and heirs of the late Rai Surjya Narain Singh Bahadur at Karangarh in Bhagalpur, and a liberal contribution from Babu Ram Chandra of Kishanganj in Purnea for the construction of a charitable dispensary in that town.

24. *Expenditure.*—The total expenditure incurred during the year by the several Municipalities in the Province was Rs. 53,85,903 against Rs. 47,53,072 in the previous year. The large increase of Rs. 6,32,831 was due mainly to an increase of expenditure incurred on water-supply (Rs. 73,302), conservancy including road-cleaning and watering (Rs. 50,092), interest on debt (Rs. 43,968), Hospitals and Dispensaries (Rs. 41,010), roads (Rs. 24,368) and refunds (Rs. 15,256). The items "Repayment of loans" and "Advances" under the head "Extraordinary and Debt" also show increases of Rs. 1,37,307 and Rs. 3,47,458, respectively.

25. There was a marked decline under the heads of "Police" (Rs. 26,865), "Drainage" (Rs. 4,194) and "Public Works—Stores" (Rs. 4,072). Investments and deposits also show decreases of Rs. 70,845 and Rs. 63,872, respectively. Compared with the previous year, however, there was no great variation in the percentages which the expenditure under each of the principal heads bore to the total outlay (excluding "Debt" and "Suspense" heads), save that establishment charges fell from 12·0 to 10·3 and the percentage of expenditure on water-supply rose from 5·8 to 9·8.

26. *Office and collection establishment.*—The total expenditure (Rs. 4,19,897) on office and collection establishment shows this year a comparatively small increase of Rs. 2,763, while the percentage of expenditure on this head to ordinary income is considerably lower than that of last year. The cost of office establishment increased in the Burdwan, Presidency, Rajshahi, Dacca and Bhagalpur Divisions, while elsewhere there was a slight decline. The collecting staff proved more expensive in all the Divisions except those of the Presidency, Chittagong and Patna The usual causes are assigned for the growth of expenditure, viz., an increase of banking, audit and contingent charges, and the grant of increments of salaries and employment of additional hands. The two latter are no doubt the predominant causes, and the local budgets should be scrutinised with special care to see that the municipal establishments are not unduly large, for a small but well paid and therefore efficient staff is far more useful than a larger number of ill paid subordinates. The expenditure under this head varies from 3·2 per cent. of the total expenditure at Nasirabad, in the Dacca Division, to the abnormal percentage of 35·3 in the new Municipality of Nawabganj, of which the administration is manifesty still defective.

27. *Prevention of fire.*—The expenditure (Rs. 27,581) under this head shows a slight increase of Rs. 228. As in previous years the greater portion of the charge was incurred in the Municipalities adjoining Calcutta, which are served by the Metropolitan Fire-Brigade and contribute to its cost. The expenditure under this head largely increased in Howrah, where, moreover, the services of the Fire-Brigade were most frequently requisitioned. In Cossipore-Chitpore, on the contrary, the expenditure fell from Rs. 15,590 to Rs. 12,813. In Darjeeling an expenditure of Rs. 3,945 had been incurred in the previous year in the purchase of fire-buckets and other appliances. In the year under review, however, merely a nominal sum was expended under this head.

28. *Street lighting.*—The expenditure rose from Rs. 2,39,419 to Rs. 2,42,411. The payments at Howrah were largely swelled by an accumulation of bills of the Gas Company as well as by the erection of additional gas and oil lamps. The charges incurred in Darjeeling decreased by Rs. 13,470, the expenditure of the last two years having been exceptionally high by reason of the purchase of materials.

29. *Water-supply.*—The aggregate expenditure under this head amounted to Rs. 4,36,370, an increase on last year's expenditure of Rs. 73,302. The increased cost occurred almost entirely under capital outlay, maintenance charges remaining practically stationary. It was shared by the Municipalities of Howrah (Rs. 42,500), South Suburbs (Rs. 28,750), Nasirabad (Rs. 18,462) Berhampore (Rs. 12,133) and Darjeeling (Rs. 10,597). The largest decrease occurred in the Garden Reach Municipality (Rs. 30,337). The increased expenditure in Howrah, Berhampore and Nasirabad is chiefly attributable to the purchase of new machinery. In the South Suburbs it was due to the completion of the filtered water scheme and in Darjeeling to further progress in the new scheme for increasing the water-supply of the town. A comparatively small capital outlay was incurred in Garden Reach, where the works for thes

extension of the supply from the Calcutta mains were practically completed in the preceding year.

In Burdwan a proposal is under contemplation for the extension of the filtered water-supply to the areas on the other side of the river Banka. The question of introducing a filtered water-supply into the Asansol Municipality is also under consideration. A scheme for the extension of the filtered water-supply and house services in the Manicktolla Municipality was sanctioned during the year 1902-1903; and a lakh of rupees was borrowed from Government to meet the cost; but as the Corporation of Calcutta was unable to sanction any increase over the existing supply, the scheme had to be abandoned for the present and the loan was refunded. The filtered water-supply scheme for the South Suburban Municipality was completed; but similar difficulties regarding the supply of water from the Calcutta mains prevented its utilisation during the year 1903-1904. These difficulties, it is hoped, will shortly be surmounted by means of the extensions which the Corporation have recently undertaken for the increase of the daily quantity of water delivered into the town. In the three Mill Municipalities of Titaghur, Garulia and Bhatpara the projects described in paragraph 32 of last year's report continue to make good progress. The work in connection with the water scheme for Titaghur, under which a supply of filtered water is to be obtained, free of cost, from the local mills, was taken up towards the end of the year, and was completed after its close. All the preliminary measures for carrying out a similar scheme in the Bhatpara Municipality have been taken. In Garulia pipes were laid, and hydrants erected; and the work is expected to be completed shortly.

The new scheme for increasing the water-supply of the Darjeeling town was brought into operation during the year. A site was acquired for a new reservoir, and a system of filtration in lieu of the existing system of settling tanks is now under trial by the conversion of one of the settling tanks into a filter bed. Some difficulties have been experienced at Kurseong owing to the drying up of the springs from which the supply of the town is procured. A project is now under contemplation for a connection with a new spring situated at a distance of four miles and-a-half from the town, but the scheme is at present in its initial stages and has not yet come before Government. In other localities also new schemes are in contemplation. Estimates are being prepared for a filtered water-supply project for Barisal. The Municipal Commissioners of Gaya have for some time been considering a scheme for providing water-works for their town. For this purpose they have already collected a sum of Rs. 1,38,042 but their funds are not yet sufficient to enable them to take up the work. In Monghyr a scheme for obtaining a supply of water from the Ganges is under preparation in which it is hoped that the Railway community at Jamalpur may join; and private contributions amounting to over a lakh of rupees have already been promised. To commemorate the occasion of the Lieutenant-Governor's visit to Daltonganj a proposal was made to install a water-supply system in that town by connection of the Municipal mains with the Railway water-works; the bulk of the cost has already been subscribed and the work is now in progress. From the Divisional reports it appears, moreover, that considerable activity was displayed during the year in several Municipalities in excavating tanks and sinking masonry and tube wells and in improving the already existing sources of water-supply.

The water-works in some of the large towns still continue to cause trouble. In Howrah their administration was, as usual, excellent, and the cost for maintenance works out so low as 1·3 annas per 1,000 gallons delivered. The purity of the water was well maintained; and the daily average supply was 10·8 gallons per head of the population. The Burdwan Municipality, which received unfavourable notice last year, is to be congratulated on a decided improvement in the management of its water-works, which has been particularly marked in the few months succeeding the close of the year under report. The machinery and filters are in good order; due economy is exercised in working charges, as is evidenced by the average cost of 2 annas per 1,000 gallons; and the water has been brought to a high standard of purity, mainly by the exertions of the Civil Surgeon who has adopted the expedient of treating it with alum cake. On the other hand the difficulties have increased at Bhagalpur and Berhampore, particularly during the dry season. The main

stream of the rivers had receded from the in-take; and portable engine-driving centrifugal pumps had to be provided, with the assistance of Government in each case. In both towns the filter beds were sadly neglected; the quality of the water supplied was most unsatisfactory; and in Berhampore the cost of maintenance was as high as 6·6 annas per 1,000 gallons. The Commissioner of the Bhagalpur Division reports that the water-works of that town form a serious burden on the general revenues of the Municipality, and consequently hamper their activity in every other direction. The position is in fact so serious that Government has recently appointed a Committee to investigate the system and to devise measures for its improvement. Elsewhere the position is not so serious, though at Nasirabad the filter beds were not in as good order as they might be owing to the want of pebbles and coarse sand, and the cost of maintenance was as high as 4·5 annas per 1,000 gallons. At Arrah and Dacca the water was pure, though the supply was small. The pumping plant of all the water-works was inspected twice during the year by Messrs. James Simpson & Co. and found to be in a satisfactory condition.

With the object of relieving Municipal Commissioners of duties of a technical and generally difficult nature, they have been empowered to appoint Committees to act as their agents and expert advisers in the management of their water-works, whose members are to be responsible to the Municipal Commissioners for the due performance of the duties entrusted to and accepted by them. In order that the relative position of the Municipal Commissioners and their agents, the water-works Committees and their respective powers and duties may be clearly understood, Government has, in consultation with its professional and legal advisers, framed a set of rules under section 69B (ii) of the Act for the guidance of Municipal Commissioners in the matter of their water-supply. So far two Municipalities only, those at Arrah and Darjeeling, have adopted the rules and appointed Committees. Other Municipalities, however, have wisely adopted a somewhat similar system for the administration of their water-works.

30. *Drainage.*—The total expenditure was Rs. 1,67,173, which is less by Rs. 4,194 than that of last year. The decrease occurred under capital outlay, maintenance charges showing a small increase of Rs. 1,806, and was mainly due to the fact that several large schemes of capital outlay had been undertaken in the preceding year. The largest capital cost incurred by any one Municipality during the year was that at Howrah, where payment was made for the drainage of the Telkul Ghât Road completed during the previous year, and where an additional staff was employed to complete the survey and levelling for the main drainage scheme. At Darjeeling an additional cost of Rs. 3,588 was incurred in remodelling the public drains. In Bhagalpur certain new drains were constructed towards the cost of which contributions were made by the inhabitants of the locality.

Schemes for the improvement of drainage have been prepared for the Municipalities of Hooghly-Chinsura, Utterpara, Cossipore-Chitpore, Budge Budge, Naihati, Bettiah, Puri and Cuttack, and are under preparation in many other Municipalities, notably those in the 24-Parganas, Murshidabad and Nadia districts. The project for the drainage of Puri, which is a portion of the whole scheme outlined in paragraph 42 of last year's Resolution for the general improvement of the sanitation of the chief resort of pilgrims in the Province, was designed by an officer of the Public Works Department specially deputed for the purpose. The same officer was subsequently entrusted with the supervision of certain other important drainage schemes, including that of Burdwan, but unfortunately his services could not long be spared. The Burdwan scheme, which is estimated to cost Rs. 1,75,000, has long hung fire on account of the embarrassed condition of the municipal finances. This, however, has recently much improved by reason of the reduction of annual loan charges, and the survey for the scheme is being rapidly pushed on. Private liberality and local effort will receive the assistance of Government; and there is now great hope that the scheme may be found practicable. A joint scheme for the improvement of the Khurda Khal, whereby the drainage of the South Barrackpore, Titagarh and Panihati Municipalities is to be effected, was completed during the year; and a scheme for the improvement of the Bagjala Khal, prepared by the Public Works Department, is under the consideration of the Sanitary

Board. The drainage system of the Kurseong town is reported to be very defective; but the Commissioners must materially improve their resources before they can do much to improve it. The scheme for the drainage of Dacca awaits the completion of the survey of the town. No expenditure under this head was incurred by eleven Municipalities, viz., Ghatal, Bhadreswar, Uluberia, Tollygunge, Halishahar, Budge-Budge, Meherpur, Dinapore, Hajipur, Nawabganj and Raghunathpur.

31. *Conservancy, including road cleaning, road watering and latrines.*—It is noticeable that the expenditure under this head has increased by Rs. 50,092, an increase that is most marked in the Burdwan and Presidency Divisions where the additional expenditure incurred amounts to Rs. 28,246 and Rs. 11,390, respectively. Howrah alone accounts for an increase of Rs. 21,598, which was due to the strengthening of the conservancy staff and to the purchase of new carts and animals. A new conservancy line from Lillooah to Belgachia is also under construction. Cossipore-Chitpore incurred an increased charge of Rs. 10,557, mainly in the acquisition of 30 bighas of land to extend the present trenching ground. Considerable increases also occurred in Dacca, Naraingani, Gaya, Bhagalpur, Jamalpur (in Monghyr) and Bally, which are in every case mainly attributable to the purchase of new conservancy carts. The decrease was largest in Naihati (Rs. 4,152) which has not been explained; nor has the decrease of Rs. 2,386 in Monghyr been accounted for. A decline of Rs. 2,440 in Patna is explained to be due to considerable economy effected in the maintenance of the conservancy plant in the municipal workshop.

The expenditure on conservancy exceeded 50 per cent. of the total expenditure in four towns, viz., Hooghly-Chinsura (53·48), Bhadreswar (51·39), Halishahar (56·4), and Noakhali (51·3).

The Howrah Municipality have established four double biological filters for the disposal of sullage water, which are reported to be working satisfactorily. For Garden Reach a plan of an experimental septic tank has been sanctioned by the Sanitary Board. In Dacca a septic tank has been constructed at a cost of Rs. 2,500 for the disposal of night-soil, but has not yet been used and tested. The septic tank which is being constructed by the Muzaffarpur Municipality is not yet complete. At Puri there is a proposal to replace, by a system of carts and depôts, the present primitive personal service for the removal of night-soil from private latrines to the trenching grounds. The work of improving the *bustis* in some of the crowded Municipalities in the district of the 24-Parganas, referred to in last year's Resolution, was continued during the year. The Magistrate reports that energetic action has been or is being taken in Bhatpara, Garulia, Cossipore-Chitpore, Titagarh, Garden Reach and Manicktolla; and the Commissioner adds that the work already done in this direction has been most valuable. It is encouraging to note that since the improvements were effected sickness has considerably declined in these *bustis*.

32. *Hospitals and Dispensaries.*—The expenditure under this head amounted to Rs. 5,10,329, an increase of Rs. 41,010 on that of the previous year. Agreeably to the instructions conveyed in last year's Resolution, plague charges, which were formerly included under this head, are now shown separately. These amounted to Rs. 23,024, so that the actual increase is much higher. It is shared by all the Divisions, except the Presidency and Orissa, and was largest in the Rajshahi Division, where it amounted to Rs. 20,364. The expenditure at Rangpur was no less than Rs. 25,184 in excess of that of last year, and was due to the construction of a new Dispensary building. Howrah increased its grant to the Hospital for the improvement of the native ward. In Nasirabad an out-door Dispensary was constructed as well as quarters for the Assistant Surgeon. In Chittagong an extra charge of Rs. 6,225 was incurred in the payment of the balance of the cost of construction of the General Hospital building. Where marked decreases occur they are generally explained by the fact that large capital charges had been incurred in the preceding year. There is no doubt that the duty of providing medical relief is fully appreciated by the generality of Municipal bodies, though among the smaller ones ten, against six in the previous year, incurred no expenditure under this head. Charges on account of plague were incurred in a greater or lesser degree by 43 towns. The largest expenditure under this head is returned by the Municipalities of

Arrah (Rs. 3,737) and Howrah (Rs. 3,024), while at some places it was merely nominal.

33. *Vaccination.*—The expenditure under this head (Rs. 21,628) shows a small increase of Rs. 80. The outturn of work is generally satisfactory, and in Howrah as many as 4,058 operations were performed. Cuttack comes next with 3,222, while Monghyr, Bhagalpur, Midnapur and Darjeeling return more than 2,000 each.

34. *Markets, slaughter-houses, &c.*—A subject to which the attention of Municipal Commissioners has been lately directed is that of the prevention of the spread of tuberculosis by the agency of food and drink. In a Circular No. 2M., dated 15th January 1904, Government drew attention to the dangers arising from unregulated sources of food-supply and pointed out the powers conferred by the law upon Municipal authorities enabling them to enforce proper sanitary precautions in markets, dairies and slaughter-houses. This warning has received marked attention, and in many towns to which the legal sections in question have not yet been extended, steps are being taken to put them in force. In several of the larger Municipalities whose funds permit of this extra charge, Sanitary Inspectors have been appointed for the more effective supervision of places where food and drink are prepared and sold; in others the Municipal Commissioners themselves have undertaken the duty. The expenditure under this head increased from Rs. 16,766 in 1902-1903 to Rs. 23,753 in the year under review.

35. *Public Works.*—The expenditure under this head amounted to Rs. 7,74,284, an excess over last year's expenditure of Rs. 28,436. The increase is most marked under the sub-head of roads, both construction and repair, on which Rs. 5,58,574 were expended against Rs. 5,34,206 in 1902-1903.

36. *Public Instruction.*—The total gross expenditure under this head, as shown in Form III, was Rs. 1,44,739 against Rs. 1,27,407 in the previous year. The total expenditure on Primary education, the details of which are given in Appendix E, amounted to Rs. 81,789 which is higher by Rs. 7,774 than that of 1902-1903. The percentage which this expenditure bears to the aggregate ordinary income of the Municipalities in Bengal is 2·8 against 2·7 in 1902-1903, and still falls below the general standard of 3·2 per cent. prescribed by Government. This standard, however, is exceeded in the Patna Division, where Primary education appears to have received special attention from Municipalities; and the expenditure under this head in the Presidency, Rajshahi, Bhagalpur, Orissa and Chota Nagpur is in excess of that of last year. The attainment of the prescribed standard is not perhaps the best criterion of success in this direction; for it is reported from some Divisions that certain Municipalities find a difficulty in spending the full amount of the budget allotment for education save by granting unnecessarily generous stipends or rewards. The general conclusion is that education, as a municipal duty, is not by any means neglected, and that adequate provision, consistent with the resources of each Municipality, is made for the most important branches of public instruction.

37. *Loans.*—Forty-two Municipalities were in debt to Government at the close of the year, and eleven fresh loans, to the total amount of Rs. 2,41,860, were taken during its course. Howrah obtained a loan of Rs. 1,00,000 for rebuilding the Buckland Bridge and Darjeeling one of Rs. 59,860 for the improvement of the electric light installation. Smaller loans were taken by the Manicktolla, Bhatpara, Titagarh and Garulia Municipalities for water supply projects; but the whole amount of that obtained by Manicktolla was refunded owing to the inability of the Corporation of Calcutta to supply the required quantity of water. The other loans of smaller amounts were for miscellaneous projects, such as office buildings, markets and sinking of wells. The outstanding loan balance of all the Municipalities in debt, that is, their total outstanding debts after deduction of the sums deposited in their Sinking Funds, amounted to Rs. 32,34,373, of which Rs. 32,11,072 are owed to Government. This is nearly 5 lakhs in excess of their ordinary income; but if Howrah is excluded, whose debt amounts to one-half of the whole and whose present financial position is above question, the net indebtedness of the debtor Municipalities is far more than covered by their ordinary income.

All the Municipalities paid the interest and instalments on their loans in full and no instance of default occurred. As regards the Berhampore Municipality, however, the Commissioner of the Division remarks:—

"The Berhampore Municipality obtained a loan of Rs. 10,000 from Government towards the end of 1902-1903, in addition to a loan of Rs. 5,600 granted in the previous year. It also had a loan of Rs. 6,700 from Maharaja Manindra Chandra Nandy of Cossimbazar who is the Chairman of the Municipality. In order to enable it to liquidate its private loan, Government made it a grant of Rs. 5,000. The financial condition of the Municipality, however, did not admit of a full payment of the loan. This financial strain has been brought on by the heavy expenditure on the water-works, which the assets of the water-rate are not sufficient to cover. As at present situated, the ordinary expenditure exceeds the ordinary income by Rs. 983, and the total deficit, including loan instalments, comes to Rs. 4,391. The Magistrate points out that in existing circumstances the solvency of the Municipality is in danger."

This is the only Municipality whose solvency has been called in question; and the Lieutenant-Governor relies on the controlling officers to see that its finances are rehabilitated as early as possible, by the exercise, if necessary, of the most rigid economy in other directions. His Honour must also urge on the Commissioners the necessity of repaying without delay the irregular loan which they have contracted.

38. *Audit of accounts and embezzlements.*—Several cases of embezzlement, though generally of small amounts, came to notice during the year, most of them being facilitated by laxity of supervision over the collection establishment. The defalcations occurred in the Municipalities of Bhatpara, Tangail, Noakhali, Chapra, Darbhanga, Bhagalpur and Cuttack. The largest defalcation is that reported from Chapra, were the Accounts Department was found to be in a state of complete confusion. This has necessitated the appointment by Government, under Section 82 of the Act, of an officer to examine and re-organise the accounts system of this Municipality.

39. *Working of the Porters and Dandiwallas' Act.*—The Act was in force during the year only in the Darjeeling Municipality. The total number of porters and dandiwallas registered was 859 against 858 in the previous year, and the total cost of working the Act was Rs. 245 against Rs. 272 in 1902-1903. The Act was carefully worked, a special officer being employed for the purpose; and the results were satisfactory as the number of prosecutions declined and no licenses were cancelled. Since the close of the year the provisions of the Act have been extended to the Kurseong Municipality.

40. In several of the foregoing paragraphs details of the administration of the Howrah Municipality have been singled out for special mention. The scale of its administration differs widely from that of an ordinary mufussal Municipality; its size and character render it only second in importance to Calcutta; and the lines on which its municipal problems must be dealt with resemble closely those followed in the neighbouring metropolis. With regard to the financial condition of this Municipality there is little to add to the remarks made in last year's Resolution. The percentage of collections to current demand is less, it is true, by 6 per cent. than that of 1902-1903, but this is mainly due to the fact that there were far fewer arrears to collect. It was shown last year how, in the five years preceding the Resolution then recorded, the outstanding balance had been reduced from 50·9 to 16·9 per cent. of the current demand. In the year just past it was still further reduced to 12·04 per cent. The improvements made of recent years are due to the vigorous action of Messrs. Duke and LeMesurier, late Magistrates and Chairmen. Before leaving the Municipality, the latter abolished the previously existing contract system of collection and took it under direct management. Still better results are anticipated in consequence of this change; and though the personal influence of Mr. LeMesurier has been removed, the Lieutenant-Governor is confident that his successor will devote equal attention to this all-important branch of administration.

The material improvements in the Municipality are no less satisfactoy. The administration of its water-works and the progress of its drainage have already been described. With regard to its sanitary condition, the Sanitary Commissioner remarked in his last report on the town: "I cannot but be struck by the very considerable improvement that has been effected in many respects, particularly in the conservancy arrangements and improvement of *bustis.*" The latter is a point which requires the most careful attention, and much may

be done, on the model of the plan adopted in Calcutta, by the anticipatory alignment of all areas in which new *bustis* are likely to spring up with the object of preventing the construction of congested and airless habitations. The negotiations for the introduction of electric traction are making satisfactory progress; the Buckland Bridge is being rebuilt in conjunction with the East Indian Railway Company; and the lighting of the town has made considerable strides and may shortly be still further improved by the substitution of electricity for gas. These are the most prominent improvements effected in the year, but meanwhile minor requirements have not been overlooked, and in every department a steady and uninterrupted rate of progress has been maintained.

41. Sir Andrew Fraser has little to add to the foregoing detailed account of the results of the past year, which indeed speak for themselves. His Honour is most gratified to find that the material advance in municipal government which Sir James Bourdillon was able to record has continued unabated. Instances of perfunctory and careless administration are singularly few; and though the Lieutenant-Governor has had occasion to admonish a few municipalities and even to suspend two, he is well satisfied with the individual and collective results of the municipal administration of the year just expired. His Honour must congratulate the whole body of Commissioners and office-bearers, both upon the public spirited manner in which they devote themselves to municipal affairs and upon the steady and genuine progress that they continue to achieve. He has had opportunities, in the course of his tours during the last 12 months, of seeing many of the Municipal towns, of privately discussing Municipal affairs with the leading non official members of the Committees, and of meeting not a few of the Committees in a public way. He has been much struck with the intelligent appreciation of their responsibilities and duties which has been generally evinced by these gentlemen. He has been specially struck by the apparently increasing desire on the part of the Committees to systematise their work and make it in that way thoroughly effective. He has been gratified to find the earnest manner in which most of the local officers co-operate with the Committees in the administration of Municipal affairs, and the cordial spirit with which the non-official members of the Committees as a rule respond to this co-operation. It is also very gratifying to find the interest which wealthier citizens frequently take in the well-being of the town, and the liberal assistance they are often ready to give in carrying out important but expensive improvements for the benefit of the people generally. In His Honour's opinion the great object of Local Self Government is to bring the people generally into thorough co-operation with the Government in advancing local interests. The work is better done if the people take their share in doing it; and it is only where the people fail to rise to their responsibilities in the matter that Government would desire in any way to interfere with their administration of local affairs.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secretary to the Government of Bengal.

RESOLUTION ON THE REPORT ON PUBLIC INSTRUCTION IN BENGAL FOR 1903-1904.

GENERAL DEPARTMENT—EDUCATION.

Calcutta, the 13th December 1904.

RESOLUTION—No. 3884.

READ—

The Report on Public Instruction in Bengal for the year 1903-04.

The report, which was due to Government on the 1st October, 1904, was received on the 18th of that month. The Department was in charge of Mr. A. Pedler, F.R.S., C.I.E., from the 1st April to the 14th May, 1903, and again from the 18th August, 1903 to the 22nd March, 1904. Mr. A. C. Edwards, Principal of the Presidency College, Calcutta, officiated as Director during Mr. Pedler's absence on privilege leave from the 15th May to the 17th August, 1903.

2. Among various measures of improvement carried out during the year under review, the following deserve special mention on account of their far-reaching importance:—

(1) the opening of training classes for Hindu and Muhammadan widows and school-masters' wives so as to enable them to become teachers in girls' schools on the lines of a well-established system in force in the Madras Presidency;

(2) the extension of the system of appointing zanana teachers for women and girls of respectable family and position who by the custom of the country do not appear in public;

(3) the steps taken to improve the training schools for teachers of Primary schools and to increase the number of such schools; and

(4) the preparation of a comprehensive scheme for developing and making grants-in-aid to the indigenous Muhammadan Primary schools which exist throughout the Province.

General statistics of institutions and pupils in respect of primary and secondary education.

3. During the year under review there was an increase of 3·8 *per cent.* in the total number of educational institutions of all kinds and of 7·9 *per cent.* in the total number of pupils, the increase in the previous year having been 2·9 and 5·2, respectively. High and Middle English schools and pupils both increased. Although there was a further decline in the number of Middle Vernacular schools, there was a slight increase in the number of pupils attending schools of this class. The expansion of Primary schools was well maintained during the year, the number of such institutions having risen by 3·5 *per cent.* and the number of pupils by 8·2 *per cent.* There is still however only one school for every three villages in the Province, and the need for further development is year by year more keenly felt.

Education of Indian females.

4. It was observed in last year's Resolution that the various measures taken by Government with the object of advancing and encouraging the education of females in this Province had borne some fruit, and that there had been a substantial increase during the year 1902-1903 both in the number of institutions of this class and in the number of pupils attending them. During the year 1903-1904 the progress of this important branch of education has been much more rapid; the number of schools having increased by 36·5 *per cent.* and the number of pupils by 28·1 *per cent.* Altogether 148,874 girls were under instruction, as against 116,169 in the previous year and 96,050 in the year 1901-1902, the increase being most marked in the number of pupils attending Lower Primary schools. Encouraging as these results are, the proportion of female students to the total number of girls of a school-going age (2·8 *per cent.*) is still insignificant; and the need for patient and continued effort and for the loyal co-operation of the Hindu and Muhammadan communities remains undiminished.

5. One of the greatest difficulties hitherto experienced in establishing and maintaining schools for Hindu and Muhammadan girls has been the lack of qualified female teachers; and, as stated in last year's Resolution, steps were taken during the year 1902-1903 to improve the educational qualifications of teachers of this class and to increase their number by opening training classes in connection with several High English and Mission schools. In pursuance of the same object, it was decided during the year under review to encourage schoolmasters' wives and Hindu and Muhammadan widows to qualify as teachers; and, as an experimental measure, training classes for persons of these classes have been opened at suitable places, stipends being given to pupils who are ready to undergo the prescribed course of instruction.

6. Attention was drawn last year to the general reluctance displayed by parents to allow their daughters to continue their studies after they have reached a marriageable age. In order to meet such cases, the system instituted in the year 1902-1903 of appointing zanana teachers for women and girls of respectable position and family who by the custom of the country do not appear in public was extended; while it has recently been decided to allow girls who obtain Primary or Middle scholarships to retain their stipends even if they do not attend a school, provided that they prosecute their studies under suitable teachers and show good progress at the end of the year.

Education of Muhammadans.

7. It was observed in the Resolution recorded on last year's report that during the year 1902-1903 there had been an increase of 5·8 *per cent.* in the number of Muhammadan pupils under instruction, as compared with an increase of 5·2 *per cent.* in the total number of pupils of all religions. It was remarked that this was a hopeful sign, and that the Lieutenant-Governor trusted that it might indicate a real and lasting awakening on the part of the community to the advantages of education. So far as can be judged from the figures for the year 1903-1904, there are hopes that this anticipation may be fulfilled, the number of Muhammadan pupils having shown a further increase of 11·7 *per cent.*, as compared with an increase of 7·9 *per cent.* in the number of pupils of all religions. Important results are also anticipated from a scheme elaborated during the year under review by a conference of experts, over which Dr. Ross, Principal of the Calcutta Madrasah, presided, for developing the indigenous Muhammadan Primary schools which exist throughout the Province. This scheme has received the Lieutenant Governor's sanction and will be brought into operation as soon as funds permit.

Collegiate education.

8. The number of Arts Colleges was 46, as against 45 in the previous year; while the total number of students remained practically the same. There was again a decrease in the number of students who appeared at the F.A. Examination, amounting to 177, or nearly 5 *per cent.* On the other hand, the percentage of successes rose by 2·7, as against a decline in the year 1902-1903 of 15·9. The total number of candidates for the B.A. Examination was 1,898, as against 1,711 in the previous year, of whom 284 were successful, as compared with 357 in 1902-1903. Altogether 14 candidates presented themselves for the B.Sc. Examination, of whom 5 only were successful. At the M.A. Examination 200 candidates appeared, as against 190 in the previous year; and of these, 70, the same number as in the previous year, succeeded in passing the examination.

9. The Director remarks that the results of the University Examinations were generally unsatisfactory, but that those of the B.A. Examination are extraordinarily bad. Mr. Pedler states that this failure was partly due to the fact that the candidates sent up from many Colleges in the year under review were not up to the standard of previous years; but he also thinks it probable that the tests for passing these examinations, which have been generally recognised as undesirably low, have been raised by the examiners.

10. Towards the close of the year under review Sir Andrew Fraser decided to remove the Dacca College from its present position in the City to an open site on the outskirts of Dacca. The new buildings will include houses for the Principal of the College and some of the professors, and hostels for a considerable proportion of the students. Good progress has already been made with this scheme.

Commercial classes at the Presidency College.

11. Special Commercial classes were opened in June 1903 at the Presidency College. Few students have however hitherto joined these classes, and but little progress has yet been made. This subject is now under the special consideration of the Lieutenant-Governor. At His Honour's request a Conference of representative gentlemen interested in this branch of education has lately met and discussed the whole question. The views of the Conference will be awaited by him with much interest.

Secondary education.

12. The number of Secondary schools for Indian boys was 2,442, as against 2,441 in the year 1902-1903. Middle Vernacular schools declined by 46, while High English and Middle English schools increased by 11 and 36 respectively. As noticed in last year's Resolution, the tendency is to convert Middle Vernacular schools into Middle English schools and to develop the latter in their turn into High English schools.

13. Altogether 5,971 candidates were sent up for the Entrance examination, as against 5,623 in the year 1902-1903; while the number of successful candidates was only 2,351 (39·3 *per cent.*), as compared with 2,622 (46·6 *per cent.*) in that year. These results are, as the Director observes, extremely disappointing; and an examination of the figures of recent years shews that the process of deterioration has been proceeding steadily for several years past, and that it has affected Government schools as well as aided and private schools. More candidates are now sent up than in previous years, but the number of successful candidates is considerably less. Mr. Pedler observes that as the gentlemen who conduct the Entrance examination are generally the same from year to year, these figures tend to show that the teaching in High schools is deteriorating, or that there is an increasing tendency to send up boys who are insufficiently prepared or are too young. In paragraph 15, page 21, of his report, Mr. Pedler observes that a comparison of the qualifications of teachers at such schools during the last two years shews that the number of M.A.'s and B.A.'s employed has declined by 9 and 16 respectively, and that graduates do not take readily to educational work. The Lieutenant-Governor trusts that one of the results of the Universities Act will be that pupils will be better prepared for this examination and will not be allowed to present themselves at it at too early an age. His Honour is unable to accept the view taken by Mr. Pedler that the qualifications of teachers in High schools have declined. A statement which he has had prepared for the last ten years shows that it is only in the year under review that a slight falling off in that respect has occurred, and that in the nine previous years the increase in the proportion of qualified teachers on the establishments of the various classes of schools kept pace with the increase in the number of pupils.

Technical and industrial education.

14. As in the preceding year, technical education was imparted at the Civil Engineering College, Sibpur, the Bihar School of Engineering, the Survey Schools at Dacca, Cuttack and Angul, and also at schools affiliated to the Sibpur College. The number of Industrial schools rose from 25 to 27, and the number of pupils attending them from 701 to 806. Of these schools, 1 is maintained by Government, 6 are supported by District Boards, 15 are aided from public funds, and 5 are unaided. Measures are at the present time being taken in accordance with the orders passed by the Government of India in their Resolution reviewing the Report of the Industrial Education Committee to improve the organisation of the existing technical and industrial schools throughout the Province.

15. A scheme for establishing schools for the purpose of imparting instruction in respect of the best and latest methods of cotton, silk and wool weaving, combined with a general education up to the Primary standard and teaching in drawing and designing, has recently been submitted to the Government of India and is at the present time under the consideration of that Government. It is well known that a great hand-loom industry exists in Bengal. Its condition however is precarious; and it is considered essential that, if it is not to be allowed to sink further into decay, really practical technical instruction should be provided for all classes of weavers, except the very small number who are employed in artistic work, to which mechanical improvements are not

applicable. It is notorious that the great mass of Indian weavers still use the old Indian hand-loom and warping apparatus, and are ignorant of the extraordinary mechanical improvements which have been made, since the middle of the eighteenth century, as regards these appliances and the preparatory processes of weaving. Several of the most important of these improvements are inexpensive, do not require great technical skill, and can easily be adapted to ordinary Indian weaving. There is, therefore, reason to hope that, if such a scheme is sanctioned, it may be productive of good results.

16. Schemes were submitted during the year to the Government of India for establishing a curriculum of mining instruction at the Sibpur Engineering College and for imparting practical instruction in mining in the mining districts. These schemes, which have been prepared with the help of representatives of the Indian Mining Association and expert officers of Government, including the Director-General of Geology and the Chief Inspector of Mines, are at the present time under the consideration of the Government of India.

Primary schools.

17. During the year 1902-1903 the number of Primary schools for Indian boys increased by 3·2 *per cent.* and the number of pupils by 6·1 *per cent.* It is very satisfactory therefore to find that there has been a further improvement during the year under review, the increases under the heads indicated having been 3·5 and 8·2 *per cent.* respectively. As pointed out however in paragraph 3 of this Resolution, there is still only one school to every three villages in Bengal; and the number of schools of this class must be very largely increased before any real satisfaction can be felt.

18. Considerable advance was made with the scheme sanctioned last year for establishing training schools to which teachers in primary schools are sent for a two years' course of training in the art of teaching. Altogether 41 additional schools of this class were opened during the year. Many more schools of this class are however urgently required; and, as soon as the necessary funds are forthcoming, this will be one of the first charges which will have to be met.

Hostels.

19. The Director observes that the usefulness of hostels is now thoroughly appreciated, and that many colleges and schools have institutions of this class attached to them. Mr. Pedler observes however that the accommodation at present available at these institutions is altogether inadequate, providing, as it does, for only 2 *per cent.* of the students attending Arts Colleges and Secondary schools.

20. It has been found that the existing rules for the regulation of hostels and students' messes are ineffective, that the students are frequently left without proper supervision and control, and that the conditions under which they live are in many instances extremely undesirable. The subject is engaging the serious attention of the Lieutenant-Governor at the present time, and a Conference of the heads of institutions in Calcutta has been convened for the purpose of considering the subject. His Honour trusts that, as a result of the deliberations of these gentlemen, it may be possible to prepare a body of regulations which will be of practical utility for the future.

21. The question of enabling District Boards to contribute towards the construction and maintenance of hostels, which was raised by the Director in his report for the year 1902-1903, received careful consideration during the year. The local officers and authorities who were consulted in the matter were practically unanimous in recommending legislation, and proposals on the subject will shortly be submitted to the Government of India.

Inspection.

22. The failure on the part of certain Sub-Inspectors of Schools to spend the prescribed number of days on tour was noticed in the Resolution for the years 1901-1902 and 1902-1903, and instructions were issued that the standing orders on the subject must be enforced in future. Further instances of remissness are again reported, and special measures will now be taken to bring home to the officers concerned their responsibility in this matter.

The position of District Officers and Divisional Commissioners in regard to education.

23. District Officers are already, in their capacity as Chairmen, of the District Boards, in a position where they may be in close touch with education in Primary and Middle schools; and the Lieutenant-Governor warmly

acknowledges the valuable services rendered by many such officers in this department of work. Their relation to education in High Schools and Colleges is, however, His Honour considers, not as satisfactory as it might be, and he will endeavour to remedy this defect at an early date. He will at the same time consider how far the influence of Commissioners of Divisions in regard to all classes of education may be strengthened. Numerous schemes of educational reform are now in process of development, and it is essential that all District Officers and the higher administrative officers of Government should take an active interest in their progress.

24. Sir Andrew Fraser wishes to place on record his high appreciation of the services rendered during the year by Mr. Pedler. As indicated in the last paragraph, numerous schemes of reform are under consideration, and in all of these his advice and experience are of great value. Many of the schemes referred to have been matured and will be introduced as soon as funds permit. His Honour trusts that it may be found feasible to give effect to not a few of them during the coming year 1905-06.

By order of the Lieutenant-Governor of Bengal,

A. EARLE,

Secretary to the Govt. of Bengal.

REPORT ON THE EARLY COTTON CROP OF BENGAL, 1904.

THE following report is published for general information.

A. EARLE,

Secy. to the Govt. of Bengal.

The 9th December 1904.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

REPORT ON THE EARLY COTTON CROP OF BENGAL, 1904.

Explanatory.—This report furnishes estimates of area and outturn of the early cotton crop, that is, the crop that is sown before the monsoon rains begin and harvested early in the cold weather. Estimates of the late crop, which is sown partly before and partly after the rainy season and harvested in the hot weather, will be published in February.

2. *Character of the season.*—The early cotton crop is grown principally in the Chittagong Hill Tracts, and in the districts of Sonthal Parganas, Manbhum, Singbhum, Ranchi, Cuttack, and Hazaribagh. There was very heavy rain in April in the Chittagong Hill Tracts which prevented the *jhooms* from being properly burnt, and resulted in the seeds germinating poorly. Heavy rain from May to August seriously affected the crop in Hazaribagh and Ranchi. In Orissa the crop suffered on the other hand from want of rain all through the monsoon season.

3. *Area sown.*—The appended table summarising the district reports would show that the normal area under early cotton in these Provinces is 61,600 acres, against 70,400 acres shown as normal last year. The difference is due to the revision of the normal area in some districts, *e.g.*, Monghyr, Balasore, Puri, Hazaribagh and Manbhum.

The area sown this year is estimated at 52,000, against 57,100 acres of last year. This decrease is due partly to unfavourable weather and partly also to revision of the areas by some of the district officers. The normal area under cotton and the outturn per acre in the more important districts are at present under investigation, and all the four travelling overseers of this department have been deputed for the purpose, but their reports have not yet been all received.

4. *Character of the crop.*—Only one district out of fifteen, *e.g.*, Jalpaiguri, reports a normal crop. Six districts, *e.g.*, Midnapore, Bhagalpur, Sonthal Parganas, Cuttack, Balasore, and Singbhum, report from 90 to 99 per cent. Five districts report from 60 to 80 per cent. Chittagong Hill Tracts, which is the most important cotton growing area in the Province, reports only 55 per cent., while the lowest is reported from Puri (50 per cent.) and Palamau (40 per cent.). The outturn for the Province as a whole according to the district returns comes to 71 per cent of a normal crop. It would be safe to estimate the outturn as 75 per cent.

5. *Outturn.*—The total yield of the early cotton crop this year is estimated at 4,960,500 lbs., against 6,058,100 lbs. of last year. The average yield of the preceding ten years amounted to 6,128,600 lbs.

S. L. MADDOX,

Director of the Department of Land Records and Agriculture, Bengal.

CALCUTTA,

The 7th December 1904.

Forecast of the Early Cotton Crop of Bengal, 1904.

Division.	*District.	Total area of the district in acres.	Total area under cultivation in acres.	Approximate normal area under *early* cotton in acres. FINAL FORECAST OF THE WINTER RICE CROP OF BENGAL, 1904.

THE following note is published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

The 9th December 1904.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

FINAL FORECAST OF THE WINTER RICE CROP OF BENGAL, 1904.

Character of the season.—The ante-monsoon showers were below the normal except in North and East Bengal. In April also the rainfall in those parts was heavy, but moderate elsewhere. In the following month, it was above the normal throughout the Province except Orissa. The fall in June was deficient in North and East Bengal, heavy in Chota Nagpur and Orissa, and almost normal in other parts of the Province. The deficit in Orissa continued through July, although everywhere else it was copious and general. In August, Orissa got its normal rainfall, Patna and Chota Nagpur Divisions as well as the districts of Bhagalpur and Monghyr got an excess, but the fall in the remaining districts was much below the normal of that month. The rainfall in the following two months was very low, and from the middle of September to the middle of October there were scarcely any good showers anywhere. There was good rain, however, in Behar in the latter part of October which saved the crop to a great extent. There was a flood in East Bengal in November which did considerable damage to the standing crops, while the rest of the Province continued to suffer from the drought. On the whole the season has been an unfavourable one for the winter rice crop of the Province.

2. *Area cultivated.*—Since the issue of the preliminary forecast, the District officers of the 24-Parganas, Nadia and Balasore have submitted revised figures of normal area, and the total *normal* area under this crop in the Province now stands at 30,782,600 acres against 30,554,600 acres reported last year. The area *actually* under winter rice this year is estimated at 30,217,900 acres. The estimate of normal area is based upon ascertained data in only 21 districts which

have been surveyed wholly or to a great extent and whose normal acreage under this crop is 8,766,725 acres, and the actual area under the crop this year in those districts is estimated at 8,827,108 acres.

3. *Character of the season.*—Out of the 45 districts in the Province, only six (viz., Dacca 110 per cent., Mymensingh 110 per cent., Rajshahi 100 per cent., Faridpur 100 per cent., Tippera 100 per cent., and Bhagalpur 100 per cent.), report a crop of 100 per cent. or over. In 11 districts, namely, 24-Parganas, Khulna, Darjeeling, Rangpur, Pabna, Backergunge, Noakhali, Chittagong, Saran, Darbhanga, and Balasore, the crop is estimated at between 90 and 99 per cent. The estimate in 22 districts varies between 70 to 89 per cent., in five others it varies from 60 to 69 per cent., while Nadia, with 59 per cent., shows the smallest outturn of all. Since the submission of the preliminary forecast the prospects of the crop have improved in seven districts, deteriorated in 29, and have remained stationary in the remaining 9.

4. *Gross outturn.*—Accepting the estimates of the District officers as correct, the outturn of the crop for the Province as a whole works out to 86 per cent. of a normal crop. The gross outturn on 30,217,900 acres may thus amount to 286,391,700 cwts. against 271,721,600 cwts. finally estimated in 1903.

S. L. MADDOX,

Director of Land Records and Agriculture, Bengal.

CALCUTTA,
The 6th December 1904.

APPENDIX I.

Final Forecast of the Winter Rice Crop of Bengal, 1904.

1	2	3	4	5	6	7	8	9	10	11
DISTRICT.	Subdivision	Total area of subdivision and district, in acres.	Total area estimated to be under cultivation, in acres.	Approximate normal area under winter rice in acres.	Approximate area under winter rice last year (1903) in acres.	Estimated area under winter rice this year (1904) in acres.	Taking 100 to represent the normal outturn, how much represented the outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
Bardwan...	Sadar	811,520	635,500	361,600	250,900	358,800	66	75	The fall in the outturn is due to the absence of rain in September and October last. Sadar and Kalna reports show outturns of 50 each only, but I consider this an under-estimate and have raised the figure for these subdivisions to 75.	
	Kalna	255,360	224,000	115,200	110,000	115,200	66	75		
	Katwa	225,280	170,000	130,200	85,000	140,000	66	90		
	Raniganj	395,520	254,700	209,000	175,000	209,000	66	55		
	District Total ...	1,687,680	1,284,200	806,000	620,900	823,000	66	72		
Birbhum...	Sadar	709,120	508,900	393,000	340,000	393,000	75	75	The condition of the winter rice crop is not favourable on account of cessation of rain since October last.	
	Rampur Hât ...	412,800	267,400	211,600	230,000	235,600	75	75		
	District Total ...	1,121,920	776,300	604,600	570,000	628,600	75	75		

1	2	3	4	5	6	7	8	9	10	11
DISTRICT.	Subdivision.	Total area of subdivision and district, in acres.	Total area estimated to be under cultivation, in acres.	Approximate normal area under winter rice in acres.	Approximate area under winter rice last year (1903) in acres.	Estimated area under winter rice this year (1904) in acres.	Taking 100 to represent the normal outturn, how much represented the outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
Bankura...	Sadar	1,229,440	428,800	346,600	231,000	350,000	75	70	Owing to the cessation of rain since October 1904, the estimated outturn has been much reduced.	
	Vishnupur ...	448,000	214,000	160,400	100,000	190,000	90	90		
	District Total ...	1,677,440	642,800	507,000	331,000	540,000	80	77		
Midnapore	Sadar	3,319,040	1,249,300	717,500	710,000	710,000	78	85	Scanty rain in September and October has affected the outturn in Ghatal and part of the Sadar subdivision.	
	Contai		440,100	356,700	354,000	350,000	80	90		
	Tamluk		329,600	220,200	200,000	200,000	85	90		
	Ghatal		171,600	118,300	105,000	105,000	90	65		
	District Total ...	3,319,040	2,100,600	1,412,700	1,369,000	1,365,000	80	85		
Hooghly ...	Sadar	282,880	124,000	115,900	100,600	110,000	95	65	The absence of rains during September and October 1904 has lowered down the prospects; hence the decrease in the outturn.	
	Serampore ...	219,590	111,600	85,000	85,000	85,000	95	75		
	Arambagh ...	258,560	117,000	75,900	60,000	70,000	100	50		
	Howrah	110,720	47,200	40,800	40,700	48,700	100	100		
	Uluberia	215,650	89,100	75,600	60,000	50,000	60	63		
	District Total ...	1,087,360	488,900	396,200	346,300	363,700	90	69		

24-Parganas	Sadar	830,638	453,600	392,000	387,400	385,000	90	100	The figures for the Sadar subdivision have been changed after further enquiry.
	Barasat	166,807	100,400	80,000	99,700	70,000	100	90	
	Barrackpore ...	133,000	77,100	24,600	20,400	16,200	100	100	
	Basirhat	1,482,133	203,400	142,500	135,800	142,000	90	90	
	Diamond Harbour	965,253	240,200	239,600	239,000	239,300	90	100	
	District Total ...	3,574,851	1,079,700	878,600	881,900	852,500	91	98	
Nadia ...	Sadar	448,640	217,200	18,000	15,400	14,700	59	50	The decrease in the outturn is due to flood and to want of rain during the latter part of the season. The figures in columns 5 and 7 have been revised on further enquiry.
	Kushtia	382,080	161,500	33,300	29,000	18,400	60	50	
	Meherpur	404,480	294,700	43,500	30,000	32,000	50	61	
	Chuadanga ...	279,680	170,900	12,400	9,900	12,400	79	84	
	Ranaghat	273,280	139,200	20,600	22,700	33,300	116	67	
	District Total ...	1,788,160	1,043,800	138,800	107,000	110,800	71	59	
Murshidabad.	Sadar	481,280	392,300	67,600	59,300	67,000	50	70	The decrease in the outturn is due to the flood.
	Lalbagh	236,800	142,700	43,900	56,700	43,900	65	85	
	Jangipur	325,760	224,600	27,000	23,600	23,600	75	75	
	Kandi	337,680	225,900	138,600	113,600	122,600	65	50	
	District Total ...	1,371,520	985,500	277,100	252,200	257,100	62	63	
Jessore ...	Sadar	568,960	323,500	153,300	140,000	130,000	73	70	The decrease in the outturn is due to the insufficiency of rainfall after the sowing season.
	Narail	311,660	249,300	180,300	150,000	130,000	85	73

WEATHER AND CROP REPORT.

For the week ending the 12th December 1904.

Burdwan.—Rainfall *nil.* Harvesting of winter rice continues. Prospects of *rabi* crops fair. Fodder and water sufficient. No cattle-disease reported. Common rice sells as follows:—

		Srs.	ch.	
Sadar	... ...	13	8	per rupee.
Kalna	... ...	12	0	
Katwa	... ...	14	15	
Raniganj Old	... ...	12	0	
Raniganj New	... ...	15	0	

Birbhum.—No rain. Weather seasonable. Sugarcane doing well. Harvesting of winter rice continues. Fodder and water sufficient. Common rice sells as follows:—

		Srs.	ch.	
Sadar Old	... ...	13	8	per rupee.
Sadar New	... ...	15	0	
Rampur Hât Old	... ...	14	0	
Rampur Hât New	... ...	17	0	

Bankura.—Rainfall *nil.* Weather too sultry for December. Harvesting of *aman* in low lands continues. Prospects of standing crops fair. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

		Srs.	ch.	
Sadar	... ...	15	0	per rupee.
Vishnupur	... ...	16	0	

Midnapore.—No rain. Harvesting of winter rice crops continues. Fodder and water sufficient. No cattle-disease. Common rice sells as follows:—

		Srs.	ch.	
Sadar	... ...	15	0	per rupee.
Contai	... ...	20	0	
Tamluk	... ...	14	0	
Ghatal	... ...	14	0	

Hooghly.—Rainfall *nil.* Prospects of *aman* bad owing to want of rain. Sowing of *rabi* continues. Fodder and water sufficient. Harvesting of winter rice continues. Common rice sells as follows:—

		Srs.	ch.	
Sadar	... ...	11	0	per rupee.
Serampore	... ...	11	0	
Arambagh	... ...	12	0	

Howrah.—Rainfall at Sadar *nil.* Weather cloudy. The harvesting of winter rice and the pressing of sugarcane have commenced. Standing crops are doing well. No cattle-disease reported. Fodder and water for cattle plentiful. Common rice is selling at 12 seers per rupee at Howrah and Ulubaria.

24-Parganas.—Rainfall *nil.* Weather seasonable. State and prospects of crops good. Sowing of *rabi* over. Harvesting of winter rice going on. Common rice sells at 12 seers per rupee. Condition of cattle good. Supply of fodder and water sufficient.

Nadia.—Rainfall *nil.* Weather seasonable. Harvesting of *aman* progressing. Sowing of *rabi* crops nearly complete. Prospects of standing crops good. Common rice sells as follows:—

		Srs.	ch.	
Sadar	... ...	12	0	per rupee.
Kushtia	... ...	14	8	
Meherpur	... ...	11	0	
Chuadanga	... ...	13	0	
Ranaghat	... ...	13	0	

Murshidabad.—Rainfall *nil.* Weather seasonable. Prospect of paddy good in Sadar. Harvesting of winter paddy continues. Condition of *rabi* and *kalai* in Jangipur good. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

		Srs.	ch.	
Sadar	... ...	13	0	per rupee.
Kandi	... ...	15	0	
Jangipur	... ...	15	0	
Lalbagh	... ...	12	8	

Jessore.—No rain. Weather seasonable. Prospect of standing crops good except in Jhenida subdivision for want of rain. No cattle-disease reported. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	15	0	per rupee.
Jhenida	12	0	
Magura	13	0	
Narail	13	12	
Bangaon	12	5	

Khulna.—Rainfall nil. Weather seasonable. *Til* sowing at Sadar is estimated at 25 per cent. and its state at Satkhira is fair. Cattle-disease is reported from thana Kalaroa. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	0	per rupee.
Bagerhat	15	0	
Satkhira	12	0	

Rajshahi.—No rain. Weather cold. Prospects of standing crops good. Harvesting of *aman* in progress. Sowing of *rabi* crops still going on. *Ganja* plants thriving well. No cattle disease. Fodder and water sufficient. Common rice selling at 15 seers a rupee.

Dinajpur.—Rainfall nil. Weather seasonable. Standing crops fair. Sowing of *rabi* crops and harvesting of winter rice progressing. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	11	0	per rupee.
Thakurgaon	13	0	
Balurghat	15	0	

Jalpaiguri.—Rainfall nil. Weather seasonable. Harvesting of winter rice going on. Transplantation of tobacco continues. Common rice sells at 12½ seers a rupee. Fodder and water sufficient

Darjeeling.—No rain. Weather cold. *Hills—Bara marua* and winter rice being cut. Sugarcane doing fairly. Coarse rice sells as follows:—

	Srs.	ch.	
Hills	10	0	per rupee.
Terai	14	0	

Maize sells at Darjeeling at 16 seers and at Kalimpong at 22 seers per rupee.

Rangpur.—No rain. Weather cold. Harvesting of *aman* going on. Standing crops doing well. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	4	per rupee.
Gaibanda	18	0	
Nilphamari	13	0	
Kurigram	13	8	

Bogra.—No rain. Weather seasonably cold. Sowings of *rabi* crops nearly finished. Harvesting of *aman* going on. Cultivation of lands for *aus* and jute commenced in places. Prospects of standing crops fair. Fodder and water ample. Common rice sells at 15¾ seers a rupee.

Pabna.—Rainfall at Sadar nil, Sirajganj 0·02. Weather cold and partially cloudy. Prospects of standing crops fair. Harvesting of winter rice continues. Fodder and water sufficient. No cattle-disease. Common rice sells at 16½ seers a rupee.

Dacca.—Rainfall at Sadar ·06. Prospects of crops good. Weather seasonable. Fodder available. No cattle-disease. Common rice sells as follows:—

	Srs.	ch.	
Sadar	15	0	per rupee.
Manikganj	14	0	
Narayanganj	13	8	
Munshiganj	13	0	

Mymensingh.—Rainfall at Sadar 0·16, Jamalpur 0·01, Kishorganj 0·08, Tangail 0·13. Weather seasonable with occasional clouds. Prospects of standing crops good. Winter rice being harvested. Fodder and water ample. No cattle-disease. Common rice sells as follows:—

	Srs.	ch.	
Sadar	16	0	per rupee.
Jamalpur	18	0	
Kishorganj	15	0	
Netrokona	15	14	
Tangail	12	0	

Faridpur.—Rainfall at Sadar 0·03. Weather seasonable. Harvesting continues. Prospects of crops good. Fodder and water sufficient. No cattle-disease. Common rice sells at 14 seers per rupee.

Backergunge.—Rainfall at Sadar ·15. Weather cloudy. Harvesting of winter rice commenced. Sugarcane-sowing continues. No cattle-disease. Fodder sufficient. Common rice sells as follows:—

	Srs.	ch.	
Aman	12	8	per rupee.
Aus	15	12	

Tippera.—Rainfall *nil*. Weather seasonable. State of standing crops good. Harvesting of *aman* going on. Fodder and water available. Cattle-disease reported from Laksam. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	8	per rupee.
Brahmanbaria	16	0	
Chandpur	16	0	

Noakhali.—Rainfall at Sadar 0·06. Weather cloudy. Prospects fair. Harvesting of winter rice continues. Fodder and water sufficient. Cattle-disease reported. Common rice sells as follows:—

	Srs.	ch.	
Sadar	15	0	per rupee.
Feni	17	0	

Chittagong.—Rainfall nil. *Aman* crops being reaped and *rabi* crops being sown. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	4	per rupee.
Cox's Bazar	16	1	

Chittagong Hill Tracts.—Rainfall nil. Weather seasonable. Plough-paddy ripening. Mustard and other winter crops progressing. No cattle-disease. Gathering of cotton in *jooms* continues. Common rice sells at 12¼⅜ seers per rupee.

Patna.—Rainfall nil. Weather seasonable. Paddy being harvested. *Rabi* promising. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	8	per rupee.
Barh	14	0	
Bihar	14	0	
Dinapore	15	0	

Gaya.—Rainfall nil. Weather cold. Harvesting of paddy and pressing of sugarcane continue. *Rabi* and paddy doing well. Fodder and water sufficient. Common rice sells at 14½ seers per rupee.

Shahabad.—Rainfall nil. Harvesting of paddy and pressing of sugarcane continue. Standing crops doing well. Cattle-disease reported from Bhabhua and Sasaram subdivisions. Fodder and water sufficient. Common rice sells at 14 seers per rupee.

Saran.—Rainfall nil. Weather cool. Standing crops doing well. Harvesting of paddy and irrigation of *rabi* continue. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 16 and 26 seers per rupee respectively at Sadar.

Champaran.—Rainfall nil. Harvesting of paddy continues. *Rabi* sowings nearly completed. Weeding of poppy and pressing of sugarcane going on. Prospects favourable. Cattle-disease reported. Fodder and water sufficient. Common rice and maize sell at 17¼ and 32 seers per rupee respectively.

Muzaffarpur.—Rainfall nil. Weather cool. Prospects of crops good. *Rabi*-sowing finished. Fodder and water sufficient. Common rice and maize sell at 14 and 28 seers per rupee respectively.

Darbhanga.—Rainfall nil. Weather cool. Harvesting of paddy in progress. Standing crops doing well. Fodder and water sufficient. Cattle-disease reported from Darbhanga police-station. Common rice sells as follows:—

	Srs.	ch.	
Sadar	16	8	per rupee.
Samastipur	17	0	
Madhubani	17	8	

Monghyr.—Rainfall nil. Weather seasonable. *Rabi* crops doing well. Pressing of sugarcane and harvesting of paddy going on. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar ... ... (new)	15	0	per rupee.
Begusarai	13	8	
Jamui	14	0	

Bhagalpur.—Rainfall nil. Weather seasonable. Harvesting of winter rice is in progress. Prospects of standing crops good. Cattle-disease is reported from Katoria, and Kishenganj thanas. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	16	6	per rupee.
Banka	16	4	
Madhipura	18	0	
Supaul	20	0	

Purnea.—Rainfall nil Prospects of *aghani* crops fair. *Rabi* sowings going on. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	0	per rupee.
Kishanganj	12	0	
Araria	16	0	

Malda.—Rainfall nil. Weather cloudy. Harvesting of winter rice in progress. Prospects of standing *rabi* crops good. Sowing of indigo going on. No cattle-disease. Fodder and water available. Common rice sells at 14 seers per rupee.

Sonthal Parganas.—Rainfall *nil*. Weather seasonable. Harvesting of winter rice continues. Fodder and water sufficient. Common rice sells at 14 seers per rupee.

Cuttack.—Rainfall at Sadar *nil*, Jajpur 0·26, Kendrapara 0·05, False Point 0·09. Weather seasonable. *Laghu saradh* being harvested. *Guru saradh* ripening. *Rabi* crops doing well. Fodder and water sufficient. Common rice sells at $17\frac{1}{16}$ seers per rupee.

Balasore.—Rainfall at Sadar 0·25. Harvesting of *saradh* continues. *Rabi* crops doing well. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	18	0	per rupee.
Bhadrak	20	0	

Angul.—Rainfall *nil*. Weather seasonable. Harvesting of winter paddy and *rabi* going on. Fodder and water available. Common rice sells as follows:—

	Srs.	ch.	
Sadar	25	0	per rupee.
Khondmals	34	0	

Puri.—Rainfall *nil*. *Saradh* paddy flowering. *Bara laghu* being reaped. *Chota laghu* being harvested. Rain needed for miscellaneous crops. Sugarcane is being pressed. *Arhar* and mustard flowering. *Kulthi* and grain growing. Lands being ploughed for *dalua* and other *rabi* crops. Cattle-disease reported from certain parts of Khurdah and Sadar thanas. Fodder and water sufficient. Common rice sells at $17\frac{1}{16}$ seers per rupee.

Hazaribagh.—Rainfall *nil*. Weather cold. Cattle-disease reported from nine thanas. Harvesting of paddy still going on. Rain required for *rabi* crops. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	8	per rupee.
Giridih	12	0	

Ranchi.—Rainfall *nil.* Weather seasonable. Harvesting of paddy continues Standing crops doing well. Cattle-disease reported from several thanas. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	0	per rupee.
Gumla	20	0	

Palamau.—Rainfall *nil.* Weather seasonable. *Rabi* doing well. Harvesting of paddy and *til* going on. Pressing of sugarcane continues. No cattle-disease. Fodder and water sufficient. Common rice sells at 15$\frac{3}{16}$ seers per rupee.

Manbhum.—Rainfall *nil.* Weather seasonable. Prospects of crops fair. Harvesting of winter rice nearly over Fodder and water sufficient. Cattle-disease reported from eight thanas. Common rice sells at 14 seers per rupee.

Singhbhum.—Rainfall *nil.* Harvesting of winter paddy nearly finished. Fodder and water sufficient. Cattle disease continues in thanas Ghatsila and Chakradharpur. Common rice sells at 14 seers per rupee.

General Summary.—Light showers are reported from parts of Eastern Bengal and Orissa. Sowing of *rabi* and indigo progressing. Rain is needed for *rabi* in Puri and Hazaribagh. *Ganja* and poppy doing well. Harvesting of winter rice and pressing of sugarcane continue. Cattle-disease reported from 12 districts. No want of fodder and water. The price of common rice has risen in 2 districts, has fallen in 8, and is stationary in the remainder.

By order of the Lieutenant-Governor of Bengal,

A. EARLE,

Secretary to the Govt. of Bengal.

Office of Sanitary Commissioner for Bengal,
The 10th December 1904.

F. C. Clarkson, Major, I.M.S.,
Sanitary Commissioner for Bengal.

Abstract of the Results of Meteorological Observations taken at the Alipore Observatory in the month of November 1904.

	Inches.	Date.	Hour.
The mean pressure of the month	29·981		
The average pressure of November from 44 years' registers ...	29·961		
The highest pressure in the month	30·186	19th	10
The lowest pressure in the month	29·773	5th	16
The range of pressure	0·413		
	Hours		
The total number of hours of bright sunshine during the month	199·0		
The maximum possible number of hours of sunshine .	330·8		
	℉		
The mean temperature of the month	72·5		
The average temperature of November from 20 years' registers	72·4		
The highest temperature in the month	88·2	13th	
The lowest temperature in the month	55·4	29th	
The range of temperature during the month	32·8		
The mean daily range of temperature	17·6		
The greatest range of temperature in one day .. .	22·8	28th	
	Per cent.		
The mean humidity of the month	75		
The average humidity of November from 20 years' registers ...	73		
	Inches.		
The mean vapour tension of the month	0·593		
The average vapour tension of November from 20 years' registers	0·584		
The mean cloud proportion of the month	3·23		
The average cloud proportion of November from 27 years' registers	2·37		
	Inches.		
The total rainfall of the month	0·15		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 52 feet above the ground)	0·14		
The average fall of November from 24 years' registers ...	0·62		
The greatest fall in 24 hours ...	0·15	23rd	
	Days.		
The number of rainy days in the month	1		
The average number of rainy days in November from 24 years' registers ...	1		
	℉		
The mean maximum equilibrium temperature of solar radiation during the month	131·0		
The mean difference of sun and air temperatures	48·7		
The greatest sun temperature	142·4	2nd	
The greatest excess of sun over air temperature .	59·2	2nd	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	60·4		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	4·8		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	6·0	1st	
	Miles.		
The mean movement of the wind per day	46·6		
The greatest movement of the wind in one day	139·0	23rd	
The greatest movement of the wind in one hour	12·0	23rd	9 to 10 A.M. and 11 to Noon.

The number of hours with winds from each of the eight points—

N. 235, N.E. 32, E. 10, S.E. 0, S. 0, S.W. 29, W. 41, N.W. 62, Calm. 311.

G. W. KÜCHLER,
for Meteorological Reporter to the Govt. of India and Director-General of Indian Observatories.

METEOROLOGICAL OFFICE, GOVT. OF INDIA,
Alipore (Calcutta), the 12th December 1904.

Results of the Meteorological Observations taken at the Alipore Observatory from 4th to 10th December 1904.

Month.	Date.	Maximum in sun.	Number of hours of bright sunshine.	Mean pressure barometer at 32° Fahr.	Temperature: Mean.	Temperature: Maximum.	Temperature: Range.	Temperature: Minimum.	Hygrometry: Mean wet bulb.	Hygrometry: Vapour tension.	Hygrometry: Dew point.	Hygrometry: Humidity.	Wind: Prevailing direction.	Wind: Miles recorded.	Rain.	Weather.

	Inches
The mean pressure of the seven days	30·037
The average pressure of the corresponding period for 24 years, Surveyor General's Office	30·022
	Hours.
The total number of hours of bright sunshine	53·8
The maximum possible number of hours of sunshine	75·4
The mean temperature of the seven days	68·8
The average temperature of the corresponding period for 24 years, Surveyor-General's Office	69·2
The extreme variation of temperature	25·7
The maximum temperature	81·2
	Miles
The highest velocity of the wind in one hour	10
	%
The mean relative humidity	74
The average relative humidity of the corresponding period for 24 years Surveyor-General's Office	71
	Inches.
The total fall of rain from 4th to 10th December 1904	Nil.
The average fall of the corresponding period for 24 years, Surveyor-General's Office	Nil.
The total fall from 1st January to 10th December 1904	63·20
The average fall of the corresponding period for 24 years, Surveyor-General's Office	65·19

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day

△, dew.

METEOROLOGICAL OFFICE, GOVT. OF INDIA,
Alipore (Calcutta), the 12th December 1904.

No. 4859L.R.—The 19th December 1904.—The following draft amendment which it is proposed to make under section 189 of the Bengal Tenancy Act VIII, of 1885, as amended by the Bengal Tenancy (Amendment) Act, III of 1898, in rule 1 (*a*), Chapter VI of the rules, published under notification No. 111L.R., dated the 10th January 1899, at pages 33-42, Part I, of the *Calcutta Gazette* of the 11th idem, is hereby published for general information under the provisions of section 190 (1) of the said Act.

Any objection or suggestion which any person may desire to make with respect to the draft should be submitted to the Secretary to the Government of Bengal in the Revenue Department, Calcutta, before the 20th January 1905, on which date the draft will be taken into consideration.

Draft of addition to Rule 1 (a), Chapter VI.

"including all the powers of a Collector, under the Bengal Survey Act V of 1875, in respect to such matters under the Act as may be delegated by the Collector."

No. 4883L.R.—The 20th December 1904.—The Lieutenant-Governor is pleased to direct that the following shall be added to rule 6, Chapter III, of the rules and forms under the Land Records Maintenance Act, III (B.C.) of 1895, which were published with Government Notification No. 5306L.R., dated the 9th December 1895, in Part I of the *Calcutta Gazette* of the 11th idem:—

"Residuary fractions of 50 or 100 documents will be treated as 50 or 100 documents respectively for the purpose of calculating the above allowance."

No. 4884L.R.—The 20th December 1904.—Whereas it is expedient that a survey shall be made and a record-of-rights be prepared in respect of all lands included in the estates mentioned below, belonging to Government and situated within the district of Backergunge:

Backergunge.

In exercise of the powers conferred upon him by section 101 (2) (*c*) and section 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, and in supersession of Government Notifications Nos. 3171L.R., dated the 16th November 1903, published at pages 1473-74 of Part I, of the *Calcutta Gazette* of the 18th idem, and 1472L.R., dated the 7th March 1904, published at pages 370-72, Part I, of the *Calcutta Gazette* of the 9th idem, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights be prepared in respect of all lands included within the boundaries of those estates.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat or non-occupancy raiyat or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that a produce-rent is paid, and the customary terms according to which such rent is paid;

(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;

(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;

(*h*) the special conditions and incidents, if any, of the tenancy;

(i) if the land is claimed to be held rent-free,—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority.

No. 4885L.R.—The 20th December 1904.—Whereas a settlement of land revenue is being or is about to be made in respect of the undermentioned private estates temporarily settled, situated within the district of Backergunge :

Backergunge.

In exercise of the powers conferred upon him by section 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, and in supersession of Government Notifications Nos. 3272L.R., dated 16th November 1903, published at pages 1474-75, Part I of the *Calcutta Gazette* of the 18th idem, and No. 1473L.R., dated 7th March 1904, published at pages 372-74, Part I of the *Calcutta Gazette* of the 9th idem, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands situated within the boundaries of those estates in the said district.

The particulars to be recorded in the survey and record-of-rights shall be the following :—

(*a*) the name of each tenant or occupant ;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce rent, the fact that a produce-rent is paid, and the customary terms according to which such rent is paid ;

(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;

(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases ;

(*h*) the special conditions and incidents, if any, of the tenancy ;

(*i*) if the land is claimed to be held rent-free—whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority;

(*j*) the name of each proprietor, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of each proprietor's private lands, as defined in Chapter XI of the Act.

No. 4891—The 20th December 1904.—Whereas it has been decided that a survey should be made and a record-of-rights prepared in respect of all lands in the district of Faridpur and the *diara* lands of the surrounding rivers:

In exercise of the powers conferred upon him by section 101 (1) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands within the district of Faridpur, including all the lands in the districts of Faridpur, Dacca, Pabna, and Tippera which have formed by alluvion or accretion either as islands in, or accretions to, either banks of any of the rivers which constitute the common boundaries of the above districts.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that produce-rent is paid and the customary terms according to which such rent is paid;

(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;

(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases.
(h) the special conditions and incidents, if any, of the tenancy;
(i) if the land is claimed to be held rent-free,—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(j) the name of each proprietor, including rent-free owner, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of each proprietor's private lands, as defined in Chapter XI of the Act.

No. 4892L.R.—The 20th December 1904.—Mr. N. D. Beatson Bell, I.C.S., is appointed to be Settlement Officer in respect of the operations in the district of Faridpur and the lands in the districts of Faridpur, Dacca, Pabna and Tippera, which have formed by alluvion or accretion either as islands in, or as accretions to, either banks of any of the rivers which constitute the common boundaries of the above districts.

Faridpur. Dacca. Pabna. Tippera.

No. 4893L.R.—The 20th December 1904.—Mr N. D. Beatson Bell, I.C.S., is authorised, under section 3 (17) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B C.) of 1898, to discharge the functions of a Revenue Officer in the district of Faridpur, including all the lands in the districts of Faridpur, Dacca, Pabna and Tippera, which have formed by alluvion or accretion either as islands in, or as accretions to, either banks of any of the rivers which constitute the common boundaries of the above districts, under the provisions of that Act, so far as they relate to Revenue Officers.

Faridpur. Dacca. Pabna. Tippera.

He is also vested with the powers of a Settlement Officer under Rule 1, Chapter VI of the Government Rules under the Bengal Tenancy Act.

No. 4894L.R.—The 20th December 1904.—Under the powers conferred upon him by section 3 of Act IX of 1847, His Honour the Lieutenant-Governor of Bengal is pleased to order that a new survey be made and new maps be prepared according to such survey of the lands in the districts of Faridpur, Dacca, Pabna and Tippera, which have formed by alluvion or accretion either as islands in, or accretions to, either banks of any of the rivers which constitute the common boundaries of the above districts.

Faridpur. Dacca. Pabna. Tippera.

No. 4895L.R.—The 20th December 1904.—Whereas an application has been made by the Port Canning Land Improvement Company, Limited, of Canning Town, thana Canning Town, lessees of Sundarbans Estate Lot 29, Nalgora Abad, Tauzi No. 1501 of the 24-Parganas Collectorate, for a survey and preparation of a record-of-rights in respect of all lands situated in lot No. 29, Nalgora Abad, in the 24-Parganas tract of the Sundarbans, and whereas they have agreed to deposit the cost of the operations:

24-Parganas. Sundarbans.

In exercise of the powers conferred by section 101 (2) (a) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands situated within the external boundaries of the said Lot in the district of the 24-Parganas.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(a) the name of each tenant or occupant;
(b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat, or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(c) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupier;
(d) the name of each tenant's landlord;
(e) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that produce-rent is paid and the customary terms according to which rent is paid;
(f) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(h) the special conditions and incidents, if any, of the tenancy;
(i) if the land is claimed to be held rent-free, whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

(j) the name of each proprietor, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of the proprietor's private lands, if any, as defined in Chapter XI of the Act;

(k) the custom of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

24-Parganas. Sundarbans.

No. 4896L.R.—The 20th December 1904.—Under section 3 of the Bengal Survey Act V (B.C.) of 1875, the Lieutenant-Governor of Bengal is pleased to order that a survey shall be made in respect of all lands situated in Lot No. 29 Nalgora Abad in the 24-Parganas tract of the Sundarbans within the following boundaries:—

North—By a line running east and west drawn from the Mounee Nuddy and the foot of the embankment known as the Joyram Hathirgarh to the Thakuran river, as shewn in Lieutenant Hodge's map of the Sundarbans published in 1831, across which are the lands of Lot No. 128.

East—By a portion of the Thakuran river across which are the lands of Lot No. 122.

South—By portions of the Mounee Nuddy and Thakuran river, south of which are lands of Lots 26, 116 and 119.

West—By the Mounee Nuddy across which are lands of Lots 23 and 27 in thana Mathurapur in the district of 24-Parganas;

and that the boundaries of estates, tenures and mauzas and fields shall be demarcated on the lands so to be surveyed.

24-Parganas. Sundarbans.

No. 4897L.R.—The 20th December 1904.—Babu Hari Das Roy, Sub-Deputy Collector, is authorised, under section 3 (17) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, to discharge the functions of a Revenue Officer in respect of Lot No. 29 Nalgora Abad, tauzi No. 1501 in the 24-Parganas portion of the Sundarbans, under the provisions of that Act so far as they relate to Revenue Officers.

He is also vested with the powers of an Assistant Settlement Officer under rule 1, Chapter VI of the Government Rules under the Act in respect of the above Lot.

24-Parganas. Sundarbans.

No. 4898L.R.—The 20th December 1904.—Under section 4 of the Bengal Survey Act, V (B.C.) of 1875, Mr. D. Sunder is appointed to be Superintendent of Survey for the purpose of carrying out the survey and demarcation of the boundaries ordered in Notification No. 4895, dated 20th December 1904.

A. EARLE,

Secy. to the Govt. of Bengal.

DECLARATION—By the Government of Bengal, Revenue Department.

24-Parganas.

No. 4888.—The 20th December 1904.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government, at the public expense for a public purpose, viz., for the construction of public offices in the town of Calcutta, pargana Calcutta, district 24-Parganas, it is hereby declared that for the above purpose a piece of land comprising the premises known as No. 1 Council House Street and No. 10 Hare Street, measuring, more or less, 42 cottahs and 16 square feet of standard measurement, bounded on the north by Hare Street, on the east by Council House Street, on the south by Council House Street and the Foreign Office, and on the west by the Foreign Office and premises No. 9 Hare Street, is required within the aforesaid town of Calcutta.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Superintending Engineer, Central Circle, Writers' Buildings, Calcutta.

A. EARLE,

Secy. to the Govt. of Bengal.

DECLARATION—By the Government of Bengal, Revenue Department.

24-Parganas.

No. 4899.—The 20th December 1904.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the quarters of the Superintendent of the Albert Victor Asylum at Gobra, in the village of Gobra, Dihi Panchannagram, zilla 24-Parganas, it is hereby declared that for the above purpose premises No. 32 Gobra Road South measuring, more or less, 6 bighas 3 chitaks of standard measurement, bounded on the north partly by Gobra Road South, and partly by No. 5 Dihi

Serampore Road, on the east partly by premises No. 81 Gobra Road South, and partly by the land of Nitai Charan Das and Rakhal Chander Bose, on the south partly by the land of Annoda Noshkar, and partly by the land of Sonatun Addy, and on the west by premises No. 5 and No. 6 Dihi Serampore Road is required within the aforesaid village of Gobra.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Executive Engineer, 2nd Calcutta Division.

A. EARLE,
Secy. to the Govt. of Bengal.

GENERAL DEPARTMENT.

NOTIFICATION.

No 3914.—The 19th December 1904.—The following Resolution issued by the Government of India in the Department of Revenue and Agriculture is published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

No. 16—17-7, dated Calcutta, the 2nd December 1904.

RESOLUTION—By the Govt. of India, Dept. of Revenue and Agriculture.

THE Southern Rhodesia Immigration Restriction Ordinance, 1903, of which extracts were published with this Government's Resolution No. 24—89-2, dated 3rd November 1903, having been altered by an Amending Ordinance of 1904, the following extracts, showing the more important provisions of the law in question as amended, are published for information in supersession of those published in the Resolution above referred to. An extract from the Regulations recently issued under the Ordinance is also published for general information.

* * * * * *

Interpretation of "Prohibited Immigrant."

2. In the interpretation of this Ordinance, if not inconsistent with the context, the expression "Prohibited Immigrant" shall, subject to the provisions in the next succeeding section contained, mean and include—

(1) Any person who is not in possession of visible means of support or is likely to become a public charge.

* * * * * *

(5) Any person who, if asked to do so by any duly authorised officer, shall be unable, by reason of deficient education, to write out and sign with his own hand in the characters of any European language an application to the satisfaction of the Administrator.

(6) Any person who from information officially received by the Administrator from or through the High Commissioner or the Government of any British or Portuguese Colony in South Africa is deemed by him to be an undesirable.

Persons to whom provisions of Ordinance shall not apply.

3. The provisions of this Ordinance shall not apply to—

* * * * * *

(1) (*d*) The wife and minor child of any person who is permitted to immigrate into Southern Rhodesia under the provisions of this Ordinance.

(2) British subjects or other persons of any nationality whom the Administrator, with the concurrence of the Executive Council, shall determine to admit as agricultural or domestic servants, skilled artisans, mechanics, workmen, or miners, subject to such rules, regulations, or restrictions as shall be fixed and appointed in respect thereto, with the assent of the High Commissioner.

(3)* (*a*) Persons domiciled in South Africa.

(*b*) Such persons as are mentioned or referred to in the last preceding sub-section 2) whom the Administrator shall, in pursuance of the provisions thereof, determine to admit, and who shall produce a certificate signed by some officer duly appointed by the Administrator to grant certificates for the purposes of this Ordinance in any country other than Southern Rhodesia, certifying that the person named therein has been engaged to serve, immediately upon arrival in Southern Rhodesia, an employer named therein of repute, at an adequate remuneration and for a reasonable period of time.

* Substituted for the original clause by the "Immigration Restriction Amendment Ordinance, 1904."

Provided that it shall be unlawful for any persons to immigrate into Southern Rhodesia without special permission in writing from the Administrator, that is to say those—

* * * * * *

(d) who from information officially received by the Administrator from or through the High Commissioner or the Government of any British or Portuguese Colony in South Africa are deemed by him to be undesirables.

Prohibited Immigrants may not immigrate into Southern Rhodesia.

4. Subject to the provisions of this Ordinance, it shall be unlawful for any "prohibited immigrant" to immigrate into Southern Rhodesia.

No person may assist prohibited immigrants to enter Territory.

5. No person shall aid or assist any person to immigrate into Southern Rhodesia in contravention of the provisions of this Ordinance.

Power of Administrator to make regulations.

6. (1) The Administrator may, with the advice of the Executive Council, make regulations—

* * * * * *

(e) to prescrible penalties for the contravention of any such regulations; provided that no penalty in respect of any one contravention shall exceed £100, or, in default of payment thereof, imprisonment with or without hard labour for a period not exceeding twelve months, or imprisonment with or without hard labour without the option of a fine for a period not exceeding six months;

* * * * * *

Penalty for immigrating into Territory in violation of provisions of Ordinance.

7. Any person immigrating into Southern Rhodesia in violation of the provisions of this Ordinance or any regulations duly framed thereunder shall be liable—

(1) to be removed from within its limits, and
(2) to be kept in such custody as may by regulation be prescribed, pending such removal.

Penalty for assisting prohibited immigrants to enter Territory.

8. Any person who aids or assists any person in the contravention of any of the provisions of this Ordinance shall be liable for each offence to a penalty not exceeding £50, and in default of payment to imprisonment for a period not exceeding three months with or without hard labour, or to both such penalty and such imprisonment.

Penalty for making false statement.

9. Any person making any false statement in order to procure any certificate or recommendation for the purposes of this Ordinance shall, upon conviction, be liable to—

(1) a fine not exceeding £50, and in default of payment to imprisonment with or without hard labour for a period not exceeding six months; or
(2) such imprisonment without the option of a fine; and
(3) in addition, to be removed from within Southern Rhodesia to beyond the borders thereof at any point.

* * * * * *

Extract from the Regulations framed under the Southern Rhodesia Immigration Restriction Ordinance, 1903.

* * * * * *

5. Any person before being permitted to enter within the territory of Southern Rhodesia shall be required to satisfy the Immigration Officer that he is either not a person falling within the class "A" hereunder mentioned, or that he is a person falling within one or other of the classes "B," "C" and "D" hereunder, that is to say—

"A."—That he is not a prohibited immigrant within the meaning of the second section of the said Ordinance, or

"B."—That he is a person coming within the provisions of the third section of the said Ordinance or any amendment of such section to whom the restrictive provisions of the said Ordinance do not apply, or

"C."—That he is a person proceeding to some place beyond the limits of Southern Rhodesia and that he intends to proceed to his destination with all due celerity, or

"D."—That he is a *bonâ fide* traveller, and that he does not intend to remain in or to become domiciled in Southern Rhodesia.

* * * * * *

ORDERED that a copy of the above Resolution be forwarded to all Local Governments and Administrations and to the Home and Foreign Departments, and that it be published in the *Gazette of India* for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 20th December 1904.

No 192.—Babu Saroda Sunder Pal, Executive Engineer, third grade, temporary rank, Eastern Circle, is granted privilege leave for three months, under article 260 of the Civil Service Regulations, with effect from the 10th January 1905, or such subsequent date as he may avail himself of it.

No. 193.—Babu Poresh Charan Chatterjee, Assistant Engineer, second grade, is transferred, in the interests of the public service, from the Northern to the Eastern Circle.

A. F. HIGGINS,
Offg. Secy. to the Govt. of Bengal.

RAILWAY DEPARTMENT.

The 14th December 1904.

No. 305R.—Notification.—The declaration No. 270R., dated 1st November 1904, published in page 1633, Part I of the *Calcutta Gazette* of 2nd November 1904, regarding land required for brick-fields on the Bairagnia-Shikarpur extension of the Tirhut State Railway, in the district of Champaran, is hereby cancelled.

The 17th December 1904.

No. 306R.—Notification.—Babu Dukshina Ranjan Ghose, Special Land Acquisition Deputy Collector, at present employed in the district of Nadia in acquiring the land required for the Ranaghat-Murshidabad Branch of the Eastern Bengal State Railway in that district, is transferred in the interest of public service for the purpose of acquiring lands needed for the construction of the Godagiri-Katihar Railway in the districts of Purnea and Malda on being relieved of his present work.

The 19th December 1904.

No 307R.- Notification.—The following notification, issued by the Government of India, Public Works Department, is republished for general information.

D. B. HORN,
Secy. to the Govt. of Bengal.

Government of India, Public Works Department (Railways) Notification No. 373, dated the 6th December 1904.—"It is hereby notified for general information that the Government of India having sanctioned a survey of a line from Purulia to Ranchi, a distance of 75 miles, by the agency of the Bengal-Nagpur Railway Company, is pleased to place the same under the control of the Consulting Engineer to the Government of India for Railways, Calcutta.

"2. The survey will be known as the Purulia-Ranchi survey."

No. 308R.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land in the districts of Manbhum and Ranchi is likely to be needed for a public purpose, viz., for the survey of a line by the Bengal-Nagpur Railway Company, Limited, of the Purulia-Ranchi Railway from Purulia to Ranchi. Notice is hereby given to all whom it may concern that, in exercise of the power conferred by section 4 of the Land Acquisition Act of 1894, the Lieutenant-Governor of Bengal has authorised the Engineers for the time being engaged on this undertaking to enter upon and survey land and to do all other acts required for the proper execution of their work as provided or specified in the said section.

The general route taken for the Railway will probably be from Purulia to Ranchi.

No. 309R.—The declaration No. 276R., dated 10th November 1904, published in page 1686, Part I of the *Calcutta Gazette* of 10th November 1904, regarding land required by the East Indian Railway Company for their assisted sidings to Hastings Mills from Rishra station in the district of Hooghly, is hereby cancelled.

The 20th December 1904.

No. 310R.—Notification.—This Department Declaration No. 31R., dated the 9th February 1904, published in the *Calcutta Gazette* of the 10th idem, page 273, Part I, in respect of land required for remodelling the station-yard at Parbatipur on the Eastern Bengal State Railway in the Dinajpur district, is hereby cancelled.

No. 311R.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the East Indian Railway Company for borrow-pits on the Gya-Barakar Railway in the villages of Martkura and Panderpalla, pargana Jheriah, zilla Manbhum, it is hereby declared that for the above purpose two plots of land measuring, more or less, 1 bigha 18 cottahs 14·22 chitaks of standard measurement, corresponding to 0·64 acre, bounded as follows, are required within the aforesaid villages of Martkura and Panderpalla:—

Plot A.—Bounded on the north by the lands of Alwar Majhi, on the south by the newly-acquired land for Gya-Barakar Railway, on the east by the land of Sokla Majhi, and on the west by the *danga* land of Jheriah Raj.

Plot B.—Bounded on the north by the land newly acquired for Gya-Barakar Railway, on the south by the paddy lands of Dwarka Majhi, on the east by the paddy land of Sokla Majhi, and on the west by the paddy land of Alwar Majhi.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected at the office of the District Engineer, East Indian Railway, Asansol.

No. 312R.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the East Indian Railway Company for quarters for European ticket-collectors at Lillooah Station in the villages of Lillooah and Nuoksha, tahsil Boroe, district Hooghly, it is hereby declared that for the above purpose two pieces of land measuring, more or less, four bighas ten cottahs and thirteen chittaks of standard measurement (corresponding to 1·50 acres), bounded as stated below, are required within the aforesaid villages of Lillooah and Nuoksha :—

Plot No. 1.—Bounded on the north and east by the East Indian Railway Company's land for improvement to station building, on the south by the East Indian Railway Company's marshalling yard land, and on the west by the public road to village and East Indian Railway Company's land for improvements to station building.

Plot No. 2 (a triangular portion).—Bounded on the north by the land of Babus Kedar Nath Paul and Gadadhur Bhatta, and on the south and east by the East Indian Railway Company's land for improvement to station building.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the Collector of Howrah, Land Acquisition Department, and in that of the District Engineer, East Indian Railway, at Howrah:—

		GRAND TOTAL ...	......	4 10 13

No. 313R.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the East Indian Railway Company for the purpose of making a stone quarry at 44th mile of the Gya-Barakar Railway in the villages of Gummo, Mayadih, Ladhin, and Dabadih, tahsil Kodarma, zilla Hazaribagh, it is hereby declared that for the above purpose a piece of land, measuring, more or less, 6·88 acres, bounded on the north and east by the villages of Gummo and Dabadih, on the south by the village of Ladhin, and on the west by the village of Mayadih, is required within the aforesaid villages of Gummo, Mayadih, Ladhin, and Dabadih..

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away, or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the Engineer in charge, Gya-Barakar Railway, Manpur.

No. 314R.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the Bengal-Nagpur Railway Company for earthwork for the Midnapore-Jheria extension in the village of Paddogara, pargana Newagurh, zilla Manbhum, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 acres 3 roods 33 poles, being equivalent to 14 bighas 19 cottahs 13 chitaks of standard measurement, is required within the aforesaid village of Paddogara.

Mines of coal, iron-stone, slate or other minerals lying under the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away or use in the construction of the works for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894 and section 3 Clause (1) of Act XVIII of 1885, to all whom it may concern.

A plan of the land may be seen in the office of the District Engineer, Jheria district, Bengal-Nagpur Railway at Mohuda.

No. 315R.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a brick-field at Gokhula on the Bairagnia-Shikarpur extension, Tirhut State Railway, in the village of Mothura, pargana Majhawa, zilla Champaran, it is hereby declared that for the above purpose a piece of land measuring, more or less, 36 bighas and 9 cottahs of standard measurement, corresponding to 12·5 acres, bounded on the north by the public road from Balthur to Shikarpur, on the south by the land of Ramnagar Raj, on the east by the village road from Chainpattia to main road; Balthur, and on the west by the land of Ramnagar Raj, is required within the aforesaid village of Mothura.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Resident Engineer, Bairagnia-Shikarpur extension, Ruksoul.

No. 316R.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for Inspector's bungalow at Ghora Sahan station on the Bairagnia-Shikarpur extension, Tirhut State Railway, in the village of Brijbani, pargana Semrowni, zilla Champaran, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 bighas 2 cottahs 13 chitaks of standard measurement, corresponding to 1·377 acres, bounded on the north, east and west by the land of Bettiah Raj, and on the south by the land acquired for Bairagnia-Shikarpur extension, is required within the aforesaid village of Brijbani.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Resident Engineer, Bairagnia-Shikarpur Extension, Raxaul.

No. 317R.—Declaration—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for making Eurasian female ticket-collector's quarters at Poradah, in the village of Khatadaha, pargana Rajpore, zilla Nadia, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 bighas 6 cottahs 4 chitaks of standard measurement, bounded on the north and west by the land belonging to the Eastern Bengal State Railway, and on the south and east by the village land of Khatadaha, is required within the aforesaid village of Khatadaha.

Mines of coal, iron-stone, slate or other mineral lying under the land, except only such parts of the mines and mineral as it may be necessary to dig or carry away or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6, Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land is available for inspection in the office of the Executive Engineer, Rajbari District, Eastern Bengal State Railway.

By order,

HIGH COURT,

The 16th December 1904.

R. SHEEPSHANKS,

Registrar.

GENERAL LETTER No 15.

To

THE DISTRICT AND SESSIONS JUDGE OF

Dated Calcutta, the 30th November 1904.

HIGH COURT.
ENGLISH DEPARTMENT.
(Civil.)
(Criminal.)

SIR,

I AM directed to request that you will be good enough to arrange for the absence from your Court of Jain officials, suitors and witnesses on the day on which the annual Jain festival, "Kartic Purnima," falls, when such absence will not result in public inconvenience or in obstructing the proper administration of justice.

2. You are further requested to issue similar orders to the Civil Courts subordinate to you.

I have the honour to be,
SIR,
Your most obedient servant,
R. SHEEPSHANKS,
Registrar.

EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 8th December 1904.—In supersession of the orders of the 25th June 1901, 9th November 1901, 26th April 1902, 15th November 1902 and 10th June 1903, Maulvi Muhammad Raziuddin, an Assistant Master (Head Maulvi) in the Murshidabad Nawab's Madrasah, is declared to have been absent on leave, under article 339 of the Civil Service Regulations, from the 3rd June 1901 to 20th April 1902, under article 336 from the 21st April 1902 to 16th August 1903; and again under article 339 from the 17th August 1903 to 1st April 1904, inclusive.

The 18th December 1904.—The late Babu Girindra Gopal Ghosh, a Sub-Inspector of Schools under the District Board of 24-Parganas (class VII), was granted by the Board leave on medical certificate from 25th to 30th October 1904.

Erratum.—In the notification dated the 9th December 1904, published at page 1825, Part I of the *Calcutta Gazette* of the 14th December 1904, transferring Babu Trailokya Nath Datta, an Assistant Master in the Dacca School of Engineering (class VI), to the Ranchi Industrial School, *read* "(substantively *pro tempore* in class V)" *for* "(class VI)."

The 20th December 1904.—Babu Mohendra Nath Datta, Assistant Head Master of the Puri Zilla School (class VII), having returned to duty on the forenoon of the 29th November 1904, the unexpired portion of the leave granted to him under orders of the 5th August 1904 is cancelled.

A. PEDLER,
Director of Public Instruction, Bengal.

INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

1. A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.

2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.

3. Each candidate will be provided with an Index map on which the extent of his task is shewn and other necessary instructions will be noted.

4. Each candidate will be provided with—

A Prismatic Compass	These must be returned intact on the completion of the task.
A Plane-table with Index Rule ...	
A Level and Levelling Staff ..	
A 100 feet or 66 feet chain and 10 arrows	
An offset rod*	
6 Flags	
10 Pegs for each task	
1 Field-book	
1 Level-book	

* If a candidate prefer to use a tape instead of an offset rod, he may do so, but he must supply it himself.

5. The time allowed for each task is left to the discretion of the officer conducting the examination.

A. PEDLER,
Director of Public Instruction, Bengal.

The 20th December 1904.

PROGRAMME OF PRACTICAL SURVEYING EXAMINATION FOR PLEADERS AT SIBPUR, BANKIPUR, DACCA AND CUTTACK CENTRES.

Day.	Date.	Subject: Morning, 8 to 12 A.M.	Subject: Afternoon, 1 to 4 P.M.	Full marks.	REMARKS.
Monday ...	20th Feb. 1905	Nil	Question paper	100	In examination hall.
Tuesday ...	21st " "	Chain and compass surveying ...		100	In the field.
Wednesday...	22nd " "	Plane-table surveying ...		100	In the field.
Thursday ...	23rd " "	Levelling		100	In the field.
Friday ...	24th " "	Use of theodolite and adjustment of instruments.		100	In the field.
Saturday ...	25th " "	Plotting		100	In examination hall.

N.B. -Candidates must bring their own drawing instruments, scales, etc., each day with them.
Paper and drawing boards will be supplied.
The programme may be modified if there be a large number of candidates.

A. PEDLER,
Director of Public Instruction, Bengal.

The 20th December 1904.

PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.
2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.
3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines
4. The field-book will be given up on the completion of the task.
5. No pages may be torn out of the field-book.

PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill in selected details in the interior both by direct measurement and the method of intersection ; the scale of the work should be as large as possible.

LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,
Director of Public Instruction, Bengal.

The 20th December 1904.

NOTIFICATION.

AN examination in the knowledge of English idiom and in pronunciation for teachers of English in Native schools will be held at the office of the Inspector of European Schools, 12, Dalhousie Square, East, on Tuesday the 24th January 1905, at 11 A.M.

Teachers who intend to present themselves for examination should send (at least a week before the examination) a statement containing the following information, and should also *bring* with them their University certificates on the day of the examination :—

Name (in full).
Name of father (in full).
Name of native village and district.
Last University examination passed.
Year of passing.
Signature of the applicant.
Designation and full address.

Candidates should also state whether they have sat for this examination before, and, if so, how often, giving dates.

CALCUTTA,
The 15th December 1904.

W. W. HORNELL,
Inspector of European Schools, Bengal.

NOTIFICATION.

English Teachership Examination, 1905.

1. THE examination will be partly written and partly oral and practical.

2. The written examination will be held at the Training School at Calcutta on the 6th February 1905 and the two following days. Three papers will be set, as shown below:—

				Marks.
I.—Art of teaching,	6th February,	10 A.M. to 2 P.M.	... ...	100
II.—Discipline,	7th ,,	10 ,, 2 ,,	... ...	100
III.—Organisation	8th ,,	10 ,, 2 ,,	... ...	100

3. The oral and practical examination will be in actual class teaching and in notes of lessons. The necessary arrangements for holding this examination will be made by Inspectors of Schools. One hundred marks will be assigned to this examination.

4. In the case of a candidate who is a teacher, the Inspector may, at his discretion, conduct the practical examination at the candidate's own school. This examination may be conducted any time in the month of February 1905.

5. Candidates obtaining 50 per cent of the marks or upwards in each of the subjects, both written and practical, will be declared to have passed, and will be granted English Teachership Certificates, under the signature of the Director of Public Instruction.

6. Candidates for first-grade certificates must have passed the B. A. Examination. Candidates for second-grade certificates must have passed the F. A. Examination, and served as teachers for at least three years. Candidates for third-grade certificates must have passed the Entrance Examination, and served as teachers for at least three years.

7. Candidates for the examination should apply, on or before the 2nd January 1905, to the Head Master of the Training School at Calcutta, and should send a fee of Rs. 5 at the same time.

8. Candidates who have failed at a previous examination will be admitted to the examination, if they have worked as teachers for at least six months since their failure.

9. Further particulars about the examination will be supplied, on application, by Head Masters of Training Schools.

CALCUTTA,
The 9th December 1904.

A. PEDLER,
Director of Public Instruction, Bengal.

NOTIFICATION.

VERNACULAR MASTERSHIP EXAMINATION, 1905.

1. The next Vernacular Mastership Examination for Bengal will be held on the 6th, 7th, 8th, 11th, 13th, and 14th of February 1905.

2. The examination will be held at the Training Schools at Calcutta, Hooghly, Dacca, Rangpur and Chittagong, and at the Church Missionary Society's Training School, Krishnagar.

3. *Bonâ fide* teachers, who have passed the necessary preliminary examinations, will be admitted to the examination on payment of a fee of Re. 1, which must be sent to the Head Master of the Training School at which the candidate desires to be examined, on or before the 2nd January 1905.

4. These candidates will be examined in all the subjects, prescribed for students of Training schools, information about which will be furnished by the Head Masters of those schools on application.

Teachers who passed the vernacular examinations in the old course may be examined in any or all of the following newly revised groups of subjects for the Vernacular Mastership Examination of the grade of which they hold certificates, viz.,—

Elementary Science.
Drawing and Practical Geometry.
Art of Teaching and Kindergarten.
Manual work and drill.

5. Lists of examinees, whether students of Training schools or *bonâ-fide* teachers, must be submitted by Head Masters of Training schools direct to the underisgned, so as to reach him on or before the 5th January 1905, and fees received from *bonâ-fide* teachers must also be sent at the same time.

6. The current session of Training schools will end on the 28th February and the new session will begin on 1st March. Students of the 2nd-year classes, who get stipends will accordingly get their stipends this year only up to 28th February 1905.

CALCUTTA,
The 3rd December 1904.

A. PEDLER,
Director of Public Instruction, Bengal.

SENATE HOUSE,
The 20th December 1904.

K. C. BANURJI,
Registrar.

NOTIFICATION.

AN Oral Examination in the knowledge of English idiom and pronunciation, as notified in the Director of Public Instruction's Circular No. 162, dated the 9th December 1902, will be held in the Office of the Inspector of Schools, Rajshahi Division at Jalpaiguri, on Friday, the 6th January 1905, at 11 A.M. Candidates should send in their applications so as to reach this office on or before the 31st December 1904, stating the following particulars:—

(1) Name of candidate.
(2) His father's name.
(3) Name of native village and district.
(4) Examination passed and the year in which he passed.
(5) Whether he appeared at any previous Oral Examination, and if so when.

Candidates should bring with them their University certificates in original.

C. W. PEAKE,
Officiating Inspector of Schools,
Rajshahi Division.

JALPAIGURI,
The 4th December 1904.

NOTIFICATION.

THE quarterly oral examination in the knowledge of English idiom and pronunciation notified in the Director of Public Instruction's Circular No. 162, dated the 9th December 1902, will held at the office of the Inspector of Schools, Dacca Division, on the 23rd December. Candidates should send in their names so as to reach this office on or before the 19th instant. The examination is free, and is restricted to teachers.

Candidates will be required to produce their University certificates for inspection before the examination.

DACCA,
The 10th December 1904.

H. A. BAMFORD,
Inspector of Schools, Dacca Division.

NOTIFICATIONS OF THE BOARD OF REVENUE.

Addenda and Corrigenda to the publication containing the rules under the Sea Customs Act, VIII of 1878 (corrected up to 31st December 1902).

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 9th December 1904.

No. 21.

THE following revised rules should be substituted for rules 1, 3 and 6 of the rules issued under Notification No. 22B., dated the 8th January 1885, and incorporated in pages 9-13 of the Rules under the Sea Customs Act, VIII of 1878 (corrected up to the 31st December 1902):—

1. The designation of the various officers of Customs under the provisions of sections 6 and 7 of the Act shall ordinarily be—

Collector of Customs.
Assistant Collectors of Customs.
Superintendent of the Preventive Service and the Salt Department, Calcutta.
Preventive Officers or Officers of the Preventive Service.
Appraisers.

3. An Assistant Collector of Customs shall be competent, in the temporary absence of the Collector of Customs, to exercise all or any of the powers conferred on that officer. Ordinarily the Assistant Collectors and all the other officers referred to in section 1 are subordinate to the Collector of Customs, and, except as hereinafter provided, shall be competent to exercise such of the powers conferred, and to perform such of the duties imposed upon officers of Customs by this Act as the Collector may require of them, and to perform all or any of the duties, whether mentioned in this Act or not, as are ordinarily comprised in the management of a Custom House.

6. The power to adjudge confiscation and the power to impose a penalty shall be limited in the case of all Assistant Collectors of Customs, except the First Assistant Collector, to those indicated in clause (c) of section 182.

By order of the Board of Revenue, L. P.,
H. F. SAMMAN, *Offg. Secretary.*

No. 10306B.

OPIUM.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

NOTICE is hereby given that the Provision Opium to be brought forward for sale by public auction in the year 1905, will consist of about 24,000 chests prepared at the Patna Factory, each chest of which is believed to contain 1 maund 18 seers 12 chitaks of pure opium, besides 9 seers 6 chitaks used for pasting the leaves of the shell, and about 24,000 chests prepared at the Ghazipur Factory, each chest of which is believed to contain 1 maund 18 seers 12 chitaks of pure opium, besides 9 seers 6 chitaks used for pasting the leaves of the shell, being of the seasons 1902-1903 and 1903-1904 in the proportion marginally noted.

Opium manufactured at the Patna Factory.

Total	...	24,000	24,000	48,000

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3 The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1903-1904, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment

By order of the Board of Revenue, L. P.,

H. F. SAMMAN,

Offg. Secretary.

CALCUTTA,

The 22nd November 1904.

NOTICE.

No. 10363B.

APPLICATIONS for tickets of admission to the Opium Sale rooms for the year 1905 should be made at the office of the Board of Revenue, Lower Provinces, on or after the 21st December 1904.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Tickets for the year 1904, which have not already been surrendered, should be returned at the same time.

By order of the Board of Revenue, Lower Provinces,

H. F. SAMMAN, *Offg. Secretary.*

MISC. REVENUE DEPT., OPIUM SALE BRANCH, CALCUTTA, *the 24th November 1904.*

No. 10433B.

NOTICE is hereby given that the First Sale of Opium, the Provision of 1902-03, will be held at the Government Opium Sale-room, No. 2 Bankshall Street, on Tuesday, the 3rd January 1905, at 11 A.M., and will comprise 4,000 chests, viz.—

		Chests
Opium manufactured at the Patna Factory, consisting of	...	2,000
Ditto at the Ghazipur Factory, consisting of	...	2,000
Total	...	4,000

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the notification issued on the 22nd November 1904 and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 9th and 18th January 1905, respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes or other Public Securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 P.M. of Monday, the 9th January 1905, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Wednesday, the 18th January 1905.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the opium manufactured at the Patna and Ghazipur Factories will be brought to sale between the sale now advertised and December next on or about the dates

specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates, should circumstances render it expedient to do so:—

DATES.	Manufactured at the Patna Factory; about chests.	Manufactured at the Ghazipur Factory; about chests.	Total; about chests.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the "Gazette of India."*]

MILITARY SECRETARY'S OFFICE.

NOTIFICATION.

Calcutta, the 12th December 1904.

No. 972M.—With reference to paragraphs 2 and 3 of Home Department Notification No. 2619, dated the 12th December 1904, relative to the assumption of the Office of Viceroy and Governor-General of India by the Right Honourable George Nathaniel, Baron Curzon of Kedleston, at 11 A.M. on Tuesday, the 13th December 1904, it is notified that gentlemen entitled to the private entrée at Government House will enter by the south gate, alight at the south entrance, and proceed through Government House to the Council Chamber.

The carriages of gentlemen (except such as have the private entrée) will enter by the north-east gate, set down at the Grand Stairs, and pass out by the north-west gate.

The public gates of Government House will be closed at 10-45 A.M.

After the assumption of the Office of Viceroy and Governor-General of India by the Right Honourable George Nathaniel, Baron Curzon of Kedleston, His Excellency Lord Ampthill will leave Government House for Howrah Railway Station *en route* to Madras at 11-55 A.M. (Calcutta time) on Tuesday, the 13th December 1904.

His Excellency Lord Ampthill's departure will be private.

By Command,

W. M. CAMPBELL, *Major*,

Military Secretary to the Viceroy.

INDIAN EMPIRE.

His Excellency the Grand Master of the Most Eminent Order of the Indian Empire is pleased to announce that His Majesty the King, Emperor of India, has been graciously pleased to make the following promotion in, and appointments to, the said Order:

* * * * *

To be Companions.

John Claude White, Esq., lately Assistant to the British Commissioner for Tibet Frontier Matters.

* * * * *

By Order of the Grand Master,

S. M. FRASER,

for *Secretary to the Most Eminent Order of the Indian Empire.*

The following orders, issued by the Government of India in the Home Department, are republished for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

PUBLIC.

The 12th December 1904.

No. 2619.—The Right Honourable George Nathaniel, Baron Curzon of Kedleston, in the County of Derby, in the Peerage of Ireland, P.C., G.C.S.I., G.C.I.E., appointed by the King, Emperor of India, to be His Imperial Majesty's Viceroy and Governor-General of India, arrived by the East Indian Railway at Howrah at 9 A.M. (Calcutta time) this day, attended by his personal staff and an Aide-de-Camp to the Viceroy. Lord Curzon was received at the Howrah Railway Station by the Secretaries to the Government of India, the Military Secretary and Aides-de-Camp to the Viceroy, the Commissioner of Burdwan, one of the Secretaries to the Government of Bengal, the Brigader-General Commanding the Presidency District with the District Staff, the Commissioner of Police, Calcutta, the Chairman of the Commissioners of Calcutta, the Sheriff of Calcutta and the Magistrate of Howrah. Lord Curzon then proceeded to Government House, where he was received by His Excellency the Viceroy and Governor-General, His Honour the Lieutenant-Governor of Bengal, and the Members of the Governor-General's Council.

2. At 11 A.M. (Calcutta time) on the 13th December Lord Curzon, accompanied by the Members of the Governor-General's Council, will proceed from the Throne Room to the Council Chamber in Government House, where His Lordship's Commission from His Majesty the King, Emperor of India, will be read by the Home Secretary.

3. A Royal Salute will then be fired from the ramparts of Fort William in honour of Lord Curzon on his assumption of the office of Viceroy and Governor-General of India.

A Guard of-Honour of British Infantry will be drawn up opposite the grand entrance of Government House.

All officers of Government stationed at Calcutta will be in attendance at Government House on the grand staircase. Consular Officers and other Representatives of Foreign Governments at Calcutta and non-official gentlemen are also invited to be present. Gentlemen who have the privilege of the private entrée to Government House will be admitted to the Council Chamber.

Full dress will be worn by Civil, Naval and Military Officers and morning dress by gentlemen not entitled to wear uniform.

MEDICAL.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

Champaran.

No. 3469L.S.-G.—The 6th December 1904.—It is hereby notified that, under section 19 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to appoint Mr. R. Yate Lee to be a member of the District Board of Champaran, *vice* Mr. H. C. Hume Spry, resigned.

Howrah.

No. 3570M.—The 13th December 1904.—Under the provisions of section 308 of the Bengal Municipal Act, III of 1884, the following plan, which has been submitted by the Municipal Commissioners of Howrah for lighting certain portions of the town with gas, is published for general information:—

1. The portions of the town of Howrah, which it is proposed to light with gas in addition to the portions already so lighted, are those within the following boundaries and 60 feet beyond them:—

On the east Grand Trunk Road; on the north Nandi Bagan Lane; on the west Nandi Bagan Lane and Bara Bagan Lane; and on the south Nandi Bagan Lane and short cut.

2. An agreement has been entered into between the Commissioners of the Howrah Municipality and the Oriental Gas Company for the supply and lighting of lamps at the rate of Rs. 72-8 each per annum. The expenditure for putting up and maintaining 12 lamps in the aforesaid area and 36 lamps in the streets and areas noted in the margin, which have already been included in the gas-lighted areas, is estimated to be Rs. 3,480.

Dasani Bagan Lane	1
Rosemary Lane	2
M. C. Ghose's Lane	8
Mati Ghose's Lane	2
Nilmoni Mallik's Lane ...	7
Foreshore Road, from Ramkrishnapur Ghat Road to the northern end	16
	36

3. The Municipal Commissioners propose to meet the charge, to be incurred on account of lighting the aforesaid areas, by imposing an annual lighting rate of three per cent. on the annual value of holdings within the newly-lighted area and from the annual surplus from the existing lighting rate. The income to be derived from the lighting tax of the aforesaid area is estimated to be Rs. 55-12 per annum.

Muzaffarpur.

No. 3619L.S.-G.—The 16th December 1904.—It is hereby notified that, under section 19 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to appoint Mr. E. D. M. Exshaw to be a member of the District Board of Muzaffarpur, *vice* Maulvi Syed Ali Nawab, resigned.

Midnapore Collectorate, the 13th August 1904. J. H. KERR, Collector of Midnapore.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Jherria Extension Line of the Bengal-Nagpur Railway, in the district of Midnapore, will be put up to sale at o'clock on Friday, the 10th February 1905, corresponding with the 29th Magh of 1312 A.S., on the spot by the Sub-Deputy Collector.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the District Collector of the orders of the Board confirming the sale.

Midnapore Collectorate, the 11th December 1904.

J. N. RAY, *for* Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Muzaffarpur, will be put up to sale at the Muzaffarpur Collectorate on the 22nd December 1904.

The purchasers will be subject to the following condition of sale:—

Conditions of Sale.

1st.—The estates to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of those estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

Saran Collectorate, Chapra, the 16th December 1904. W. H. BUCHAN, *for* Collector.

APPENDIX XXX.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Chowrashi Branch of the Bengal-Nagpur Railway, in the district of Manbhum, will be put up to sale at 4 P.M. on the 6th February 1905, corresponding with the 24th Magh 1311 B.S., at Ramkanali station of Bengal-Nagpur Railway.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or to plough the land closer than three feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th. The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sales.

GANGA CHARAN CHATTERJEE, Collector, under Act I of 1894, Burdwan and Manbhum.

Land Acquisition Office, Burdwan and Manbhum, the 14th December 1904.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government to the undermentioned estates, situate in the district of Hooghly, will be sold by public auction, subject to the conditions specified below, at the Hooghly Collectorate on the 21st December 1904, corresponding to 6th Pous 1311 B.S.

Conditions of Sale.

1st.—Each estate is to be sold to the highest bidder above the upset price as per Schedule given below. The purchasers of these estates will be registered as the proprietors of the estates, and the entire proprietary right of Government will be transferred to them, subject to the payment of a revenue fixed in perpetuity.

2nd.—The sale is to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers are to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount is to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

JOHN OWENS, *Presidency Postmaster.*

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PRICES.

Proceedings of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled under the provisions of the Indian Councils Acts, 1861 and 1892.

The Council met in the Council Chamber on Saturday, the 17th December, 1904, at 11 A.M.

Present:

The Hon'ble SIR ANDREW FRASER, K.C.S.I., Lieutenant-Governor of Bengal, *presiding*.
The Hon'ble MR. L. HARE, C.I.E.
The Hon'ble MR. K. G. GUPTA.
The Hon'ble MR. B. L. GUPTA.
The Hon'ble MR. P. O'KINEALY, Advocate-General of Bengal.
The Hon'ble MR. E. W. COLLIN.
The Hon'ble MR. R. W. CARLYLE, C.I.E.
The Hon'ble MR. D. B. HORN.
The Hon'ble MR. L. P. SHIRRES.
The Hon'ble MR. A. EARLE.
The Hon'ble MR. R. T. GREER, C.S.I.
The Hon'ble MAHARAJA SIR RAVANESWAR PROSHAD SINGH, BAHADUR, K.C.I.E. of Gidhour.
The Hon'ble BABU KALI PADA GHOSH, M.A., B.L.
The Hon'ble BABU BHUPENDRA NATH BASU, M.A., B.L.
The Hon'ble BABU SALIGRAM SINGH.
The Hon'ble MR. C. F. LARMOUR.
The Hon'ble MR. A. A. APCAR.
The Hon'ble BABU AMBIKA CHARAN MAZUMDAR.
The Hon'ble BABU NALIN BEHARI SIRCAR, C.I.E.

NEW MEMBERS.

The Hon'ble MR. HARE, the Hon'ble MR. K. G. GUPTA, the Hon'ble MR. O'KINEALY, the Hon'ble MR. COLLIN, the Hon'ble Mr. CARLYLE, the Hon'ble MR GREER, the Hon'ble BABU AMBIKA CHARAN MAZUMDAR and the Hon'ble BABU NALIN BEHARI SIRCAR took their seats in Council.

QUESTIONS AND ANSWERS.

OUTRAGE BY RAILWAY GUARDS AT ASANSOL.

The Hon'ble BABU BHUPENDRA NATH BASU asked :—

(*a*) Has the attention of the Government been called to the facts of a case reported in the *Bengalee* newspaper of the 14th July, in which certain serious allegations are made of assault and outraging the modesty of some Indian women, committed by three European Railway guards at Asansol?

(*b*) Is it the case that the inquiry was taken up by the Railway Police, who collected evidence, but that Mr. Colvin, the District Traffic Superintendent, wrote to the Assistant Inspector-General of Police to drop the prosecution on the grounds (1) that the guards are all married men and have uniformly borne a good character; (2) that it is their first offence, and (3) that the European Station Master reports that the guards were fooling themselves under the influence of liquor?

(*c*) Does the Government approve of this proceeding on the part of the District Traffic Superintendent, and will the Government be pleased to state what has been the sequel of the case?

(*d*) Having regard to the paramount importance of ensuring the safety of Indian women travelling by our Railways against outrages, and the fact that there have been some very gross cases of outrage at Asansol in the past, will the Government be pleased to take the necessary measures so as to ensure the law taking its course and prevent a failure of justice, owing to the interference of the District Traffic Superintendent?

The Hon'ble MR. CARLYLE replied :—

"(*a*). The attention of Government has been drawn to an occurrence which took place at Asansol on the 10th of July. Government has also noticed the article in the *Bengalee* on the same subject to which the Hon'ble Member draws attention.

"(*b*). The Railway Police inquired into the matter, but no case was instituted as no specific charge was laid by any person. It is not the case that the District Traffic Superintendent wrote to the Assistant Inspector-General, Government Railway Police, Howrah, in the terms suggested in the question under reply. The only communication received by the Assistant Inspector-General on the subject was a letter from the Traffic Manager in which he stated that he had taken the matter up departmentally and dealt severely with the guards.

"(*c*) and (*d*). As serious allegations, amounting to charges of outrage, had been made with reference to the occurrence, Government called for the papers of the case; and although the charges of outrage were in no way supported, it was clear that a *primâ facie* case under section 120 of the Railway Act had been made out against two of the guards. They were accordingly prosecuted under that section, with the result that they were convicted and fined by the Sub-divisional Officer of Raniganj."

BIHAR SCHOOL OF ENGINEERING.

The Hon'ble BABU BHUPENDRA NATH BASU asked :—

(*a*) Is it a fact that the following rule appears in the prospectus for admission into the Bihar School of Engineering, *viz.* :—

The number of students admitted to the first year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (*viz.*, natives of the North-Western Provinces, Central Provinces, or Bengalis domiciled in Bihar): but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, the vacancies thus occurring can be given to those applicants who are natives of the North-Western Provinces or non-domiciled Bengalis, in that order.

(b) Do the Governments of the North-Western Provinces and Central Provinces contribute towards the cost and maintenance of the Bihar School of Engineering, or is the school entirely maintained by the Government of Bengal; and, if so, in what proportions as against the Government of Bengal?

(c) If the school is maintained by the Government of Bengal, is there any special allocation of revenue from Bihar for the maintenance of the school, or is it maintained out of the general revenues of the province?

(d) Does the Government think that preference should be given—

(i) to Bihari boys, as against Bengalis domiciled in Bihar?

(ii) to boys of the North-Western Provinces and the Central Provinces, as against both domiciled and non-domiciled Bengali boys?

The Hon'ble MR. EARLE replied:—

"(a). The Hon'ble Member appears to have been misinformed. If he will refer to the Calcutta Gazette of the 6th July, 1904, he will observe that the following rule was published with the revised prospectus for admission to the Bihar School of Engineering:—

The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the United Provinces, Central Provinces, or Bengalis); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengalis domiciled in Bihar or non-domiciled Bengalis.

"The previous rule on the subject, which had been in force since the year 1900, was as follows:—

The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz, natives of the North-Western Provinces, Central Provinces, or Bengalis domiciled in Bihar); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the North-Western Provinces, Central Provinces, or Bengalis domiciled in Bihar, in that order.

"As the Hon'ble Member will observe, this rule has now been revised so as to allow of the admission of Bengalis, whether domiciled in Bihar or not, and so as to abolish the preference formerly shown to natives of the United Provinces and the Central Provinces. The practice of admitting natives of those Provinces to the Bihar School of Engineering is an old one which was merely continued and recognised in the rules framed in 1900.

"(b) and (c). The Bihar School of Engineering was opened in July, 1896, and owed its origin to the fund known as the 'Prince of Wales' Reception Fund,' which was raised by Bihari gentlemen to commemorate the visit to India of His Majesty the present King-Emperor, and the object of which was to promote technical instruction in Bengal. The cost of the school is met by the Government of Bengal from the general revenues of the Province, and, to a small extent, by the interest of the Fund referred to.

"(d) (i). As explained in my previous answer, the school owes its origin to, and is partly supported by, an endowment which was subscribed entirely by the residents of Bihar. In those circumstances and because the number of students admissible to the school is limited by the available space, it has been laid down that in admitting students preference should ordinarily be given to Biharis as against Bengalis domiciled in Bihar.

"(d) (ii). It has already been explained in my answer to the first question that preference is not given to natives of the United and Central Provinces as against domiciled and non-domiciled Bengalis."

THE CENTRAL TEXT-BOOK COMMITTEE.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

(a) Will the Government be pleased to state the total number of the members of the Central Text-Book Committee and that of the Muhammadan members, and if the latter number is proportionate either to the Muhammadan population or to the number of Muhammadan students under vernacular instruction?

(b) Will the Government be pleased to inquire and state if books objectionable to Muhammadan religious feeling are in use in the vernacular schools, and will the Government take early steps to remedy the evil?

(c) Will the Government be pleased to lay on the table a statement showing separately the figures of the Hindu and Muhammadan Middle Vernacular Scholarship-holders during the last 10 or 5 years; and will the Government be pleased to consider the expediency of setting apart or creating a specified number of scholarships to be competed for by Muhammadan students exclusively for the encouragement of education amongst Muhammadan boys?

The Hon'ble MR. EARLE replied:—

"(a) There are twenty-one members of the Central Text-Book Committee, of whom seven are Europeans, twelve are Hindus or Brahmos, and two Muhammadans. Taking into account only the Indian members of this Committee, the percentage of Muhammadan members is therefore fourteen, whereas the Muhammadan population represents 32 *per cent.* of the population of the Province, and the number of Muhammadan students under vernacular instruction represents nearly 33 *per cent.* of the total number of students under such instruction. The chief reason why the number of Muhammadans on the Committee is small is that the text-books are mostly written in Bengali, and that the number of Muhammadans with an accurate knowledge of Bengali and ready to write text-books is not large. The Lieutenant-Governor will, however, endeavour to secure a stronger representation of Muhammadans on the Committee.

"(b) Government has no reason to believe that any books objectionable to Muhammadan religious feeling are in use in vernacular schools. The Muhammadan members of the Text-Book Committee are always asked to be present at the meetings of the Committee at which the selected text-books are finally passed, and no objections of this nature have been raised by them.

"(c) The figures showing the number of Hindu and Muhammadan vernacular scholarship-holders during the last five years are—

Year.	Total number of middle vernacular scholars as far as can be traced.	Number of scholarships held by Hindus.	Number of scholarships held by Muhammadans.	Percentage of scholarships held by Muhammadans.
1899	192	160	32	16
1900	187	163	24	13
1901	176	145	31	18
1902	208	175	33	14
1903	201	178	23	11

"The percentages seem to indicate that it is desirable that a specified number of these scholarships should be set apart to be competed for by Muhammadan students exclusively, as is the case already with the senior and junior scholarships. The Lieutenant-Governor will take this matter into his consideration at an early date."

FOREST CASES IN KHULNA.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

(a) Has the attention of Government been called to a paragraph in the *Amrita Bazar Patrika* of 29th November last about the way in which forest cases are being dealt with in Khulna?

(*b*) Is it true that the trying Magistrate tries these cases on board the steamer belonging to the Forest Department without giving any opportunity to the accused persons to defend themselves?

(*c*) Is there any truth in the impression which prevails at Khulna, as reported in the *Amrita Bazar Patrika* of the 26th November last, that an order has been issued from some high authority to severely deal with the offenders against the Forest Laws?

The Hon'ble MR. EARLE replied :—

"(*a*) The attention of Government has been drawn to the paragraphs in the newspaper referred to.

"(*b*) Forest cases are usually tried at the head-quarters of the district or at the sub-divisions; but the District Magistrate has taken up some cases himself, and these he has sometimes tried locally; and he has sometimes used the steamer belonging to the Forest Department to get to the spot. The Commissioner has advised the District Magistrate not to make use of the steamer in question for that purpose in future. It is not true that accused persons have not been given opportunities of defending themselves.

"(*c*) No order has issued from high authority that offenders against the Forest Law should be dealt with severely. But, owing to numerous thefts of forest produce from the reserved forests, which have occurred, great loss has accrued to Government. The Forest Department in taking these cases into Court presses for the adequate punishment of offenders who are found guilty. This procedure has been adopted under the best legal advice. It is hoped that the necessity for taking special measures in respect of these cases will soon cease."

THE MANICKNAGHAR GHAT AND ROAD AT BHADRESWAR.

The Hon'ble BABU BHUPENDRA NATH BASU asked :—

(*1*) Has the attention of Government been drawn to an article in the *Amrita Bazar Patrika*, dated 10th November, 1904, under the heading "A petty matter involving important principles"?

(*2*) Is it true that the Manicknaghar Ghât and road at Bhadreswar, in the district of Hooghly, were ostensibly acquired in terms of the Government declaration for a public purpose but have been or are intended to be made over to a private Company?

(*3*) Is the Government aware that a resolution of the local municipality, passed in February, 1900, making over the ghât to the Company was rescinded by the Government of Sir John Woodburn?

(*4*) Is it not a fact that several petitions have been submitted to Government by the residents of the locality against the road being made over to the Company, on religious and public grounds?

(*5*) Does the Government consider it right to acquire a public road and a bathing ghât under the provisions of the Land Acquisition Act and make them over to a private Company?

(*6*) Has the Government taken the opinion of its Law Officers as to the legal aspect of the question?

(*7*) Is the Government prepared to re-consider its Resolution of the 17th of September last?

The Hon'ble MR. SHIRRES replied :—

"The Lieutenant-Governor has seen the article referred to in the 1st question of the Hon'ble Member.

"The 2nd, 5th and 7th questions may be answered together The Hon'ble Member will find the declaration for the acquisition of the land in page 141, Part IB of the Calcutta Gazette of the 25th May, 1904. The views

and intentions of Government are fully explained in a Resolution No. 8159T.M., dated 17th September, 1904, a copy of which has been placed on the table. The Government is not prepared to re-consider that Resolution.

"To the 3rd, 4th and 6th questions the answer in each case is in the affirmative."

MUNICIPAL DEPARTMENT—MUNICIPAL.

RESOLUTION No. 1859T.M.

Darjeeling, the 17th September, 1904.

READ—

A petition dated 6th June, 1904, from Babu Nilkanto Chatterjee and other inhabitants of the Bhadreswar Municipality, in which they protest against the acquisition by Government of the Manicknaghar Ghât Road in the district of Hooghly.

Read also—

A petition dated 17th June, 1904, from the Bhadreswar Ratepayers' Association on the same subject.

A petition dated 12th August, 1904, from Babu Hurry Mohun Banerjee and other inhabitants of the Bhadreswar Municipality on the same subject.

A petition dated 22nd August, 1904, from Babu Sutto Kripal Banerjee and six other inhabitants of the aforesaid Municipality, in which they withdraw their signatures from the memorial dated the 12th August, and explain the misrepresentation owing to which their signatures were affixed.

RESOLUTION.—A Declaration No. 791T.M., dated the 23rd May, 1904, was published in the Calcutta Gazette of the 25th *idem*, in which it was stated that the land known as Manicknaghar Ghât Road was required to be taken up by Government at the public expense for a public purpose, *viz.*, for the improvement of the means of public access to and the provision of facilities for the public at the river Hooghly. The circumstances in which the Declaration was published are the following:—

2. The land on either side of the Manicknaghar Ghât Road is in possession of Thomas Duff and Company, Limited. The Company are the Managing Agents of jute mills situated on the banks of the river Hooghly; and they had acquired the land adjoining the Manicknaghar Ghât Road for the purpose of erecting a jute mill. The Company desired to acquire the Manicknaghar Ghât Road in order to lay out a more complete compound within which to erect a mill with godowns and dwelling quarters after the latest and most improved designs.

3. In order to compensate the Municipality for the closure of the public road the Company made the following offer:—

(1) That they would cause the sum of Rs. 6,000 to be expended for the following purposes and works:—

(a) The construction of a new pucca road over the land of the Company continuing the Patrapara Road down to the Paikpara Bathing Ghât Road.

(b) The improvement of the existing path running northward from the Grand Trunk Road opposite to the end of the Koila Ghât Road.

(c) The erection of a pucca masonry ghât on the river side at the eastern end of the Koila Ghât Road.

(2) That the Company would pay and make over to the Municipality of Bhadreswar the sum of Rs. 30,000 to be expended in the purchase of a public park or grazing ground, or for such other public purposes as might be thought proper.

4. The Manicknaghar Ghât Road is not a thoroughfare, but is used by the occupants of the adjacent houses as a means of access to the river bank for bathing and other purposes. Had the Company been obliged to erect the mill premises on their land on both sides of the road, it would clearly have rendered the road most unsuitable for its present purpose of access to and from the river for bathing purposes, and would have entirely destroyed the privacy desired by the female portion of the community. It appears, therefore, that

if the road were not given to Messrs. Duff and Company they would be obliged to exercise their rights over their own property in such a way as to cause inconvenience to themselves and their own employés, and also to cause inconvenience to a considerable section of the outside public, who would get no sort of compensation. On the other hand, if the road were given to the Company, the public would be delivered from inconveniences which they would otherwise suffer, and would receive conveniences which they otherwise could not have. The acquisition will be decidedly to the public advantage. It will prevent friction between the public and the mill hands by enabling the mill authorities to exercise supervision over their servants within their own premises and by securing certain specified benefits to the public.

5. The Lieutenant-Governor personally visited the spot on the morning of the 14th August and walked all over it. The persons found using the Manicknaghar Bathing Ghât Road were very few indeed, and the time being just after 8 A.M., this can hardly be ascribed to its not being the ordinary bathing hour. It may be added that this was not due to a desire to avoid meeting employés of the mills, as not a single mill hand was visible. His Honour is satisfied that, with the exception of a few persons who occupy the houses of Bhadreswar just at the far end of the Manicknaghar Bathing Ghât Road, no one will feel any inconvenience from the closure of that road. To the few persons referred to the inconvenience will be of the very slightest. Everybody else in Bhadreswar and everybody beyond will be much advantaged by the opening up of the new road continuing the Patrapara Road, and even more by the opening up of the Koila Ghât Road, which was almost impassable from mud, and by the construction of a pucca ghât at the end of it.

6. The proposal for the closure of the road was approved by the majority of the Municipal Commissioners, and the advantages which it will secure to the public are so obvious that the Lieutenant-Governor cannot consider the opposition to the scheme otherwise than unreasonable and factious. His Honour therefore declines to withdraw the Declaration for the acquisition of the land.

ORDER.—Ordered that a copy of this Resolution be forwarded to the petitioners for information.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secy. to the Govt. of Bengal.

PROPOSED PARTITION OF BENGAL.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

(*a*) Is it true, as stated in the *Pioneer*, that the Government of Bengal has submitted to the Government of India its Report on the question of the proposed partition of Bengal?

(*b*) If so, will the Government be pleased to lay the Report on the table?

(*c*) If the Government does not see its way to do so, will the Government be pleased to state the substance of this Report?

The Hon'ble MR. CARLYLE replied:—

"(*a*). The Lieutenant-Governor has submitted to the Government of India his reply to that Government's letter which was published in December last on

the subject of the desirability of reducing the territorial jurisdiction of the Lieutenant-Governor of Bengal.

"(b) and (c). It would be contrary to rule to make public a report which is under the consideration of the Government of India. The Lieutenant-Governor cannot, therefore, at present either lay the report on the table or state the substance thereof."

THE DISTRICT OF MYMENSINGH.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

(a) Is it in the contemplation of Government to split up the district of Mymensingh into two separate districts?

(b) If so, will the Government be pleased to state in what way it is proposed to effect this division and what will be the head-quarters of each of these two newly-formed districts?

The Hon'ble MR. CARLYLE replied:—

"(a). Proposals for the division of the district of Mymensingh have been considered by Government several times. They have been recently revived. Mymensingh is the third largest district in Bengal and has far the largest population, having a population of nearly four millions, or a million in excess of any other district. In police work and criminal case-work it is much the heaviest district in Bengal.

"(b). The District Magistrate's proposal, which appears to the Lieutenant-Governor to be the best that has been so far put forward, is that the Tangail and Jamalpur Sub-divisions should be formed into a new district with head-quarters between Madhupur and Gopalpur, and that the rest of the district should continue to have its head-quarters in the town of Mymensingh. These proposals have not yet been matured."

THE POLICE SERVICE.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

(a) Has the attention of the Government been drawn to an article headed "The Indians and the Police Service" which appeared in the *Bengalee* of the 23rd July, 1904?

(b) Will the Government be pleased to state how many native Inspectors of Police have been promoted to the rank and grade of Assistant Superintendent since May, 1900, in accordance with the rule laid down by the Government of India as referred to in the said article?

The Hon'ble MR. CARLYLE replied:—

"No such appointments have been made since 1900. This matter some months ago attracted the attention of the Lieutenant-Governor. He found that action under the rule referred to had been suspended by the late Sir John Woodburn, owing to the proposals for the re-organisation of the Police, which were under the consideration of the Police Commission. The orders of the Secretary of State on the recommendations of the Police Commission in this connection are expected before long and must be awaited."

MR. FOSTER'S CASE.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

Has the attention of the Government been drawn to the judgment of the High Court (Pratt and Handley, JJ.) in the case of Raghunandan Pershad and others, petitioners, *vs.* the Emperor, opposite party, as reported in the Calcutta Weekly Notes of August 15th, 1904, and commented on in the *Amrita Bazar Patrika* of the same date? And has the Government been pleased to take notice of the conduct of Mr. Foster, Deputy Commissioner of Hazaribagh, as disclosed in the said judgment and the said newspaper? And, further, in view of the fact that such acts of insubordination on the part of the subordinate judiciary are calculated very much to weaken the administration, will the Government be pleased to take such measures as it may deem fit to discourage such conduct on the part of all subordinate Courts in relation to their superior Courts in future?

The Hon'ble MR. CARLYLE replied :—

"The Lieutenant-Governor has had the case in question before him, and has fully dealt with it in consultation with the High Court. No further action of any kind seems to be necessary."

LANDLORD'S FEES.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

Will the Government be pleased to call for and lay on the table a statement showing, district by district and year by year, the amount of "Landlord's fee" paid and the amount of such fee placed in deposit under sections 12, 13 and 15 of the Bengal Tenancy Act, 1885 (VIII of 1885), since the passing of the said Act?

The Hon'ble MR. EARLE replied :—

"The statements asked for, which have been submitted by the Board of Revenue, are laid upon the table."

WORKING OF THE CHAUKIDARI ACT (BENGAL ACT VI OF 1870.)

The Hon'ble BÂBU AMBIKA CHARAN MAZUMDAR asked :—

Is the Government aware that the word "house" or "holding" not being defined in the Chaukidari Act (Ben. Act VI of 1870, as amended by Ben. Act I of 1892), the provisions of that enactment, as regards the fixing of the number of chaukidars required for any village or local area and the assessment of tax upon the occupiers of houses or holdings therein, are being worked in many places by arbitrarily dividing each particular house or holding into as many houses or holdings as there are huts in the occupation of persons messing separately, owing mostly to the disruption of an original joint family, although they may be all situated in the same compound and within the same set of boundaries? That by this method the number of chaukidars now employed in such places is largely in excess both of their actual requirements as well as of the limit permissible by law, and that in consequence the taxes annually imposed on the villagers have also largely increased to the extreme hardship and annoyance of specially the poorer classes of the village population without however any adequate equivalent in return? And will the Government be pleased to institute a searching inquiry into the actual working of this Act with special reference to the manner in which and the person or persons by whom the number of houses and chaukidars in any village or area is practically determined under section 11, and what, if any, check is actually exercised by the District Magistrates under section 20 upon the assessments imposed by the panchayats under section 13 of the Act?

The Hon'ble MR. CARLYLE replied :—

"As the Hon'ble Member is probably already aware, the Lieutenant-Governor has decided to place Mr. H. Savage, C.S.I., a senior officer with great experience of chaukidari administration, on special duty during the present cold season, to inquire and report generally on the working of the Chaukidari Act and matters connected therewith, and the points to which the Hon'ble Member draws attention in the last portion of his question will no doubt receive that officer's consideration."

ASSESSORS IN SESSIONS CASES.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

(a) Will the Government be pleased to inquire how the system of trial with the aid of Assessors in Sessions cases has worked in the less advanced districts since the promulgation of the Government Notification No. 23618, dated the 19th April, 1897?

(b) Will the Government be pleased to consider whether in the interest of the administration of justice it would not be desirable to withdraw the said Notification?

The Hon'ble MR. CARLYLE replied :—

"(a) Government has adequate information of the working of the system of trial with the aid of Assessors in Sessions cases in all districts; and there is no ground for ordering an inquiry in any district.

"(b) There is no reason to believe that the exemption of legal practitioners from service as Assessors, to which the Hon'ble Member refers, has in any way conflicted with the interests of justice during the seven years it has been in force. Government has therefore no intention of withdrawing the notification of 1897."

LEGAL PRACTITIONERS AS HONORARY MAGISTRATES.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

Is the Government aware that the system of recruiting Honorary Magistrates from among village people is being carried to excess, and that even in towns, including the head-quarter stations of districts, the enforcement of the Government letter, Judicial Department, No 82J.D., dated the 30th May, 1898, prohibiting the appointment of legal practitioners as Honorary Magistrates. has practically divested the Benches of such Magistrates of all qualified and public-spirited men, and that in consequence the classes of people who now generally compose such Benches have proved less efficient and have failed to inspire confidence in public minds? Will the Government be pleased in the best interest of the public as well as of the administration to withdraw the said prohibition?

The Hon'ble MR. CARLYLE replied :—

"The letter of this Government to which the Hon'ble Member refers (No. 82J.D., dated 30th May, 1898) does not prohibit the appointment of legal practitioners as Honorary Magistrates, except under the circumstances stated in section 557 of the Code of Criminal Procedure. That letter merely draws attention to a change made in the law in 1898, so that proceedings might not be vitiated by inadvertent contravention of the provisions of the law as amended. There is no reason, therefore, to withdraw that letter.

"This Government values the power to utilise the services of lawyers on the Bench of Honorary Magistrates, provided that it is exercised in accordance with the provisions of the law, and also with a sound discretion, so as to secure suitable practitioners able to give due attention to their magisterial work. But it cannot be admitted (as seems to be implied in the wording of the question) that 'qualified and public-spirited men' are 'practically' to be found only among the members of the Bar practising before the Magistrates' Courts. Nor does it appear that any real difficulty in securing the services of suitable Honorary Magistrates need result from the amendment of the law to which reference has been made."

TRAVELLING ALLOWANCE TO OFFICIATING MUNSIFS.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

Will the Government be pleased to take into consideration the hard condition under which Officiating Munsifs have to work during the period of their temporary appointments? And having regard to the fact that even after they revert from their first officiating appointment they practically lose all their practice as pleaders and have thenceforward to depend almost entirely upon the small salaries they are able to earn during their officiating services, generally for very short periods and at long intervals, and which in some instances are barely sufficient to cover the expenses of the long and inconvenient distances that they have to travel, will the Government be pleased to provide for some sort of travelling allowances for these deserving officers?

The Hon'ble MR. CARLYLE replied :—

"The question of the grant of travelling allowance to Officiating Munsifs is already under the consideration of Government."

THE BHOWAL ESTATE.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked :—

Has the attention of the Government been drawn to a correspondence from Dacca published in the *Bengalee* of the 9th October last, and to the articles which appeared in the said newspaper of the 11th and 12th idem, about the action alleged to have been taken by the Magistrate-Collector of Dacca in

regard to the Bhowal Estate? Is it true that the said Estate has been taken over by the Court of Wards, and that against legal opinion of the Advocate-General and of the Legal Remembrancer and without hearing the Rani's counsel? Is it a fact that on or about the 5th October the Magistrate of Dacca proceeded to Joydebpur accompanied by the District Superintendent of Police and Mr. Myers, the dismissed Manager of the Estate, together with a detachment of the Reserve Police, and demanded the widowed Rani to vacate the Palace and make over charge of the Estate within ten minutes, although the Rani wanted only a day's time to finish a certain ceremony in which she was engaged at the time? Is it also a fact that the Rani fainted away at the demonstration of force made by the Magistrate, and that the demands of the latter were peremptorily enforced without any regard to the Rani's helpless condition at the time? If so, does the Government approve of the proceeding of the Board in ordering the Estate to be taken over by the Court of Wards, and does the Government also approve of the action of the Magistrate of Dacca in taking over charge of the Estate in the manner disclosed in the aforesaid correspondence and articles? Will the Government kindly inquire where the Rani is at present and in what condition? And will the Government be pleased to lay on the table the order of the Board of Revenue, together with all the reports and correspondence which have led to the taking up of the Estate by the Court of Wards, including the opinions of the Advocate-General and the Legal Remembrancer on the subject?

The Hon'ble MR. EARLE replied:—

"The replies to the enquiries made by the Hon'ble Member are:—

"(1) The attention of Government has been drawn to the correspondence and articles referred to on the subject of the assumption of charge of the Bhowal Estate by the Court of Wards. It is true that the Estate in question has been taken under the management of the Court; but this step was not taken contrary to legal advice, as alleged. In July last the Commissioner of Dacca applied to the Board of Revenue to declare the Rani to be disqualified, and to assume charge of the Estate in order to save the property from the ruin which was likely to result from gross mismanagement and the tenants from oppression and illegal and extortionate proceedings. Although fully satisfied on the evidence adduced as to the advisability of taking charge of the Estate, the Board did not take action at once, as the Rani was only a trustee and not the proprietress of the Estate.

"(2) Subsequently on the 27th September last the eldest son of the late Raja, Kumar Ronendra Narayan Roy, submitted a memorial in which he cited instances of gross mismanagement of the Estate on the part of the Rani, and applied to be declared a disqualified proprietor under section 6 (e) of the Court of Wards Act. Inasmuch as he and his brothers were the proprietors of the Estate, and as it appeared expedient in the public interest that the Estate should be managed by the Court of Wards, the Local Government declared the eldest Kumar to be a disqualified proprietor under section 6 (e) of the Act, in accordance with his request. The two other sons of the late Raja, who are minors within the meaning of section 3 of the Act, were declared by the Board of Revenue to be disqualified under section 6 (b) of the Act. The instances of mismanagement which have come to light since the assumption of the charge of the Estate are many and gross, and fully substantiate the assertions made by Kumar Ronendra Narayan Roy.

"(3) The application made to the Board of Revenue by the Rani to be heard by Counsel was received after orders had been issued by Government that the Estate should be taken under the management of the Court of Wards.

"(4) The Magistrate of Dacca proceeded to Joydebpur on the morning of the 6th October, 1904, accompanied only by the Assistant Magistrate and two chaprasis. The late Manager (Mr. Meyer), an Inspector of Police, and eight constables followed later in the day. The District Superintendent of Police did not visit Joydebpur at all. The attendance of the police was necessary for the purpose of guarding the treasure; while the presence of Mr. Meyer was required

in connection with the tracing out of certain important papers of the Estate which, there was evidence to show, had been concealed. The Rani was never asked to vacate the Palace, nor was she required to make over charge of the Estate within ten minutes, as alleged. On arrival at Joydebpur in the forenoon of the date indicated, the Magistrate communicated to the Rani the orders under which he was acting, and caused to be delivered to her a letter from the Court of Wards addressed to herself. He also called upon her to make over to him the money and papers belonging to the Estate. In reply the Rani stated that all the money that she had was in the treasury, and that she knew nothing about the papers referred to. Inasmuch as only Rs. 1,400 had been found in the treasury, and the Magistrate had proof that a considerable sum of money was in the possession of the Rani and that important papers had been concealed, he was unable to accept this answer. He therefore communicated repeatedly with the Rani on the subject, informing her that he would have to make a search unless the money and papers were produced. The same reply being however invariably received, he commenced a search in the presence of the Rani's people. As evening was approaching, however, only one or two rooms were examined, further action being postponed till the next day. On that day the required papers were found carefully concealed in a cellar, while on the third day a sum of Rs. 36,000 was made over by the Rani to the Magistrate.

"(5) The Magistrate was informed that the Rani fainted on the day on which he assumed charge of the Estate, but he is unable to say if the report was correct or not. He heard that she had been fasting on that day. As shown in the last reply, the action taken by the Magistrate was due to the refusal of the Rani to comply with his orders; and he cannot be blamed in respect of his proceedings.

"(6) There appears to be no reason for making any enquiry as regards the present residence of the Rani and her condition. The lady is, it is understood, in Calcutta. She is in correspondence with the Court of Wards on matters of business connected with the Estate.

"(7) Government sees no reason for laying the papers of this case on the table."

SURVEY OPERATIONS IN THE FARIDPUR DISTRICT.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

In view of the Government Notification No. 2152T.R., dated the 19th September, 1904, published in the Calcutta Gazette of the 28th idem, appointing, under section 4 of the Bengal Survey Act (Bengal Act V of 1875), an Assistant Superintendent of Survey in the District of Faridpur, may I inquire if it is in the contemplation of Government to extend the cadastral survey operations to that district? And, if so, will the Government be pleased to state upon what grounds it is proposed to do so?

The Hon'ble MR. EARLE replied:—

"1. It is in the contemplation of Government to extend the cadastral survey and settlement operations to the district of Faridpur; and the sanction of the Government of India to this proposal has already been obtained.

"2. The principal ground upon which it has been decided to take this step is that the revenue survey on which the existing maps of Faridpur are based was made half a century ago. Owing to vast changes which have occurred in the courses of the big rivers and to the silting up of extensive morasses during the past 50 years, this survey is at the present time an extremely indifferent guide even to the bounds of the villages of which it took note. Agrarian disputes have, in consequence, been rife for many years past in all parts of the district. The district is one in which much turbulence prevails. In the year 1900 the number of cases of rioting in Faridpur exceeded that of any other district of the Dacca Division, except Backergunge; while in the year 1901

this district headed the list of all districts of the province as regards this form of crime. The Commissioner of the Division reports that quarrels about land provide occupation for half the magisterial establishment and for more than half the Civil Court establishment of the district; and that in the year 1902 disputes of this nature were responsible for the institution of 2,500 title suits in the local Civil Courts. These constant disputes entail much expense and trouble upon both landlords and tenants."

PROPOSED PARTITION OF BENGAL.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

Has the attention of the Government been drawn to the statements made in the *Pioneer*, the *Englishman* and the *Bengalee* newspapers that it is practically settled to divide Bengal and that a new scheme has been devised to effect this partition? Are these statements correct? And, if so, will the Government, in view of the panic which they have created, be pleased to make an announcement for the information of the public explaining the nature and the scope of this new scheme?

The Hon'ble MR. CARLYLE replied:—

"The matter of the proposed partition of Bengal is before the Government of India, and the Lieutenant-Governor is not in a position to make any statement regarding it."

THE RANCHI-PURULIA LIGHT RAILWAY.

The Hon'ble BABU KALI PADA GHOSH asked:—

Will the Government be pleased to state whether the proposed Ranchi-Purulia Light Railway has been sanctioned by the Secretary of State and the Government of India, and, if so, when the work of construction will be taken in hand?

The Hon'ble MR. HORN replied:—

"The Government of India have sanctioned the survey of a line from Purulia to Ranchi by the agency of the Bengal-Nagpur Railway Company, and placed the same under the control of the Consulting Engineer to the Government of India for Railways, Calcutta. It is not possible at present to say when the construction of the railway will be taken in hand."

ALLEGED ASSAULT ON A FEMALE PASSENGER AT JAMALPUR.

The Hon'ble BABU KALI PADA GHOSH asked:—

(*a*) Has the attention of the Government been drawn to a letter of the Jamalpur correspondent of the *Bengalee*, published in its issue of the 25th October last, alleging that an European employé of the East Indian Railway attempted to outrage the modesty of a female passenger in the third class waiting-room at the Jamalpur Railway Station? Will the Government be pleased to state whether an investigation has been made into the matter, and, if so, with what result?

(*b*) Considering the fact that such occurrences are calculated to produce serious apprehensions in the mind of the travelling public, will the Government be pleased to take special notice of such cases and see that they are not hushed up or disposed of with mere nominal punishment of the culprits concerned?

The Hon'ble MR. HORN replied:—

"It has been ascertained from the Consulting Engineer for Railways that the alleged assault on a female passenger, referred to in this question, was investigated at the time by the Inspector of the Government Railway Police at Jamalpur. He satisfied himself that no complaint had been made by the

woman, and that no assault or impropriety of any kind had been committed in respect of her. He submitted a detailed report of his enquiry for the information of the Assistant Inspector-General of Railway Police.

"An independent enquiry was held by the Railway district officials, who arrived at the same conclusion. The place of the alleged occurrence was the entrance hall near the booking window, which is well lit. There were several passengers close by in the hall and on the platform. It appears that the allegation was made without foundation by a member of the station staff.

"The action taken by the Railway authorities and by the Police appears to have been prompt and adequate. There was no need of any interference on the part of Government."

PASSENGER TRAFFIC ON THE EAST INDIAN AND BENGAL-NAGPUR RAILWAYS.

The Hon'ble BABU KALI PADA GHOSH asked:—

Will the Government be pleased to invite the attention of the railway authorities to the overcrowding in the trains, as complained of by the *Pioneer* in its issue of the 18th April last, and to which Max refers in the following terms in the columns of the *Capital*:—"I hear that the Howrah Station last Thursday night was a scene of almost indescribable confusion, owing to the accommodation provided by the East Indian and the Bengal-Nagpur Railways being wholly inadequate. Passengers were fighting for places in the Punjab and Madras mail trains like beasts at Ephesus and numbers were left behind. Now if the trains departed from the terminus crammed in this manner, what chances had passengers at wayside stations? The utter unconcern displayed for the passenger traffic is one of the crying scandals of Indian Railway Administration"?

The Hon'ble MR. HORN replied:—

"The complaints made in the *Pioneer* of the 18th April and referred to in *Capital* have received the attention of the Railway Authorities concerned.

"Large sums are being spent by the Bengal-Nagpur Railway in enlarging the platform and waiting accommodation. The system of ticket-checking for entraining passengers is now being discussed with the East Indian Railway with a view to its improvement.

"As regards overcrowding on the 14th April last, there are no registered complaints. It is possible there was some circumstance which affected that particular date, but after this lapse of time it cannot now be ascertained.

"In regard to overcrowding generally, it has been ascertained that a large number of passengers detrained at Kharagpur. The question of increasing the number of trains is under consideration, but the necessity for an increased train service has yet to be proved.

"As regards the East Indian Railway, it has been explained that the difficulty at Howrah is not so much one of overcrowded trains as the difficulty of obtaining access to the trains. From the 13th instant the two most crowded trains are being dealt with at the new station, and it is anticipated that this arrangement will work satisfactorily.

"In order to improve the running of the Punjab mail train, the question of running relief trains twice or three times a week during the months of April and May is under consideration."

THE SMOKE-NUISANCES BILL, 1904.

The Hon'ble MR. CARLYLE moved for leave to introduce a Bill to amend the law relating to the abatement of nuisances arising from the smoke of furnaces or fire-places in the town and suburbs of Calcutta and in Howrah, and to provide for the extension thereof to other areas in Bengal. He said:—

"I do not propose to-day to make any detailed remarks regarding the Bill. These I propose to postpone till next meeting. To-day I will only touch on the main points of the Bill which I ask leave to introduce.

"The fact of the existence of the smoke nuisance is patent to us all, and I think all who have known Calcutta for some time will agree that it is continually increasing as new factories are opened. Over 40 years ago, Bengal Act II of 1863 was passed dealing with this very matter, but it has proved completely ineffectual. The reason of this is that, in order to procure a conviction under the Act, it is not sufficient to prove that smoke is emitted in such quantities as to prove a nuisance. Under the Act it is now held necessary to formulate a charge of nuisance under one of the following heads: (a) 'improper construction,' (b) 'negligent use' and (c) 'absence of the best means for preventing or counteracting of smoke.' These conditions involve detailed references to the construction and manner of using the furnaces, and it is impossible to prove negligence or faulty construction in such a way as to obtain a conviction in a Magistrate's Court.

"In 1903, the Secretary of State appointed an expert, Mr. Grover, to enquire and report into the whole matter. He submitted a report in July, 1903, and the Bill now introduced is largely based on the recommendations made in his report. The main points of the Bill are as follows: In the first place, the Bill applies to Calcutta and Howrah, but Government takes to itself the power to extend it hereafter to other areas in Bengal. In the second place, there are brick and lime kilns and certain furnaces for the calcining or smelting of ores or minerals, or for the casting, puddling or rolling of iron or other metals, or for the conversion of pig iron into wrought iron and the manufacture of coke which cannot be carried on at all without the emission of smoke in such quantities as to constitute a nuisance. Government therefore propose to take power in the cases specified to forbid altogether the erection of lime or brick kilns, or the construction of furnaces of the kind specified above and the manufacture of coke within certain specified areas. The next point in the Bill is that when furnaces are erected, in order to obtain a conviction in Court, all that it will be necessary to prove will be that smoke is emitted from chimneys in such quantities as to constitute a nuisance. Government also takes under this Bill power to direct that furnaces are to be so constructed as not to admit of the emission of smoke so as to constitute a nuisance. Government may also order that furnaces already erected are to be altered or fitted with such appliances as will prevent a nuisance.

"As regards the working of the Act, the Bill proposes that the work should be supervised and controlled by a Commission. The President of the Commission is to be an official, half the Members will be officials, the remainder non-officials to be selected so as to represent the interests likely to be affected by this Act. I do not think it is necessary to-day for me to go into other details of the Bill. I will deal with the details of the Bill, if the Council accepts my motion for leave to introduce it, at the next meeting."

The Motion was put and agreed to.

THE SUNDARBANS BILL, 1904.

The Hon'ble MR. HARE moved for leave to introduce a Bill to provide for the abolition of the office of Commissioner in the Sundarbans. He said:—

"It is not necessary to make any long speech in applying for leave to introduce this short Bill for the abolition of the office of the Commissioner of the Sundarbans.

"It is enough to say that the Government are satisfied that the time has now come when the administration of the tract known as the Sundarbans which lies to the south of the districts of Backergunge, Khulna and 24 Parganas shall be wholly and in all respects administered by the Collectors of these several districts. For a long time, if we except only the making of settlements and the holding of enquiries as to whether the conditions of the old settlement leases have been carried out, the administration of this tract of country has been conducted by the District Officer. He controls excise, education, police and crime and chaukidari, and the opening out of communications and other Government work, and it is thought that he should also exercise control in the important matters connected with settlements. This has become the more desirable,

since Government has decided on a new departure in the matter of settlements in this tract and proposes itself to reclaim and settle raiyats over a large part of this area.

"The District officers already have large khas mehal estates under their management, and it is better that any new estates of this description should be directly under their control.

"For those reasons and for the general improvement of the administration, it is desirable to place the entire administration of the Sundarbans tract under the District Officer, with the help of assistants who will be directly subordinate to him. The present system under which the Sundarbans Commissioner is independent of the District Officer will cease. The Bill which I now ask leave to introduce is to accomplish this object."

The Motion was put and agreed to.

The Council was then adjourned to Saturday, the 7th January, 1905.

CALCUTTA;
The 20th December, 1904.

L. C. ADAMI,
Offg. Secretary to the Bengal Council,
and Asst. Secy. to the Govt. of Bengal,
Legislative Department.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, DECEMBER 21, 1904.

NOTICES TO MARINERS.

The following Notices are published for general information.

D. B. Horn,
Secretary, Marine Department.

Calcutta, the 16th December 1904.

INDIA, WEST—Malabar coast.

Calicut roadstead—Reported depth on the shoal patch.

No. 421 (first publication).—With reference to Notice to Mariners No. 418, dated the 10th December 1904, issued by this office, the Bombay Government has given further notice (No. 119 of 1904) that the reported depth of water on the shoal patch is 4 fathoms.

INDIA, WEST—Bombay coast.

Hernai (Herni)—Usual light exhibited.

No. 422 (first publication).—With reference to Notice to Mariners No. 355, dated the 20th October 1904, issued by this office, the Bombay Government has given futher notice (No. 120 of 1904) that the Red Light occulting from the Harnai Promontory is now exhibited as usual.

INDIA, SOUTH—Ceylon coast.

Gulf of Manar—Amended position of Chuttram light.

No. 423 (first publication) --The Bombay Government has given notice (No. 122 of 1904) that information has been received from the Officer in charge of the Marine Survey Boat Party at Pamban, dated 30th November 1904, that the Chuttram or Chuttrams light is not near Chuttram, but is nearer Thani Kodi. Its correct position is S 60° 30′ E. (true), 13·37 miles from Pamban Light-house.

This Notice affects the following Admiralty Chart:—Palk Strait and Gulf of Manar, Sheet A, No. 68A, and Cape Comorin to Cocanada, No. 828: Also, West Coast of Hindustan Pilot, 4th Edition, 1898, page 103, and List of Lights, Part VI, 1904, No. 312.

CHINA, NORTH-EAST COAST—Shantung promontory.

Tsing hai bay—Rock in approach.

No. 424 (first publication).—The British Admiralty has given notice (No. 1073 of 1904) of the existence of a rock, with a depth of 1½ fathoms over it at low-water ordinary springs, in the approach to Tsing hai bay, situated in a position from which the outermost of the Red Islands bears N. 71° E., distant 2 miles, and the 750 feet hill N. 37° W.

Approximate position, lat. 36° 51¾′ N., long. 122° 0′ E.

(Variation 4° Westerly in 1904)

This Notice affects the following Admiralty Charts:—Shantung promontory, No. 1255: Also, China Sea Directory, vol. III, 1904, page 546.

NEW ZEALAND—South Island.

Wairau River—Leading lights altered.

No. 425 (first publication).—The British Admiralty has given notice (No. 1080 of 1904) that on and after 5th October 1904 the light exhibited on the rear leading beacon into Wairau river would be altered from a white to a *red fixed* light, that on the front beacon remaining *red fixed* as before. The inner leading lights would also be altered at the same time from a red and a green light to two *green fixed* lights, one on each beacon. The lights on the rear beacons show slightly above those on the front beacons.

Approximate position, lat. 41° 30′ S., long. 174° 4¾′ E.

This Notice affects the following Admiralty Charts :—Cook's strait, Nos. 2054 and 695; Also, List of Lights. part VI, 1904, No. 1466 (Remarks) ; and New Zealand Pilot, 1901, page 199.

GULF OF ADEN—Sokotra.

The Brothers—Coral bank to the Southward.

No. 426 (first publication).—The British Admiralty has given notice (No. 1085 of 1904) that information, dated 7th September 1904, has been received from the Commander of the P. & O. Co.'s S. S. *Pera* that at 9-40 P.M. on 7th September. when about 30 miles to the southward of The Brothers, Sokotra, two soundings of 60 and 62 fathoms, coral bottom, were obtained from his vessel in approximately lat. 11° 38′ N., long 52° 58′ E.

This Notice affects the following Admiralty Charts :—Arabian Sea, No. 1012; Gulf of Aden, No. 6a ; Also, Sailing Directions for the Red Sea, &c., 1900, page 401.

CHINA SEA—South Natuna Islands—Seraia.

Swanley reef—Existence of.

No. 427 (first publication).—The British Admiralty has given notice (No. 1086 of 1904) that the Master of the S. S. *Swanley* reports that his vessel struck on a coral patch to the eastward of Seraia island in a position from which Dua rock bears West, distant $4\frac{8}{10}$ miles, and Buku island centre N. 11° E. The reef appears to be of small extent, and the depth over it where the vessel struck was 14 feet; it has been placed on the Chart as a reef with less than 6 feet over it and named Swanley reef.

Approximate position, lat. 2° 42½′ N., long. 108° 40¾′ E.

This Notice affects the following Admiralty Charts :—China sea, No. 2660a ; South Natuna islands, No. 2104; Also, China Sea Directory, vol. II, 1899, page 83; and Supplement, 1901, page 4.

ARABIA, NORTH-EAST COAST—Persian Gulf.

Bushire—The Channel into the inner anchorage marked by beacons and buoys.

No. 428 (first publication).—The Bombay Government has given notice that information has been received from the Officer in charge, Marine Survey of India, dated 25th November 1904, that the Customs Authorities at Bushire have marked the channel into the inner anchorage by one Beacon and six Buoys as under :—

A red iron pile Beacon, surmounted by a small cask painted white with a red band, from which the white Cable House bears S. 6° 44′ E., Abu Shahr Residency Flag Staff, S. 28° 40′ E., and single tree N. 82° 55′ E.

A black spar Buoy, surmounted with a small double cone, from which the white Cable House bears S. 25° 48′ E., Abu Shahr Residency Flag Staff, N. 62° 8′ E., and single tree No 50° 40′ E.

A black spar Buoy, surmounted with a small single cone, from which the white Cable House bears S. 18° 55′ E., Abu Shahr Residency Flag Staff, S. 79 55′ E., and single tree N. 64° 20′ E.

A black spar Buoy, surmounted with a small single cone, from which the white Cable House bears S. 14° 33′ E., Abu Shahr Residency Flag Staff, S. 52° 25′ E., and single tree N. 76° 28′ E.

A white spar Buoy, surmounted with a small black single cone, from which the white Cable House bears S. 9° E , Abu Shahr Residency Flag Staff, S. 81° 25 E., and single tree N. 89° 33′ E.

A red spar Buoy, surmounted with a small single cone, from which the white Cable House bears S. 11° 33′ E., Abu Shahr Residency Flag Staff, S. 49° 28′ E., and single tree N. 73° 31′ E.

A red spar Buoy, surmounted with a small double cone, from which the white Cable House bears S. 16° 33′ E., Abu Shahr Residency Flag Staff, N. 65° 12′ E., and single tree N. 49° 27′ E.

(All bearings are true.)

This Notice affects Admiralty Chart :—Abu Shahr or Bushire, No. 27, and Sailing Directions, Persian Gulf Pilot, Fourth Edition, 1898, page 270.

BAY OF BENGAL—Chittagong coast.

South Patches shoal.—An iron conical black buoy laid.

No. 429 (first publication).—The Port Officer, Chittagong, has given notice, dated 15th December 1904, that an iron conical buoy, painted black, and surmounted with white cage, has been laid in nine fathoms low water, about half-a-mile west of the south end of the South Patches shoal, in lat. 21° 29′ N., long. 91° 38′ 30″ E.

INDIA, SOUTH—Ceylon coast.

Caution—Point de Galle approach.—The wreck of the S. S. "Secundra."

No. 430 (first publication).—The Master Attendant, Galle, has given notice, dated the 10th December 1904, informing Masters of vessels making this Port that they should not approach to the northward of the Bell Buoy till the Pilot boards.

The wreck of the B. I. S. S. *Secundra* lies sunk in 8 fathoms water on the starboard or (eastern) side of the main channel.

1. White mark just shut in by watering point.
2. Lighthouse over the N.-E. corner of Elephant Rock.
3. Mahamodera Point just open to northward of Kokani Rock Lighthouse, bearing about N. 41 W. Mag., distant about 7 cables.

Two spherical buoys have been moored at the bow and stern to mark the position of wreck.

Buoys are painted in red.

AUSTRALIA—Curtis channel.

Breaksea Spit—Reported alteration in soundings on the north.

No. 417 (second publication).—The Portmaster, Brisbane, has given notice (No. 13 of 1904) that Captain Sharp, of the cable steamer *Iris*, reports considerable alterations in the soundings north from Breaksea Spit, having found much deeper water than shown on the chart, and that the 100-fathom line is further to the westward than shown.

Pending resurvey, Masters of vessels are cautioned not to rely on soundings to aid in determining their position when in that locality.

Chart affected, No. 345 ; Australia Directory, Vol. 2.

INDIA, WEST—Malabar coast.

Calicut roadstead—Shoal patch reported.

No. 418 (second publication).—The Bombay Government has given notice (No. 117 of 1904) that a shoal patch is reported in the roadstead of Calicut in a position from which the Conolly Hill bears N.-E. and Calicut old light-house bears N. 80° E.

(The bearings given are true.)

This Notice affects the following Admiralty Charts :—Sacrifice Rock to Belpur, No. 64 ; India, West Coast, Sheet IX ; Mount Dilli to Calicut, No. 747 ; also West Coast of Hindustan Pilot, 1898, page 135.

EASTERN ARCHIPELAGO—Java, east coast.

Surabaya—Decreased depth on reef.

No. 419 (second publication).—With reference to Notice to Mariners, No. 331, dated 30th September 1904, issued by this office, the British Admiralty has given further notice (No. 1057 of 1904) that a recent examination of the reef marked by a white conical buoy, in Surabaya roadstead, situated at a distance of 2 miles S. 51° W. from Kamal Point, shows that the least depth over it is 14 feet, and not 3 fathoms as previously stated.

Approximate position, lat. 7° 11¾′ S., long. 112° 42′ E.

This Notice affects the following Admiralty Chart :—Surabaya strait, No. 934 : also Eastern Archipelago, part II, 1893, page 143 ; and Supplement, 1899, page 16.

EASTERN ARCHIPELAGO—Borneo, south coast.

Cape Selatan—Shoals to the eastward.

No. 420 (second publication).—The British Admiralty has given notice (No. 1065 of 1904) of the existence of the following shoals to the eastward of Cape Selatan :—

(*a*) A shoal, with a depth of 3 fathoms over it, situated at a distance of 4½ miles S. 60° E. from a conspicuous tree on the centre of Cape Selatan.

(*b*) A shoal, with a depth of 4½ fathoms over it, situated at a distance of 11½ miles S. 89° E. from the conspicuous tree.

To the westward, between Cape Selatan and Pulo Datu, the 5-fathom contour line extends for a distance of 4½ miles from the coast; to the southward and eastward it extends 1¾ and 3½ miles respectively from the conspicuous tree.

The above positions are as plotted on Chart No. 941*b*.

Approximate position on Chart No. 941*b* of conspicuous tree, lat. 4° 10′ S., long. 114° 40¼′ E.

(*Variation 2° Easterly in 1904.*)

This Notice affects the following Admiralty Chart :—Eastern Archipelago, No. 941b : also Eastern Archipelago, vol. II, 1893, page 298 ; and Supplement, 1899, page 32.

AUSTRALIA—Spencer gulf.

Approaches to Port Augusta considered dangerous.

No. 406 (third publication).—The President, Marine Board, Port Adelaide, has given notice (No. 14 of 1904) that a heap of Stone Ballast (discharged from the *Pass of Killiecrankie*) lies on the sand flat south of Yatala Harbour, with the beacon on Douglas Bank bearing S. W. and the South Hummock W.N W.

The flat being dry at L.W.S., the ballast is well out of the navigable channel for ordinary vessels, but may be dangerous to small vessels going over the flats at H. W.

Approximate position, lat. 32° 47′ S., long. 137° 52′ 15″ E.

This affects Admiralty Charts 2389B and 401.

AUSTRALIA—Investigator straits.

Marion bay—A white (ship's mast-head) light to be exhibited.

No. 407 (third publication).—The President, Marine Board, Port Adelaide, has given notice (No. 15 of 1904) that at such times as a vessel is expected at Marion Bay a white (ship's mast-head) light will be exhibited from the jetty end, and will be visible about two (2) miles.

This affects Admiralty Chart No. 2389B.

BAY OF BENGAL—Burma coast.

Gulf of Martaban—The floating light-vessel Martaban to relieve light-vessel at the Baragua flats.

No. 408 (third publication).—The Principal Port Officer, Burma, has given notice dated 10th November 1904, that the floating light-vessel "Martaban" will temporarily relieve the present floating light-vessel at the Baragua Flats about the 5th December 1904.

The light to be exhibited about that date will be the same as at present.

INDIA, WEST—Bombay coast.

Rajpuri—Buoy replaced.

No. 409 (third publication).—The Bombay Government has given notice (No. 115 of 1904) that the Red buoy on the north side of the Whale Reef of Rajpuri Point at the entrance of the Janjira harbour, that had been removed for the South-West monsoon, was replaced on the 17th of October 1904.

CHINA—Yang Tse Kiang.

Kiu Toan light-vessel—Light altered.

No. 410 (third publication).—The British Admiralty has given notice (No. 1003 of 1904) that at about the beginning of October the Kiu Toan light-vessel, exhibiting a white flashing light, would be replaced by a light-vessel exhibiting a *white group occulting* dioptric light of the 4th order, showing groups of two occultations *every twenty seconds*, thus :—light,

twelve seconds; eclipse, *two seconds*; light, *four seconds*; eclipse, *two seconds*; it would be elevated 30 feet above the sea, and visible in clear weather from a distance of 10 miles; the vessel is painted red, marked "Kiutoan" on the sides, and has one mast from which the light is exhibited

During thick or foggy weather a bell will be struck *twice* every *twenty seconds*, thus:—*stroke; silent interval, five seconds; stroke; silent interval, fifteen seconds.*

If the light-vessel is out of position, a red flag will be hoisted by day, and at night a *red fixed* light at each end of the vessel will be exhibited in place of the occulting light.

Approximate position, lat. 31° 13½′ N., long. 121° 48′ E.

This Notice affects the following Admiralty Charts:—Kueshan islands to Yang tse Kiang, No. 1199; approaches to the Yang tse Kiang, No. 1602; Also, List of Lights, part VI, 1904, No. 745; and China Sea Directory, vol. III, 1904, page 407.

NEW ZEALAND—Auckland.

Time signal established.

No. 411 (third publication).—With reference to Notice to Mariners No 232, dated 27th June 1903, issued by this office, the British Admiralty has given further notice (No. 1011 of 1904) that the time ball formerly dropped from the yard arm of the Port Office flagstaff at Auckland has been discontinued.

Approximate position, lat. 36° 50¾′ S., long. 174° 46′ E

This Notice affects the following Admiralty Chart:—Auckland harbour, No 1970; Also, New Zealand Pilot, 1901, page 55; Supplement, 1903, pages 4, 5; and List of Time Signals, 1904, page 32.

AUSTRALIA—New South Wales.

Newcastle harbour—Decreased depth in entrance.

No. 412 (third publication).—The British Admiralty has given notice (No. 1014 of 1904) that a bar has formed across the entrance fairway to Newcastle harbour over which there is a depth, now, of 18½ feet at low water, each foot of rise or fall above this depth will be indicated from the Pilot Station.

The dredger *Jupiter* will be employed dredging this bar, and Mariners are requested to exercise great caution in passing her.

Approximate position, lat. 32° 55′ S., long. 151° 48′ E.

This Notice affects the following Admiralty Chart:—Newcastle harbour, No. 2119: Also, Australia Directory, vol. II, 1898, page 80.

PACIFIC OCEAN, SOUTH—Society islands—Tahiti.

Papieté harbour—Buoy and beacon withdrawn

No. 413 (third publication).—The British Admiralty has given notice (No. 1019 of 1904) that the red buoy on the western side of the entrance into Papieté harbour, formerly situated about 5¾ cables S. 83° W. from Moto-uta island battery, has been withdrawn.

Also, that the black beacon, formerly situated on the southern end of the reef 3 cables S. 55° W. from Moto-uta battery, has been removed.

Approximate position, Moto-uta battery, lat. 17° 31½′ S., long. 149° 34′ W.

(Variation 9° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Papieté pass to Papenu pass, No. 1158: Also, Pacific Islands, vol. III, 1900, page 59; and Supplement, 1903, page 5.

JAPAN—Yezo, north coast.

Soya wan—Rocks.

No. 414 (third publication).—The British Admiralty has given notice (No. 1020 of 1904) of the existence of the undermentioned rocks in Soya wan:—

(1) A rock, with a depth of 1¾ fathoms over it, situated with Koitoi zaki (the point in the middle of the bay) bearing S. 12° W., distant 3¾ miles, and Wakkanai (cape Nosshar) light S. 73° W.

Approximate position, lat. 45° 28′ N, long. 141° 45′ E.

There is a rock, with a depth of 3 feet over it, 60 yards north-eastward of the above, and there are depths around it of from 1¾ to 2 fathoms.

(2) A rock, with a depth of 2¼ fathoms over it. situated with Koitoi zaki bearing S. 1° E., distant one mile, and Wakkanai (cape Nosshar) light N. 75° W.

(Variation 6° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Kuril islands, No. 2405; gulf of Tartary, No. 3441; Yezo island, No. 452; Also, China Sea Directory, vol. IV, 1904, page 722.

JAPAN—South coast.

Tanega sima, south-east point—Shoals.

No. 415 (third publication).—The British Admiralty has given notice (No. 1021 of 1904), of the existence of the undermentioned shoals off the south-east point of Tanega sima:—

(1) A shoal, marked by ripples, named Yokozé, with a depth of 3 fathoms over it.

Approximate position, lat. 30° 19′ 30″ N., long. 130° 59′ 40″ E.

(2) A shoal, marked by ripples, named Orize, with a depth of one fathom over it. This shoal breaks in any other than calm weather.

Approximate position, lat. 30° 18′ 30″ N., long. 130° 59′ 20″ E.

There are depths of from 25 to 33 fathoms between these shoals.

(3) A shoal, named Genzaburozo, with a depth of 2½ fathoms over it.

Approximate position, lat. 30° 16′ 40″ N., long. 130° 58′ 15″ E.

This shoal is about 7 cables in extent with general depths of 5 and 6 fathoms over it, and 10 fathoms around; it is usually marked by ripples, but breaks with any swell.

(4) A shoal, with a depth of 2¼ fathoms over it.

Approximate position, lat. 30° 15′ 15″ N., long. 130° 57′ 30″ E.

There is another shoal head of 2¾ fathoms three-quarters of a mile to the southward of the 2¼ fathoms. These two heads form part of a shoal named Nabewari sho, which is about one mile long in a north and south direction, and 4 cables wide; there are depths of from 12 to 18 fathoms around it, but shoal water, with varying depths, extends further to the southward; vessels should therefore give this shoal a berth of 10 miles in passing. There are ripples over this shoal in fine weather, but in bad weather the sea breaks over the shoaler heads.

The Native fishermen state that there are no other than the above dangers in this vicinity, it is considered therefore that the dangers marked on the Chart ⊢) ◡ P.D. shown at distances of 3½ and 5 miles respectively, south-eastward from South East rock, Tanega sima, do not exist, they have consequently been expunged from the Charts.

This Notice affects the following Admiralty Charts:—Japan, No. 2347; Amoy to Nagasaki, No. 2412; Also, China Sea Directory, vol. IV, 1904, page 296.

CHINA SEA—Gulf of Siam.

Bangkok river entrance—Temporary light-vessel—Proposed beacons—Pilot vessel.

No. 416 (third publication).—The British Admiralty has given notice (No. 1040 of 1904), that a light-vessel, painted grey, having one mast with a black ball, and exhibiting two lights placed vertically, 6 feet apart, *red* over *white*, has been established at the entrance to the Bangkok river, at a distance of 10¾ cables S. 69° E. from the Bar light (*white occulting*). The lights are of low power.

Also, that it is proposed to erect two beacons at distances of $2\frac{9}{10}$ miles N. 37° E., and 1¼ miles S. 31° E. respectively, from the Bar light. When these beacons are established, which will probably be in November, the light-vessel will be withdrawn.

The Pilot Vessel is now situated at a distance of $2\frac{1}{10}$ miles S. 28° E. from the Bar light.

Approximate position of Bar light, lat. 13° 28¾′ N., long. 100° 34′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Koh Ta Kut to cape Liant, No. 2720, Menam Chau Fya, No. 999; Also, List of Lights, part VI, 1904, page 113; China Sea Directory, vol. II, 1899, page 368; and Supplement, 1901, page 14.

E. J. Beaumont, Comdr., R.I.M.,
Port Officer of Calcutta.

RESOLUTION ON THE FOREST ADMINISTRATION REPORT OF THE LOWER PROVINCES OF BENGAL FOR THE YEAR 1903-1904.

REVENUE DEPARTMENT—FORESTS.

Calcutta, the 19th December 1904.

RESOLUTION—No. 4867.

READ—

The Progress Report of Forest Administration in the Lower Provinces of Bengal for the year 1903-1904.

The report has been drawn up in accordance with the instructions contained in the Circular of the Government of India, No. 10F., dated the 5th August 1904. It has been submitted punctually by Mr. A. L. McIntire, who held charge of the Bengal Forest Circle throughout the year.

2. *Changes in forest areas.*—The most important changes effected during the year were the additions of 45,149 acres to the Reserved Forests in the Chittagong Division and of 50,772 acres to the Protected Forests in the Puri Division. The total area of forests of all classes under the management of the Forest Department at the end of the year amounted to 13,007 square miles.

3. *Settlement, surveys and demarcation.*—In last year's Resolution it was observed that the progress of settlement operations in the Chittagong Division was slow, owing to the fact that the tahsildars, who act as Forest Settlement Officers, were reported to be unable to find sufficient time for the work. The

attention of the Board of Revenue was drawn to this matter; and it is satisfactory to observe that during the year under review proceedings were vigorously pushed on.

4. *Working plans.*—A new working plan for the Puri Division was finally sanctioned during the year; while a revised working plan of the Sundarbans Division was submitted to the Inspector-General of Forests after the close of the year. A revised plan for the Darjeeling forests was prepared during the year; and considerable progress was made with the revision of the plans of several other Divisions.

5. *Breaches of Forest Law.*—The number of breaches of the forest law reported was 2,923, as against 3,556 in the previous year. The heaviest decrease occurred in the Sundarbans Division, owing to a change in the system of working in that Division. Attention was drawn in last year's Resolution to the decrease in the number of cases taken into Court. It was stated that the Conservator was doubtful whether the practice of compounding cases out of Court had not been carried too far in some Divisions, and that the question whether Divisional Officers should not in future be required to resort more freely to the Courts was being considered. On enquiry it was found that the practice referred to had in fact been abused in some Divisions; and orders were issued making it more generally obligatory on Divisional Officers to submit cases to judicial decision.

6. *Forest fires.*—In last year's Resolution it was observed that the Conservator had been requested to examine the question of the protection of the forests from fire and to submit a special report showing how far the orders issued from time to time by Government with the object of preventing fires crossing from the Native States of Chota Nagpur and Orissa had been carried out, and what further measures, if any, were required. In the report submitted in accordance with those orders, the Conservator stated that in the years 1901-1902 and 1902-1903 there were on the average nine fires, affecting 12,558 acres, as against an annual average of eight fires, affecting 8,135 acres, in the previous five years. He observed that it was apparent from these figures that the Native States concerned had effected no real improvements in the matter of fire conservancy. He proposed therefore that the Chiefs should be invited to depute representatives to confer with the local Forest Officers, in order to concert protective measures. This suggestion was approved by Government.

7. Before however action could be taken in respect of all the States in accordance with the orders referred to, a serious fire which originated in the Bonai State destroyed no less than 80 square miles of forest in the Singhbhum Division. According to the account given by the Conservator this fire occurred chiefly owing to the fact that the Chief of the State raised objection to the customary burning of the forests in Bonai adjoining the Government Reserve on the ground that the practice in question had led to the destruction of valuable timber. Mr. McIntire also reported that the local Range Officer was partly responsible in that he had failed to keep the fire-traces in the Government Reserve sufficiently clear and had made but little effort to extinguish the fire. Instructions have recently been issued to the Manager of the Bonai State to confer with the Divisional Forest Officer of Singhbhum with the object of concerting measures for fire protection along the boundary between that State and the Government Reserve; and it is hoped that an effective scheme will now be devised. The conduct of the Range Officer appears to have been very reprehensible, and the Conservator does not seem to have taken sufficient notice of his misbehaviour. The matter will therefore be further considered.

8. In the previous year it was pointed out that very serious damage had been caused to the Singalila Reserve by two fires, one of which originated in Nepal and the other in British territory; and it was observed that the question of protecting this forest from fire was under the consideration of Government. Measures have now been devised to minimise the risk of fires breaking out or spreading on the British side of the frontier; while the Nepal Durbar have, at the request of this Government, issued stringent orders prohibiting the burning of jungle in the neighbourhood of this forest.

9. The account given in the last three paragraphs summarises the chief measures which have been taken or which are still under consideration in connection with fire protection. The Conservator should have incorporated such a review in his annual report; and the Lieutenant-Governor will direct him to deal with this important subject much more fully in future in that report.

10. *Yield and outturn of forest produce.*—There was a falling off in the total amount of produce of all kinds removed from the forests, the decrease being most marked in the case of timber and fuel, the outturn of which was 3,707,951 cubic feet less than in the year 1902-1903. This decline is attributed mainly to a falling off in the sale of timber and firewood extracted from the Sundarbans Division, owing to strict enforcement of the regulations prohibiting the cutting of undersized *sundri* logs, and to the fact that consumers had large stocks of timber in hand at the beginning of the year under review. The Conservator observes that the Division referred to has been the largest source of supply in the past; and that, as other accessible forests have all along been fully worked, the opening out of more remote forests which will make good the deficiency will be gradual.

11. Mr. McIntire reports that efforts are being made to establish an export trade in *sál* logs from the Buxa Division. He observes however that the Eastern Bengal State Railway does not appear to be at present capable of dealing with any large timber traffic starting from stations on the Cooch Behar State Railway, and that the delays which now occur in forwarding timber are calculated to prevent the development of the trade. This matter will be brought to the notice of the Railway authorities concerned through the Railway Branch of the Public Works Department.

12. *Financial results.*—Four Divisions, viz., the Tista, Buxa, Angul, and Palamau Divisions, were worked at a loss; but, in the case of the first two, the excess of expenditure over income is attributed to unusual and temporary causes. As regards Angul and Palamau, it was remarked in last year's Resolution that the Conservator hoped before long to be able to report when these two Divisions might be expected to pay their way. He has since reported that exploitation in Angul has hitherto been checked by the great difficulties of obtaining labour and means of transport and by want of enterprise on the part of contractors. He hopes however that the forests will be self-supporting within the next five to ten years. He reports that in Palamau the *sál* trees are as yet immature, and that these forests can scarcely be expected to yield a profit for the next twenty years.

13. The decrease in the sale of produce referred to in paragraph 10 of this Resolution resulted in a serious decline in the income of the Department, the net receipts dropping from Rs. 6,07,241 to Rs. 3,58,086. The Lieutenant-Governor fully recognises that the falling off in the sales of timber and fuel in the Sundarbans Division has been unavoidable, and also that various measures of administrative improvement and works undertaken with the object of opening out unexploited forests have entailed considerable expenditure. Nevertheless he cannot regard the present situation as anything but unsatisfactory. Commenting in the Resolution for the year 1898-99 on a decline in the net receipts from Rs. 5,35,848 to Rs. 4,85,994, the late Sir John Woodburn observed:—

"Forest Officers must realise more than they do that they are the agents of a great commercial undertaking, and that as such they are not merely the scientific protectors of an important property, but active exploiters, whose business it is to seek and develop markets for the produce that is ready for use. The Lieutenant-Governor fears from what he has seen that this is not sufficiently remembered in Bengal, and he looks to the Conservator to infuse greater alertness and ardour in this matter into the officers of his staff."

These orders were approved by the Government of India, who, in acknowledging the Resolution referred to, observed:—

"They agree with the Lieutenant-Governor in considering that more energy is required on the part of Divisional Forest Officers in seeking and developing markets for the many products of the Bengal forests; and they trust that the Conservator will more fully recognise and enforce the responsibility of the Department in this respect than has apparently been the case in the past."

In the following year the net receipts increased from Rs. 4,85,994 to Rs. 5,93,707; and the following remarks were recorded by the Lieutenant-Governor in the Resolution for that year:—

"The Conservator reports that a certain zeal in the direction of opening out new markets has now been aroused among the officers of the Department, but that none have shown any special aptitude for commercial undertaking. His Honour desires that the Conservator will impress upon all officers that unless they eagerly seek every chance of exploiting the forest produce and bringing the products to the knowledge of purchasers, instead of waiting for purchasers to approach them, they have failed in one of the essential duties of a forest officer."

These orders also were approved by the Government of India, who observed:—

"The Governor-General in Council is in cordial agreement with His Honour the Lieutenant-Governor as to the need of actively exploiting the forests up to the limit of their

possible annual yield, and, in particular, of securing, if possible, a regular demand for railway sleepers, and I am to express a hope that care will be taken to avoid the loss of sleeper contracts by the demand of the Forest Department of too high a price for its timber."

Matters were more hopeful in the three following years, the net surpluses being above six lakhs in each of those years. No special mention of this subject was therefore made in those years in the annual Resolutions. It is necesary however in the present year to bring the orders above noticed prominently to the attention of the Conservator, especially in view of the fact that his report contains no allusion to those orders and indicates no hope of improvement in the future. The Lieutenant-Governor trusts that Mr. McIntire will now pay earnest attention to this matter.

14. *Conclusion.*—The Lieutenant-Governor observes with pleasure that all the officers of the Imperial Forest Service administered their charges with energy and ability, and that, with few exceptions, the officers of the Provincial Forest Service gave satisfaction. His Honour regrets however to notice that the work of not a few members of the subordinate staff was not as good as it should have been. The thanks of the Lieutenant-Governor are due to Mr. McIntire for his careful administration of the Department during the year under review.

By order of the Lieutenant-Governor of Bengal,

A. EARLE,

Secretary to the Govt. of Bengal.

ANNUAL ADMINISTRATION REPORT OF THE ZOOLOGICAL GARDEN, CALCUTTA, FOR THE YEAR 1903-1904.

NOTIFICATION.

No. 4856.—The 19th December 1904.—The Annual Administration Report of the Zoological Garden, Calcutta, for the year 1903-1904 and Government letter No. 4854, dated the 19th December 1904, acknowledging the receipt of the report, are published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

The length of the report with its appendices should not in future exceed four pages in print.

REPORT OF THE HONORARY COMMITTEE

FOR THE MANAGEMENT OF THE

ZOOLOGICAL GARDEN, CALCUTTA,

FOR THE YEAR

1903-1904.

THE Honorary Committee have the honour to submit their report for the year ending 31st March 1904.

2. The acknowledgments of the Committee are due, in the first place, to the Government of India for a grant of Rs. 1,00,000 towards the improvement of the Garden. It has been decided to devote this liberal grant to permanent improvements, such as the reform of the drainage of the Garden, the reconstruction and enlargement of the Dumraon (Monkey) House, and the provision of houses for antelopes, for wild sheep, for birds of prey, and for ostriches; and to use the balance for the purchase of animals and for minor improvements. The thanks of the Committee are also due to the following gentlemen for contributing, during the year, the amounts shown against their names:—

	Rs.
Babu Annada Mohan Roy	500
,, Mudho Purshad Halwasya ...	350
,, Gaganendranath Tagore ...	300
Raja Bonoy Krishna Bahadur ...	200
(in addition to his previous donation of Rs. 500).	

The Committee's best thanks are due to Nawab Khwaja Salimulla Bahadur of Dacca for contributing Rs. 20,000 for the construction of a new bear-house, also to Babu Manmatha Nath Roy Choudhury of Santosh for his donation of Rs. 1,200, being the cost of construction of a drinking fountain for the benefit of visitors to the Garden, and also to Maharaja Sir Jotindra Mohan Tagore Bahadur, K.C.S.I., for his donation of Rs. 450 for the price of a bird of Paradise.

FINANCE.

3. The total amount of donations and subscriptions was Rs. 23,908, against Rs. 21,450 in the previous year. The total number of visitors, which, in the previous year, had been 203,589, was 215,013, excluding the number of students from different schools and colleges, members of several charitable institutions, and children under age, who were admitted free of charge.

The total entrance receipts were Rs. 15,956-13 against Rs. 15,615-10 in the previous year.

The Society of St. Vincent De Paul held their annual Fancy Fair in the Garden, on the 1st and 2nd January 1904, as usual, and paid to the Garden Rs. 1,653-10, being 25 per cent. of the gate money.

The rent of buildings amounted to Rs. 2,600 against Rs. 1,900, in the previous year, the difference being due to

accumulation of arrears in the one year, and to their realization in the following year.

The expenditure under the head "Establishment" was Rs. 12,944-0-6, against Rs. 13,132-13-6.

The charges for feeding the animals were Rs. 12,330-5-3 against Rs. 12,195-4-6.

Rupees 2,165-6 and Rs. 1,023-13-3 were respectively expended on account of purchase and transport of animals, against Rs. 1,302-14 and Rs. 2,122-9, respectively, in the previous year.

Rupees 1,525 were spent on account of repairing the Garden roads, against Rs. 1,163-4-10, in the previous year.

Rupees 6,298-14-6 were spent under the head "Repair of buildings," for repairing some of the buildings and enclosures, against Rs. 7,800-13-1.

Rupees 1,873-3-6 were expended under the head "General construction," against Rs. 1,605-5.

Rupees 41,682-2 were spent under the head "Original construction" against Rs. 26,980 in the previous year. The new works include a Bear House, Isolation and Segregation sheds, a room for *post-mortem* investigation, service godowns, a shed for small mammals and glazed doors for the Sarnomoyi (Bird) House.

Rupees 4,341-9-3 were spent under the head "Garden construction," including laying unfiltered water pipes, against Rs. 2,575-11-9 in the previous year.

4. The following is a list of the donors who presented various specimens of animals to the Garden during the year:—

His Excellency the Viceroy, 3 Tiger cubs.
S. Wajid Hosain, 2 Tigers.
R. H. Sneyd Hutchinson, Esq., 1 Serow.
F. W. Duke, Esq., 1 Tiger.
E. Panton, Esq., 1 Sloth Bear.
A. W. O. Orr, Esq., 2 Sloth Bears.
F. A. Slacke, Esq., 1 Tiger cub.
Babu Chandan Singh Garhotia, 1 Tiger.
Nawab Salimullah Bahadur of Dacca, 2 Bear cubs.
Babu Duni Lal Sen, 1 Black Lemur.
L. H. Lee, Esq., 2 Young Palm Civets.
Kumar Kamalanund Singh, 1 Leopard.
H. J. Strong, Esq., 1 Manis.
Babu Nagendra Lall Mukherjee, 1 Cobra.
A. A. Cohen, Esq., 1 young wolf.
R. A. D'O. Bignell, Esq., 1 Crocodile.
H. J. Sanders, Esq., 1 Barking deer.
A. W. E. M. Reeds, Esq., 2 Leopard cubs.
C. Cameron, Esq., 1 Spotted deer.
Major S. F. Bailey, 2 Lynxes and 1 Leopard.
Captain H. P. Ainslie, 1 Sloth Bear cub.
B. B. Osmaston, Esq., 2 Wood pigeons.
J. M. Saintyves, Esq., 1 Indian Otter.
J. E. Armstrong, Esq., 1 Leopard cub.
Dr. Francis Daley, 3 Sea snakes.
A. Espino, Esq., 2 Partridges.
C. A. Stone, Esq., 1 Himalayan bear.
T. Tyson Tyson, Esq., 1 Sloth Bear.
F. B. Robinson, Esq., 2 Young Leopards.
The Maharaja Bahadur of Sirguja, 1 young female Elephant.
Babu Atul Krishna Banerjee, 1 Cobra.
Maharaja of Rewa, 2 Tiger cubs.
A. Wright, Esq., 1 Leopard.
Mrs. T. A. Pope, 1 Hill myna.
Lt.-Col. G. Anson, 2 Himalayan bears.
E. Stuart Baker, Esq., 1 Sun bear.
H. Kerr Nisbitt, Esq., 2 Burmese peafowls.
J. Leinster, Esq., 2 Sloth bear cubs.
Cyril E. Robertson, 2 Jungle cats.
A. B. Smith, Esq., 1 Indian antelope.
Mr. C. Bose, 1 Chameleon.
Raja Binay Krishna Bahadur, 1 Grey goose.
H. R. Cobbold, Esq., 1 Barking deer.
Mrs. Pilgrim, 1 Lineated pheasant.

NAWAB GUZAFUR ALI KHAN, 1 Tiger.
MAJOR J. LLOYD JONES, I.M.S., 1 Palm Civet.
THE HON'BLE MAHARAJA SIR RAVANESHWAR PRASAD SINGH BAHADUR OF GIDHOUR, 2 Sambur deer.
MRS. M. STUART, 1 Python.
J. G. APCAR, ESQ., 1 White-backed piping crow.
W. MARTIN, ESQ., 1 Kalij pheasant.
MRS. CONDON, 2 Malayan weasels.
MAHARAJA OF MAURBHANJ, 2 Bear cubs.

5. The following animals were born in the Garden during the year:—

1 Japanese deer, 1 spotted deer, 1 Rufous-necked wallaby, 1 yellow-fronted Lemur, 1 Banteng and 1 Emu.

6. The following comparative tables will show how the various collection of animals in the Garden stood during the last four years:—

Year.		Mammals.	Birds.	Reptiles.
1900-1901	...	462	905	218
1901-1902	...	490	914	240
1902-1903	...	504	810	246
1903-1904	...	464	842	238

7. The following table will show additions to the collection of animals in each of the last four years:—

Year.		Mammals.	Birds.	Reptiles.
1900-1901	...	112	409	102
1901-1902	...	132	250	105
1902-1903	...	95	76	32
1903-1904	...	102	150	75

ZOOLOGICAL GARDEN,
ALIPUR, CALCUTTA;
25th November 1904.

E. H. BROWN, M.D., F.Z.S., MAJOR, I.M.S.,
Honorary Secretary.

No. 4854, dated Calcutta, the 19th December 1904.

From—A. EARLE, Esq., I.C.S., Secy. to the Govt. of Bengal, Revenue Dept.,
To—The Honorary Secretary, Zoological Garden, Calcutta.

I AM directed to acknowledge the receipt of the report of the Honorary Committee for the management of the Zoological Garden, Calcutta, for the year 1903-1904, which was submitted with your letter, dated the 25th November 1904, and to convey the thanks of the Lieutenant-Governor to the Committee for their management of the Garden during the year in question.

2. The acknowledgments of the Lieutenant-Governor are due to Nawab Khawja Salimulla Bahadur of Dacca for making a contribution of Rs. 20,000 for the construction of a new bear-house, to Babu Manmatha Nath Roy Chaudhuri of Santosh for his donation of Rs. 1,200 for the construction of a drinking fountain for the benefit of visitors to the garden, and to Maharaja Sir Jotindra Mohan Tagore Bahadur, K.C.S.I., for his donation of Rs. 450 for the purchase of a bird of Paradise. Sir Andrew Fraser also notices with pleasure the donations of Rs. 500, Rs. 350, Rs. 300 and Rs. 200 made during the year by Babu Annada Mohan Roy, Babu Mudho Purshad Hulwasya, Babu Gaganendra Nath Tagore and Raja Benoy Krishna Bahadur, respectively, the donation of the last-named gentleman being in addition to a gift of Rs. 500 made by him in the previous year.

FINAL FORECAST OF THE INDIGO CROP OF BENGAL, 1904.

THE following note is published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

The 20th December, 1904.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

FINAL FOREACST OF THE INDIGO CROP OF BENGAL, 1904.

Character of the season.—Indigo is grown chiefly in North Behar, *i.e.*, Darbhanga, Muzaffarpur, Champaran, and Chapra, and also in Monghyr, Bhagalpur, and Purnea. The character of the season in these districts, therefore, governs the outturn of the crop for the Province generally. As reported in the Preliminary forecast, the rainfall from January to April was generally much below the normal in all the important indigo-growing districts. The fall was, however, heavy in May, but below the normal again in June. In July and August the fall was excessive in Behar, but much below the normal in Purnea. September was a very dry month all over the Province, but in Behar the deficiency amounted to over 60 per cent. of the normal. The fall in October was heavy. The rain in July and August caused floods in Monghyr and did considerable damage to the crop in many parts of Behar. The season on the whole was very unfavourable.

Area sown.—Since the issue of the Preliminary forecast the normal area under the crop has been revised by the District Officers of Nadia, Rangpur, Muzaffarpur, and Darbhanga. The normal area for the whole Province now stands at 346,300 acres, against 379,100 acres reported last year. The actual area under the crop this year is estimated at 223,100 acres, against 249,700 acres shown last year.

Out of the nineteen indigo-growing districts the figures representing the normal areas for Saran, Champaran, Darbhanga, Midnapore, Murshidabad, and Jessore, making a total of 186,800 acres, are derived from survey figures. The actual area for the same districts excepting Champaran, amounting to 47,300 acres, are also based on survey figures.

Character of the crop.—Of the important districts, Champaran returns an outturn of 54 per cent. of the normal, Saran 44 per cent., Muzaffarpur only 33 per cent., while

Monghyr shows 63 per cent., Purnea 70 per cent., Darbhanga 73 per cent., and Bhagalpur 77 per cent. Of the minor districts, Gaya and Malda only show a normal outturn ; Shahabad 80 per cent.; Cuttack, Burdwan, and Bankura 75 per cent., each; the Sonthal Parganas 51 per cent.; Midnapur, Murshidabad, Rangpur 50 per cent. each; Nadia 42 per cent. and Jessore only 30 per cent. Since the issue of the Preliminary forecast the prospects of the crop improved in four districts, was stationary in nine districts, and deteriorated in six districts.

Outturn.—The estimated outturn for Lower Bengal, including the minor Bihar districts, is 69 per cent., and that of North Bihar 53 per cent. The average for the Province according to the District Officers' estimate comes to 56 per cent. of a normal crop. In the Preliminary forecast I had anticipated an outturn of 60 per cent.; but owing to the continuance of the unfavourable season in September and October, I am inclined to accept the District Officers' estimate.

The total yield in North Bihar may amount to 24,700 factory maunds, against 29,885 factory maunds of last year; and in Lower Bengal, including the minor Bihar districts, 8,340 factory maunds, against 11,675 factory maunds of last year; or a total of 33,040 factory maunds, against 41,560 factory maunds of last year.

Messrs. Moran and Company estimate 5,000 factory maunds from Lower Bengal and 30,000 factory maunds from Bihar, or a total of 35,000 factory maunds. A factory maund is equal to about 75 lbs.

S. L. MADDOX,

Director of the Dept. of Land Records and Agriculture, Bengal.

CALCUTTA,

The 15th December 1904.

APPENDIX I.

Final Report of the Indigo Crop of Bengal, 1904.

DIVISION.	DISTRICT.	Total area of district in acres.	Total area estimated to be under cultivation in acres.	Approximate normal area under indigo in acres.	Approximate area sown last year (1903) in acres.	Estimated area sown this year (1904) in acres.	Taking 100 to represent the normal outturn, how much represented outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by the District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
1	2	3	4	5	6	7	8	9	10	11
Burdwan ...	Burdwan	1,687,680	1,284,200	6,100	1,700	2,200	75	75		
	Bankura	1,677,440	648,800	800	100	100	90	75	Excessive rain accounts for the low outturn.	
	Midnapore ...	3,319,040	2,190,600	600	1,600	600	60	60	The decrease in the normal area and area under cultivation this year is due to the closing of Mr. Mathewson's concern. Owing to heavy rain during manufacturing season, the outturn is poor.	
Presidency ...	Nadia	1,758,160	1,043,800	8,900	6,300	1,500	62	42	The decrease in the area sown is due to the cultivation of Indigo being gradually abandoned. The normal area has been revised. The insufficient rainfall accounts for the decrease in the outturn.	
	Murshidabad ...	1,371,520	985,500	3,000	3,000	400	81	50	The cultivation of indigo is being gradually abandoned. The decrease in the outturn is due to want of seasonable rainfall.	

DIVISION.	DISTRICT.	Total area of district in acres.	Total area estimated to be under cultivation in acres.	Approximate normal area under indigo in acres.	Approximate area sown last year (1903) in acres.	Estimated area sown this year (1904) in acres.	Taking 100 to represent the normal outturn, how much represented outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by the District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
1	2	3	4	5	6	7	8		10	11
Presidency—*concld.*	Jessore ...	1,872,010	1,191,000	700	500	400	26	30	The Nischindpur factory is gradually being closed, hence the area sown has decreased. The seasonable rainfall in the months of July and August somewhat improved the outturn.	
Rajshahi ...	Rangpur	2,259,603	1,657,630	2,000	2,100	2,000	50	50	The cultivation of the crop is gradually dying out in this district, hence the normal area has been reduced to 2,000 acres only.	
Patna ...	Gaya	3,015,650	2,207,500	100	100	100	50	100	The crop is grown to a nomiual extent in this district.	
	Shahabad ...	2,798,720	1,841,900	7,700	500	300	42	80	The decrease in the area is due to the closure of factories. The low outturn is due to the failure of Hathiya rain.	
	Saran	1,710,468	1,357,200	45,500	19,300	18,600	55	44	The decrease in outturn is due to continuous rainfall in July and August, while manufacture was going on.	

	Champaran ...	2,259,940	1,447,600	6,000	54,000	54,000	51	54	The low outturn is due to want of timely rainfall.
	Muzaffarpur ...	1,961,254	1,627,000	58,200	48,000	35,000	61	33	The normal area has been revised.
	Darbhanga ...	2,130,000	1,678,000	39,000	33,700	32,900	83	73	Ditto ditto.
	Monghyr ...	2,509,440	1,582,800	18,000	11,600	11,100	85	63	The largest area under Indigo is in the Begusarai subdivision where the crops suffered severely from floods.
	Bhagalpur ...	2,704,646	2,097,600	15,000	12,000	6,700	70	77	Early rains caused some damage to the cro
Bhagalpur ...	Purnea ...	3,195,513	1,674,400	40,000	23,000	25,500	100	70	Excessive rain and floods account for the low outturn.
	Malda	1,216,000	716,500	5,000	1,000	1,000	75	100	...
	Santhal Parganas	3,500,160	1,845,300	3,000	1,200	1,100	58	51	The decrease in cultivation is due to certain factories having been closed. Owing to heavy rainfall in July the outturn is much below the normal.
Orissa ...	Cuttack	2,822,360	1,161,200	200	200	200	50	75	The low outturn is estimated owing to scanty rain at the sowing time and excessive rain at the time of growth.
	North Bihar ...	10,550,959	7,692,600	253,700	196,500	181,000	60*	53	......
	Bengal, including other Bihar districts	32,728,716	20,269,200	92,600	53,200	42,100	82*	69	
	Total ...	43,279,675	27,961,800	346,300	249,700	223,100	65*	56	

* As estimated by this Department.

FINAL FORECAST OF THE BHADOI CROPS OF BENGAL, 1904.

THE following note is published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

The 16th December 1904.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

FINAL FORECAST OF THE BHADOI CROPS OF BENGAL, 1904.

Explanatory.—The chief *bhadoi* food crops of Bengal are—

(*a*) Cereals including millets: *bhadoi* paddy, maize or *makai*, great millet or *jowar*, spiked millet or *bajra*, and the minor millets *marua*, *kodo*, *cheena*, *kaon*, and *shama*.

(*b*) Pulses: *bhadoi kalai* and *mung*; cowpeas or *barbati*; also other pulses as *mothi* or *bhringi*, etc.

The chief *bhadoi* non-food crops are jute, indigo and cotton, for which separate forecasts are issued. *Bhadoi til* is included in the oil-seed forecast.

Bhadoi paddy occupies nearly 60 per cent. of the total area under *bhadoi* crops in the Province, and it is the chief of the *bhadoi*-food crops of Bengal Proper, and of the Bhagalpur Division. In the Patna Division maize and the millets *jowar*, *bajra*, *mandua* are extensively grown, there being more maize north of the Ganges, and more *jowar* south of the river. These crops are also much grown in some districts of the Bhagalpur and Chota Nagpur Divisions. Maize alone occupies 30 per cent. of the total *bhadoi* cropped area in Bihar and 20 per cent. of that in Chota Nagpur. Practically there is no maize or any of the millets in Bengal Proper or Orissa.

Character of the season.—As reported in the preliminary forecast, the rainfall in March was generally scanty throughout the Province, except in Chota Nagpur Division. In April the rainfall was very heavy in Dacca and Chittagong Divisions, but was practically normal in the rest of the Province. In May the fall was fairly heavy, being excessive in North and East Bengal, and about normal in Orissa. In June the fall was much below the normal in North and East Bengal, especially the former, while it was slightly in excess in Orissa and Chota Nagpur. In July the fall was excessive in South-West Bengal, Chota Nagpur and Bihar, but deficient in Orissa. In Orissa, Chota Nagpur and North Bengal there was a normal fall in August, while in East and South-West Bengal it was very scanty. In Nadia, Jessore,

Khulna, 24-Parganas, Burdwan, Chittagong and Pabna the deficiency being from 30 to 40 per cent. of the normal. The rainfall in September was deficient in all the divisions of the Province, especially in Bihar where the deficiency amounted to over 60 per cent. of the normal. The heavy downpour in July and August caused floods in Monghyr and did considerable damage to the crops in many parts of Bihar. On the whole, the rainfall was very unfavourable to the *bhadoi* crops.

Area sown.—The District officers of Jessore, Bogra, Tippera, Singhbhum and Balasore have revised their normal areas. Thus 13,379,400 acres are shown in Appendix I against 13,205,900 acres shown last year. The area reported as sown this year with different *bhadoi* crops is 12,552,400 acres against 12,151,200 acres reported last year. Of this, the *bhadoi* food crops occupy 11,913,800 acres against 11,703,900 acres shown last year. The estimate of normal area is based upon ascertained data in 20 districts only which have been surveyed wholly or almost so, and whose normal acreage under this crop is 3,466,293 acres, and the actual area under the *bhadoi* crops this year in the same districts is estimated at 3,300,605 acres.

Character of the crop.—Only two districts, *e.g.*, Dacca and Faridpur, report a normal crop. Four districts, *e.g.*, Rajshahi, Darjeeling, Bhagalpur and Balasore report outturns varying from 90 to 99 per cent. Ten districts report between 80 to 89 per cent. and 16 districts report between 70 to 79 per cent. Seven districts report between 60 to 69 per cent., while six districts report below 60 per cent., *e.g.*, Hazaribagh (57 per cent.), Muzaffarpur (56 per cent.), Murshidabad and Gaya (each 53 per cent.), Monghyr (49 per cent.) and Shahabad (39 per cent.). Since the issue of the preliminary forecast in September last prospects improved in six districts, remained stationary in 19 and detriorated in 20 districts.

Outturn.—According to the estimates of the district officers the total outturn of the *bhadoi* crops for the Province as a whole is 73 per cent. In the preliminary forecast I anticipated the outturn to be not more than 80 per cent., but the continuance of the unfavourable conditions in September and the consequent further damage brought the outturn further down, and I am inclined to think the total will not exceed 75 per cent. Taking 80 per cent. as the probable outturn of *bhadoi* paddy, the gross outturn of cleaned *bhadoi* rice may be estimated at 42,661,600 cwts. against 41,664,800 cwts. of last year.

S. L. MADDOX,

Director of the Dept. of Land Records and Agriculture, Bengal.

CALCUTTA,

The 11th December, 1904.

APPENDIX I.

Final forecast of the Bhadoi crops of Bengal, 1904

District	Total area of district in acres.	Total area in district estimated to be under cultivation in acres.	Names of *bhadoi* crops.	Approximate normal area under each specified *bhadoi* crop in acres.	Approximate area last year (1903) under each specified *bhadoi* crop in acres.	Estimated area this year (1904) under each specified *bhadoi* crop in acres.	Taking 100 to represent the normal outturn, how much represented the outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
1	2	3	4	5	6	7	8	9	10	11
Burdwan ...	1,687,680	1,284,200	*Bhadoi* paddy	173,700	160,400	162,100	60	75	Absence of rain in September and floods in places account for the decrease in outturn.	
			Indian-corn (maize)	3,000	2,500	3,000	75	80		
			Other *bhadoi* cereals and *bhadoi* pulses.	8,100	6,200	6,700	69	72		
			Other *bhadoi* food-crops (*e.g.*, vegetables).	2,800	2,200	2,300	66	67		
			Other *bhadoi* non-food-crops ...	10,100	10,100	13,500	93	68		
			Total ...	197,700	181,400	187,600	63	74		
Birbhum ...	1,121,920	776,300	*Bhadoi* paddy	144,100	69,500	144,100	75	75		
			Indian-corn (maize)	1,900	1,900	1,900	75	75		
			Other *bhadoi* food-crops (*e.g.*, vegetables).	1,400	1,400	1,400	75	75		
			Other *bhadoi* non-food-crops ...	2,800	2,600	2,800	75	75		
			Total ...	150,200	75,400	150,200	75	75		
Bankura ...	1,677,440	642,600	*Bhadoi* paddy	21,900	11,000	19,000	77	90		
			Bajra	[illegible]	800	600	90	75		
			Mandua (*marua* or *ragi*) ...	1,100	840	800	75	75		
			Indian-corn (maize)	3,600	3,200	3,200	76	53		
			Other *bhadoi* cereals and *bhadoi* pulses.	8,400	7,000	7,100	81	82		
			Other *bhadoi* food-crops (*e.g.*, vegetables).	700	1,000	2,400	85	88		
			Other *bhadoi* non-food-crops ...	1,200	900	1,000	85	86		
			Total ...	37,700	24,700	33,100	79	84		

DISTRICT.	Total area of district in acres.	Total area in district estimated to be under cultivation in acres.	Names of *bhadoi* crops.	Approximate normal area under each specified *bhadoi* crop in acres.	Approximate area last year (1903) under each specified *bhadoi* crop in acres.	Estimated area this year (1904) under each specified *bhadoi* crop in acres.	Taking 100 to represent the normal outturn, how much represented the outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
1	2	3	4	5	6	7	8	9	10	11
Midnapore ...	3,319,040	2,190,600	*Bhadoi* paddy	106,900	100,600	[illegible]	85	75	Owing to the heavy rainfall in July and and at the end of August, the outturn has been below the normal.	
			Bajra	6,100	5,900	[illegible]	10[illegible]	6[illegible]		
			Mandua (*marua* or *ragi*) ...	2,000	1,900	1,900	100	60		
			Indian-corn (maize) ...	21,200	21,100	21,200	1[illegible]0	5[illegible]		
			Other *bhadoi* cereals and *bhadoi* pulses.	46,700	47,300	47,300	87	65		
			Other *bhadoi* food-crops (*e.g.*, vegetables).	23,300	20,300	20,300	79	75		
			Other *bhadoi* non-food-crops ...	64,300	51,900	51,900	97	90		
			Total ...	262,500	249,000	249,100	89	74		
Hooghly ...	1,087,360	488,900	*Bhadoi* paddy	46,000	30,300	36,700	83	77	The outturn of *bhadoi* crops is reported not good owing to heavy downpour of rainfall.	
			Indian-corn (maize) ..	100	100	100	100	90		
			Other *bhadoi* cereals and *bhadoi* pulses.	2,500	1,400	1,500	67	73		
			Other *bhadoi* food-crops (*e.g.*, vegetables).	3,000	2,700	2,900	93	86		
			Other *bhadoi* non-food-crops ...	16,700	4,400	4,700	78	77		
			Total ...	68,300	38,800	45,900	83	77		
24-Parganas ...	3,574,851	1,079,700	*Bhadoi* paddy	108,700	85,100	62,400	99	84		
			Other *bhadoi* cereals and *bhadoi* pulses.	3,000	2,800	3,100	92	89		
			Other *bhadoi* food-crops (*e.g.*, vegetables).	5,100	4,400	6,200	100	94		
			Other *bhadoi* non-food-crops ...	200	100	100	100	75		
			Total ...	117,000	92,400	71,800	99	85		

Nadia ...	1,758,160	1,043,800	*Bhadoi* paddy	328,900	388,700	391,600	76	77	The area in column 7 has been revised after enquiry.
			Mandua (*marua* or *ragi*) ...	300	200	2,900	59	61	
			Indian-corn (maize)	800	100	2,600	58	74	
			Other *bhadoi* cereals and *bhadoi* pulses.	11,700	10,500	7,300	87	75	
			Other *bhadoi* food-crops (*e.g.*, vegetables).	17,700	16,300	15,100	93	75	
			Other *bhadoi* non-food-crops ..	25,000	31,500	42,800	91	77	
			Total ...	384,400	447,300	462,300	78	77	
Murshidabad	1,311,520	985,500	*Bhadoi* paddy	220,700	218,200	261,500	56	50	The decrease in the outturn is due to the flood.
			Indian-corn (maize)	200	300	200	60	50	
			Other *bhadoi* cereals and *bhadoi* pulses.	2,200	3,300	3,100	51	37	
			Other *bhadoi* food-crops (*e.g.*, vegetables).	8,600	8,200	3,600	49	87	
			Other *bhadoi* non-food-crops ...	72,500	65,300	66,500	72	66	
			Total ...	313,200	256,400	331,900	60	53	
Jessore ...	1,872,000	1,191,000	*Bhadoi* paddy	339,700	357,000	365,700	77	82	The increase in area sown with *bhadoi* cereals and pulses is due to the revision of areas by the Subdivisional Officer of Jhenidah. The decrease in the outturn is owing to want of seasonable rain.
			Other *bhadoi* cereals and *bhadoi* pulses.	15,600	11,000	18,100	53	69	
			Other *bhadoi* food-crops (*e.g.*, vegetables).	28,300	18,900	26,500	61	75	
			Other *bhadoi* non-food-crops ...	9,200	9,000	9,000	95	95	
			Total ...	435,800	395,900	419,300	76	81	
Khulna ...	3,103,942	870,000	*Bhadoi* paddy	65,600	58,100	62,900	76	74	
			Other *bhadoi* cereals and *bhadoi* pulses.	3,200	3,000	3,200	75	100	
			Other *bhadoi* food-crops (*e.g.*, vegetables).	3,700	3,200	3,200	94	98	
			Total ...	72,500	64,300	69,200	77	76	
Rajshahi ...	1,663,040	1,230,100	*Bhadoi* paddy	312,700	262,200	263,000	84	90	The estimate of outturn made in the preliminary forecast could not be harvested on account of the scanty rainfall in August.
			Indian-corn (maize)	1,100	800	900	60	85	
			Other *bhadoi* food-crops (*e.g.*, vegetables).	2,000	1,900	2,000	90	99	
			Other *bhadoi* non-food-crops, *i.e.*, mulberry, etc.	8,300	800	6,000	100	97	
			Total ...	324,100	265,700	271,300	67	90	

District.	Total area of district in acres.	Total area in district estimated to be under cultivation in acres.	Names of *bhadoi* crops.	Approximate normal area under each specified *bhadoi* crop in acres.	Approximate area last year (1903) under each specified *bhadoi* crop in acres.	Estimated area this year (1904) under each specified *bhadoi* crop in acres.	Taking 100 to represent the normal outturn, how much represented the outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
1	2	3	4	5	6	7	8	9	10	11
Dinajpur ...	2,526,080	1,331,200	*Bhadoi* paddy	130,700	125,000	120,000	85	55	Owing to deficient rainfall the outturn is not up to the mark.	
			Jowar	7,000	5,000	5,000	80	75		
			Mandua (*marua* or *ragi*)	7,000	5,000	5,000	75	70

WEATHER AND CROP REPORT.

For the week ending the 19th December 1904.

Burdwan.—Rainfall *nil.* Harvesting of winter rice continues. Prospects of standing crops fair. Rain wanted for *rabi* crops at Sadar. Fodder sufficient. No cattle-disease reported. Common rice sells as follows:—

		Srs.	ch.	
Sadar	...	13	9	per rupee.
Kulna	...	12	0	
Katwa	...	15	5	
Raniganj	Old	12	0	
	New	15	0	

Birbhum.—No rain. Weather seasonable. Sugarcane doing well. Harvesting of winter rice continues. Fodder and water sufficient.

		Srs.	ch.	
Sadar	(New)	15	12	per rupee.
Rampur Hât	(New)	17	8	

Bankura.—Rainfall *nil.* Weather cloudy. Harvesting of winter paddy continues. Prospects of *rabi* good. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs	ch.	
Sadar	15	0	per rupee.
Vishnupur	17	0	

Midnapore.—No rain. Harvesting of winter paddy continues. *Boro* is being sown. *Rabi* crops thriving. Fodder and water sufficient. No cattle-disease. Common rice sells as follows:—

	Srs.	ch.	
Sadar	15	0	per rupee.
Contai	20	0	
Tamluk	14	0	
Ghatal	14	0	

Hooghly.—Rainfall *nil.* Prospects of *aman* bad owing to want of rain. Prospects of *rabi* good. Fodder and water sufficient. Harvesting of winter rice continues. Common rice sells as follows:—

	Srs.	ch.	
Sadar	11	0	per rupee.
Serampore	11	0	
Arambagh	12	0	

Howrah.—Rainfall at Sadar *nil.* Weather cool and cloudy. The harvesting of winter rice is going on. Standing crops are doing well. Fodder and water for cattle plenty. No cattle-disease reported. Common rice is selling at 12 seers per rupee at Howrah and Ulubaria.

24-Parganas. Rainfall *nil.* Weather seasonable. State and prospects of standing crops good. Harvesting of winter rice going on. Common rice sells at 12 seers per rupee. Condition of cattle good. Supply of fodder and water sufficient.

Nadia.—Rainfall *nil.* Weather seasonable. Prospects of standing crops good. Harvesting of *aman* progressing. Fodder and water ample. No cattle-disease reported. Common rice sells as follows:—

	Srs.	ch.	
Sadar	12	0	per rupee.
Kushtia	14	8	
Meherpur	12	0	
Chuadanga	13	0	
Ranaghat	13	0	

Murshidabad.—No rain. Weather seasonable. Harvesting of *aman* continues. Prospect of *rabi* good except in Kandi. *Kalai* is being harvested in Jangipur. Fodder and water sufficient. No cattle-disease. Common rice sells as follows:—

		Srs.	ch.	
Sadar	...	13	0	per rupee.
Kandi	(New)	15	0	
Jangipur	(New)	15	0	
Lalbagh	...	13	0	

Jessore.—No rain. Weather seasonable. Prospect of standing crops good except in Jhenida subdivision where rain is wanted. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	5	per rupee.
Jhenida	12	12	
Magura	13	0	
Narail	13	12	
Bangaon	12	5	

Khulna.—Rainfall *nil*. Weather cloudy. *Til*-sowing at Sadar is estimated at 40 per cent. and its state at Satkhira fair. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	0	per rupee.
Bagerhat	15	8	
Satkhira	12	0	

Rajshahi.—No rain. Weather cloudy and cold. Prospects of crop good. Sowing of *rabi* crops continues. Harvesting of *aman* going on. No cattle-disease. Fodder and water plentiful. Common rice sells at 15 seers a rupee.

Dinajpur.—Rainfall nil. Weather seasonable. Standing crops fair. Sowing of *rabi* crops nearly finished. Harvesting of winter rice progressing. No cattle-disease. Fodder and drinking-water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	15	8	per rupee
Thakurgaon	13	0	
Balurghat	15	0	

Jalpaiguri.—Rainfall nil. Weather seasonable. Harvesting of winter rice going on. Transplantation of tobacco nearly finished. Common rice sells at 12¼ seers a rupee. Fodder and water sufficient everywhere. No cattle-disease.

	Srs.	ch.	
Hills	10	0	per rupee.
Terai	14	0	

Maize sells at Darjeeling at 16 and at Kalimpong at 22 seers per rupee.

Rangpur.—No rain. Weather cold. Harvesting of winter rice going on. Standing crops doing well. Common rice sells as follows:—

	Srs.	ch.		
Sadar	13	0		per rupee.
Gaibanda	18	0	(new)	
Nilphamari	13	0		
Kurigram	13	8		

Bogra.—No rain. Weather cloudy. Harvesting of winter rice going on. Prospects of *rabi* crops fair. Cultivation of lands for *aus* and jute going on in places. Fodder and water sufficient. Common rice sells at 15¾ seers per rupee.

Pabna.—Rainfall at Sadar nil, Sirajganj 0·15. Weather cold and partially cloudy. Prospects of standing crops fair. Harvesting of winter rice almost finished. Reaping of *mug and kalai* commenced. Fodder and water sufficient. No cattle-disease. Common rice sells at 15 seers per rupee.

Dacca.—Rainfall general except at Sadar and Munshiganj. Prospects of crops good. Weather seasonable. Fodder available. No cattle disease. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	0	per rupee.
Manikganj	12	0	
Narayanganj	13	8	
Munshiganj	13	0	

Mymensingh.—Rainfall at Kishorganj 0·47, Tangail 0·13. Weather cloudy. Prospects of crops good. *Bhadoi* til and sugarcane doing well. *Aman* paddy being harvested. Fodder and water ample. No cattle-disease. Common rice sells as follows:—

	Srs.	ch.	
Sadar	16	0	per rupee.
Jamalpur	18	0	
Kishorganj	15	0	
Netrokona	15	14	
Tangail	12	0	

Faridpur.—No rain. Weather cloudy. Prospects of crops good. Fodder and water sufficient. No cattle-disease. Common rice sells at 14 seers per rupee.

Backergunge.—Rainfall at Bhola 0·05. Harvesting of winter rice and sowing of Sugarcane continues. No cattle-disease. Fodder sufficient. Common rice sells as follows:—

		Srs.	ch.	
Aman	Old	13	4	per rupee.
	New	16	8	

Tippera.—Rainfall at Brahmanbaria ·44, Chandpur ·03. Weather seasonable. Prospects good. Harvesting of *aman* continuing. Fodder and water available. No cattle-disease. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	8	per rupee.
Brahmanbaria	16	0	
Chandpur	14	0	

Noakhali.—Rainfall nil. Weather cloudy. Prospects good. Harvesting of *aman* continues. Fodder and water sufficient. Cattle-disease reported from Parasuram. Common rice sells as follows:—

	Srs.	ch.	
Sadar	15	0	per rupee.
Feni	17	0	

Chittagong.—Rainfall nil. *Aman* crops being reaped. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	0	per rupee.
Cox's Bazar	16	0	

Chittagong Hill Tracts.—Rainfall nil. Weather cloudy. Prospects of standing crops fair. Harvesting of winter paddy commences. No cattle-disease. Common rice sells at 12 seers per rupee.

Patna.—Rainfall nil. Weather cloudy. Reaping of paddy continues. *Rabi* promising but rain is needed. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	8	per rupee.
Barh	14	0	
Bihar	16	0	
Dinapore	15	0	

Gaya.—Rainfall nil. Weather cold, occasionally cloudy. Harvesting of paddy and pressing of sugarcane continue. *Rabi* and poppy doing well. Fodder and water ample. Cattle-disease reported from five villages. Common rice sells at 14¼ seers per rupee.

Shahabad.—Rainfall at Arrah ·03, Buxar ·29, Bhabhua ·14, Sassaram ·07. Harvesting of paddy and pressing of sugarcane continue. Standing crops doing well. The rainfall has done good. *Rabi* crops doing well. Cattle-disease reported from Bhabhua and Sassaram subdivisions. Fodder and water ample. Common rice sells at 14 seers per rupee.

Saran.—Rainfall at Sadar ·02, Sewan 0·76, Gopalgunj 0·78. Weather cool and cloudy. Harvesting of paddy nearly finished. The recent rainfall has improved the prospects of the standing crops. No cattle-disease. Fodder and water sufficient. Common rice and maize sell at 16 and 27 seers per rupee respectively.

Muzaffarpur.—Rainfall nil. Weather cool and cloudy. Prospects of crops good. *Rabi* excellent. Fodder and water ample. Common rice and maize sell at 14 and 28 seers per rupee respectively.

Darbhanga.—Rainfall nil. Weather cool and cloudy at times. Prospects of standing crops good. Harvesting of winter rice in progress. Fodder and water ample. No cattle-disease reported. Common rice sells as follows:—

	Srs.	ch.	
Sadar	17	9	per rupee.
Samastipur	17	0	
Madhubani	17	8	

Monghyr.—Rainfall nil. Weather seasonable. Standing crops doing well. Pressing of sugarcane and harvesting of paddy going on. No cattle-disease. Fodder and water ample. Common rice sells as follows:—

	Srs.	ch.	
Sadar	15	6	per rupee.
Begusarai	14	0	
Jamui	14	0	

Bhagalpur.—Rainfall nil. Weather seasonable. Harvesting of winter rice continues. Prospects of *Rabi* crops good. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	16	0	per rupee.
Banka	16	4	
Madhipura	18	0	
Supaul	20	0	

Purnea.—Rainfall nil. Weather seasonable. Harvesting of *aghani* paddy and sowing of *rabi* crops going on. Prospects fair. No cattle-disease. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	0	per rupee.
Araria	16	0	
Kishanganj	12	0	

Malda.—Rainfall nil. Weather cloudy. Harvesting of winter rice going on. Standing *rabi* crops doing well. Sowing of indigo going on. Gathering of *kalai* commenced. No cattle-disease. Fodder and water available. Common rice sells at 14 seers per rupee.

Sonthal Parganas.—Rainfall *nil.* Weather cloudy. Harvesting of winter rice continues. *Rabi* crops doing well. Pressing of sugarcane commenced. Outturn of maize is reported to be 100 per cent. in Godda, 50 per cent. in Deoghur, and 43 per cent. in Rajmahal. Fodder and water sufficient. Common rice sells at 14 seers per rupee at Sadar.

Cuttack.—Rainfall *nil.* Weather seasonable. *Laghu saradh* being harvested. *Guru sarad* is being cut in some places. *Rabi* crops doing well. Cattle-disease reported from Banki. Fodder and water sufficient. Common rice sells at 17$\frac{1}{16}$ seers per rupee at Sadar.

Balasore.—Rainfall *nil.* Harvesting of *saradha* progressing Sugarcane thriving. *Rabi* crops thriving well. Fodder and water available. Common rice sells as follows:—

	Srs.	ch.	
Sadar	17	0	per rupee.
Bhadrak	20	0	

Angul.—Rainfall *nil.* Weather seasonable and cloudy. Harvesting of winter paddy and *rabi* still going on. Cattle-disease reported from one parganna. Fodder and water available. Common rice sells as follows:—

	Srs.	ch.	
Sadar	25	0	per rupee.
Khondmals	24	0	

Puri.—Rainfall *nil.* *Saradhi* paddy flowering. *Bara laghu* being reaped. *Chota laghu* harvested. Rain needed for miscellaneous crops. Sugarcane is being pressed. *Arharia* and mustard flowering. *Kulthi* and grain growing. Lands being ploughed for *dalua* and other *rabi* crops. Fodder and water ample. Common rice sells at 17$\frac{1}{16}$ seers per rupee.

Hazaribagh.—Rainfall *nil.* Weather cold. Cattle-disease reported from six thanas. Standing crops doing well. Fodder and water sufficient. Common rice sells at 13 seers per rupee both at Sadar and Giridih.

Ranchi.—Rainfall *nil.* Weather cloudy. Harvesting of paddy nearly finished. State of standing crops good Cattle-disease reported from six thanas. Fodder and water sufficient. Common rice sells as follows:—

	Srs.	ch.	
Sadar	14	0	per rupee
Gumla	20	0	

Palamau.—Rainfall *nil.* Weather seasonable. Harvesting of winter rice and pressing of sugarcane still continue. Prospects of *rabi* good. Cattle-disease reported from two thanas. Fodder and water sufficient. Common rice sells at 14⅔ seers per rupee at Sadar

Manbhum.—Rainfall *nil.* Weather seasonable. Prospects of crops good. Fodder and water ample. Cattle-disease reported from six thanas Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	8	per rupee.
Gobindpur	14	0	

Singhbhum.—Rainfall *nil.* Harvesting of winter paddy nearly finished. Fodder and water ample. Cattle disease continues in thanas Ghatsila and Chakradharpura. Common rice sells at 14 seers per rupee.

General Summary.—Light local showers are reported from the districts of Pabna, Dacca, Mymensingh, Backergunge, Tippera, Shahabad and Saran. Prospects of standing *rabi* crops generally good, but rain is needed in Burdwan, Patna and Puri. Harvesting of winter rice progressing; outturn estimated at 86 per cent. of a normal crop. Cattle-disease reported from ten districts. Fodder and water sufficient. The price of common rice has risen in 9 districts, has fallen in 8, and is stationary in the remainder.

By order of the Lieutenant-Governor of Bengal,

A. EARLE,

Secretary to the Govt. of Bengal.

The mean pressure of the seven days	30·013
The average pressure of the corresponding period for 24 years, Surveyor-General's Office	30·030
	Hours.
The total number of hours of bright sunshine	54·5
The maximum possible number of hours of sunshine	75·1
	°
The mean temperature of the seven days	68·6
The average temperature of the corresponding period for 24 years, Surveyor-General's Office	67·6
The extreme variation of temperature	25·8
The maximum temperature	81·4
	Miles
The highest velocity of the wind in one hour	8
	%
The mean relative humidity	76
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office	71
	Inches.
The total fall of rain from 11th to 17th December 1904	Nil.
The average fall of the corresponding period for 24 years, Surveyor-General's Office	0·04
The total fall from 1st January to 17th December 1904	63·20
The average fall of the corresponding, period for 24 years, Surveyor-General's Office	65·23

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

⌓, dew.

METEOROLOGICAL OFFICE, GOVT. OF INDIA,
Alipore (Calcutta), the 19th December 1904.

G. W. KÜCHLER,

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF NOVEMBER 1904.

WEATHER at the beginning of November was apparently fine and settled over the whole area. Extracts, however, from the logs of ships moving up the bay show that though the coast stations all reported light to moderate winds and smooth seas, weather was disturbed in the south of the sea area, several ships having met with a moderately severe, though small, cyclonic storm, about 300 miles to the east of Coromandel coast, between the 1st and 3rd of the month. On the 4th, on the other hand, a cyclonic storm formed independently of the former in the Gulf of Martaban and crossed the coast to the east of Diamond Island either the same night or early the next morning, its centre following a path parallel to the Arakan coast, but slightly inland. It would almost appear as if these two separate disturbances merged into one another on the 5th, the isobars on that date being very irregular and giving no clear indication of a definite centre. On the 6th November conditions were again fairly normal over the bay, although a subsidiary depression was still shewn lying over Eastern Bengal.

Weather over the province and Assam, which had been fine with low temperature during the first few days of the month, was so far affected by the storm that skies became generally overcast, while showers were received in Eastern Bengal and Assam. With the disappearance of the actual disturbance, weather became more normal over the province, but weather was still unsettled over the bay, and partly from this cause and partly owing to an area of low pressure which was shewn in the north-west of the land area on the morning of the 9th and which maintained itself till the 15th, conditions remained irregular over the province. At first low temperature continued to prevail over Assam and the eastern portion of Bengal, but as the influence of the above depression gradually extended eastward, moist winds with high temperatures set in over the whole province.

It was not indeed till the 15th of the month that normal cold-weather conditions once more re-established themselves. On that date the area of low pressure in the north-west had finally disappeared, and with rising pressure and a continuous gradient from north to south of the area, conditions were again favourable for fine cold weather. These conditions maintained themselves unchanged till the 21st, and during the whole of this period beautiful weather with low temperature and high pressure prevailed throughout the province and Assam.

On the 21st a change set in; pressure began to fall everywhere, and a depression, which had probably already commenced to form on the previous day, was shewn to the south of the bay area.

Developing apparently with considerable rapidity, it had on the morning of the 22nd advanced into the centre of the bay along a north-north-westerly path, and on the forenoon of the 23rd it crossed the Arakan coast immediately to the south of Chittagong. The subsequent path appears to have been due east. It gave rise to moderate rain in East Bengal and showers in Assam. Temperature rose at first in those parts of the province which lay in the track of the advancing storm, but speedily fell again with its actual passage. Pressure likewise recovered with great rapidity, and on the 24th conditions over Bengal and Assam were very similar to those preceding the appearance of the disturbance. From this date to the end of the month weather remained of the ordinary cold-weather type with pressure considerably above and temperature considerably below the average.

Summary of pressure.—Pressure was very slightly below the normal at the beginning of the month, and the defect then existing was intensified by the conditions preceding and accompanying the advent of the storm on the 5th. With its disappearance a recovery took place, which again brought the pressure within the vicinity of the normal. The unsettled weather which prevailed from the 7th to the 15th was accompanied by irregularities in the pressure, but the fluctuations were never great, and on the 14th the high-pressure conditions, which have been referred to above, had already commenced. As these latter maintained themselves in an accentuated form for almost the whole of the remainder of the month with the exception of the limited period covered by the passage of the final storm, the average pressure for the month is, as might be expected, above the normal for the whole province.

Summary of temperature.—Temperature was below the normal for much the larger part of the month, the only periods which shew fairly general excess being from the 5th to the 8th and from the 12th to the 18th. The excess, however, while it lasted was more marked than the defect; and as, moreover, it endured slightly longer in the south-west of the province, the average mean temperature for South-West Bengal is a little above the average. Over the rest of the province it is in defect. The area of high day temperature, however, includes Chota Nagpur as well, while on the other hand the area of high night temperature extends into a narrow strip of territory between North and East Bengal.

Summary of rainfall.—The rainfall during the month was chiefly caused by the two storms which crossed the coast near Chittagong and was almost entirely confined to East Bengal and the adjacent districts. Slight rain, however, due to the depression which entered from the north-west, was also received in the western parts of the province, especially in North Bihar, on the 14th and 15th. Orissa was practically free from rain during the month. The rainfall in this division was consequently in large percentage defect, while

East Bengal, on the other hand, received about two and-a-half times its usual amount. In the other divisions the variation was less important.

The following table gives in a condensed form the rainfall information for each of the six large meteorological divisions of Bengal for the present year up to the close of November. The numbers there given, as in the case of former months of the year, are the actual average rainfalls in each division, expressed as a percentage of the normal fall for the period, and the last column also gives the total rainfall up to the close of November, expressed in the same way :—

Meteorological Divisions.	January.	February.	March.	April.	May.	June.	July.	August.	September.	October.	November.	Actual rainfall of first eleven months of 1904 expressed as a percentage of the normal fall for the period.

NOTIFICATIONS.

No. 4966For.—The 22nd December 1904.—In Government Notification No. 4556For., dated the 5th December 1904, published at page 1781, Part I of the *Calcutta Gazette* of the 7th idem, regarding the acting promotions of certain Forest officers, substitute "16th November" for "15th November" as the date from which these promotions are to take effect.

No. 4988L.R.—The 23rd December 1904.—Whereas it is expedient that a survey shall be made and a record-of-rights be prepared in respect of all lands included in estate Baliara, tauzi No. 959, belonging to Government in the district of Bankura:—

Bankura.

In exercise of the powers conferred upon him by section 101 (2) (*c*) and section 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights be prepared in respect of all lands included in the aforesaid estate.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled-raiyat, occupancy-raiyat, non-occupancy-raiyat or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that a produce-rent is paid, and the customary terms according to which such rent is paid;

(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;

(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;

(*h*) the special conditions and incidents, if any, of the tenancy;

(*i*) if the land is claimed to be held rent-free,—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

(*j*) the customs of the village regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

No. 4991.—The 23rd December 1904.—Maulvi Abdul Bari, Sub-Deputy Collector, is authorised, under section 3 (17) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, to discharge the functions of a Revenue Officer, under the provisions of that Act so far as they relate to Revenue Officers, for the purposes of a survey and the preparation of a record-of-rights in respect of Government estates Gopekunda, Kushmore, and Rampore, bearing tauzi Nos. 1154, 1155 and 1156, respectively, in the district of Birbhum.

Birbhum.

He is also vested with the powers of an Assistant Settlement Officer under Rule 1, Chapter VI of the rules under the Bengal Tenancy Act in respect of the said estates.

No. 4992.—The 23rd December 1904.—Whereas it is expedient that a survey shall be made and a record-of-rights be prepared in respect of all lands included in estates Gopo Kunda, Kushmore and Rampore, bearing respectively tauzi No. 1154, 1155 and 1156, belonging to Government in the district of Birbhum:

Birbhum.

In exercise of the powers conferred upon him by section 101 (2) (*c*) and section 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights be prepared in respect of all lands included in the aforesaid.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity, and one or more of the boundaries of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce rent, the fact that a produce-rent is paid and the customary terms according to which such rent is paid;

(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;

(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases.

(*h*) the special conditions and incidents, if any, of the tenancy;

(*i*) if the land is claimed to be held rent-free,—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

(*j*) the custom of the village regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

A. EARLE,
Secy. to the Govt. of Bengal.

GENERAL DEPARTMENT.

DECLARATION.

No. 4099.—The 27th December 1904.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for the East Indian Railway Volunteer Rifles, a footpath to the new Rifle Range from Belur Station in the villages of Belur and Ballee, tahsil Boro, district Hooghly, it is hereby declared that for the above purpose a piece of land measuring, more or less, 5 bighas, 15 cottahs and 2 chitaks of standard measurement (correspondening to 1·90 acres), bounded on the north and south by zamindari lands, on the east by the East Indian Railway Company's lands, and on the west by the land recently acquired for the new Rifle Range, is required within the aforesaid villages of Belur and Ballee.

Hooghly.

Mines of coal, iron, stone, slate or other minerals lying under the lands or any particular portion of the land, except only such parts of the mines and minerals as it may be necessary to dig or carry away or use in the construction of the work for the purpose of which the land is being acquired, are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause (1), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the Collector of Howrah, Land Acquisition Department, and in that of the District Engineer, East Indian Railway, at Howrah.

A. EARLE,
Secy. to the Govt. of Bengal.

JUDICIAL DEPARTMENT.

No. 5684A.

Tuesday ...	21st " "	Chain and compass surveying ...		100	In the field.
Wednesday...	22nd " "	Plane-table surveying ...		100	In the field.
Thursday ...	23rd " "	Levelling		100	In the field.
Friday ...	24th " "	Use of theodolite and adjustment o instruments.		100	In the field.
Saturday ...	25th " "	Plotting		100	In examination hall.

N.B.—Candidates must bring their own drawing instruments, scales, etc., each day with them.
Paper and drawing boards will be supplied.
The programme may be modified if there be a large number of candidates.

A. PEDLER,
The 20th December 1904. *Director of Public Instruction, Bengal.*

PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.

2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.

3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines.

4. The field-book will be given up on the completion of the task.

5. No pages may be torn out of the field-book.

PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill-in selected details in the interior both by direct measurement and the method of intersection; the scale of the work should be as large as possible.

LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,
Director of Public Instructoin, Bengal.

The 20th December 1904.

INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

1. A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.

2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.

3. Each candidate will be provided with an Index map on which the extent of his task is shown and other necessary instructions will be noted.

4. Each candidate will be provided with—

A Prismatic Compass	These must be returned intact on the completion of the task.
A Plane-table with Index Rule ...	
A Level and Levelling Staff ...	
A 100 feet or 66 feet chain and 10 arrows	
An offset rod*	
6 Flags	
10 Pegs for each task	
1 Field-book	
1 Level-book	

* If a candidate prefer to use a tape instead of an offset rod, he may do so, but he must supply it himself.

5. The time allowed for each task is left to the discretion of the officer conducting the examination.

A. PEDLER,
Director of Public Instruction, Bengal.

The 20th December 1904.

NOTIFICATION.

AN examination in the knowledge of English idiom and in pronunciation for teachers of English in Native schools will be held at the office of the Inspector of European Schools, 12, Dalhousie Square, East, on Tuesday the 24th January 1905, at 11 A.M.

Teachers who intend to present themselves for examination should send (at least a week before the examination) a statement containing the following information, and should also *bring* with them their University certificates on the day of the examination:—

Name (in full).	Last University examination passed.
Name of father (in full).	Year of passing.
Name of native village and district.	Signature of the applicant.

Designation and full address.

Candidates should also state whether they have sat for this examination before, and, if so, how often, giving dates.

CALCUTTA,
The 15th December 1904.

W. W. HORNELL,
Inspector of European Schools, Bengal.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 11196B.

NOTICE is hereby given that the Second Sale of Opium, the Provision of 1902 03, will be held at the Government Opium Sale-room. No. 2 Bankshall Street, on Wednesday, the 1st February 1905, at 11 A.M., and will comprise 4,000 chests, viz.—

		Chests.
Opium manufactured at the Patna Factory, consisting of	...	2,000
Ditto at the Ghazipur Factory, consisting of	...	2,000
Total	...	4,000

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the notification issued on the 22nd November 1904, and published in the *Government* and *Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 6th and 17th February 1905, respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3 30 P.M. of Monday, the 6th February 1905, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Friday, the 17th February 1905.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the Opium manufactured at the Patna and Ghazipur Factories will be brought to sale between the sale now advertised and December next on or about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

Total ...	20,000	20,000	40,000

By order of the Board of Revenue, L. P.,

H F. SAMMAN. *Offg. Secretary.*

BOARD OF REVENUE, L. P., CALCUTTA, *the 22nd December 1904.*

Addenda and Corrigenda to the publication containing the rules under the Sea Customs Act, VIII of 1878 (corrected up to 31st December 1902).

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 9th December 1904.

No. 21.

THE following revised rules should be substituted for rules 1, 3 and 6 of the rules issued under Notification No. 22B., dated the 8th January 1885, and incorporated in pages 9-10 of the Rules under the Sea Customs Act, VIII of 1878 (corrected up to the 31st December 1902):—

1. The designation of the various officers of Customs under the provisions of sections 6 and 7 of the Act shall ordinarily be—

Collector of Customs.
Assistant Collectors of Customs.
Superintendent of the Preventive Service and the Salt Department, Calcutta.
Preventive Officers or Officers of the Preventive Service.
Appraisers.

3. An Assistant Collector of Customs shall be competent, in the temporary absence of the Collector of Customs, to exercise all or any of the powers conferred on that officer.

Ordinarily the Assistant Collectors and all the other officers referred to in section 1 are subordinate to the Collector of Customs, and, except as hereinafter provided, shall be competent to exercise such of the powers conferred, and to perform such of the duties imposed upon officers of Customs by this Act as the Collector may require of them, and to perform all or any of the duties whether mentioned in this Act or not, as are ordinarily comprised in the management of a Custom House.

6. The power to adjudge confiscation and the power to impose a penalty shall be limited in the case of all Assistant Collectors of Customs, except the First Assistant Collector, to those indicated in clause (c) of section 182.

By order of the Board of Revenue, L. P.,
H. F. SAMMAN, *Offg. Secretary.*

No. 10306B.

OPIUM.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Opium manufactured at the Patna Factory.

		Chests.
Supply from 1902-1903	...	15,768
Ditto 1903-1904	...	8,232
Total	...	24,000

Opium manufactured at the Ghazipur Factory.

		Chests.
Supply from 1902-1903	...	15,994
Ditto 1903-1904	...	8,006
Total	...	24,000

NOTICE is hereby given that the Provision Opium to be brought forward for sale by public auction in the year 1905, will consist of about 24,000 chests prepared at the Patna Factory, each chest of which is believed to contain 1 maund 18 seers 12 chitaks of pure opium, besides 9 seers 6 chitaks used for pasting the leaves of the shell, and about 24,000 chests prepared at the Ghazipur Factory, each chest of which is believed to contain 1 maund 18 seers 12 chitaks of pure opium, besides 9 seers 6 chitaks used for pasting the leaves of the shell, being of the seasons 1902-1903 and 1903-1904 in the proportion marginally noted.

2. The dates on or about which the sales will be held, and the total quantity of opium, as well as the respective quantities manufactured at the Patna and Ghazipur Factories, which will be brought forward for sale every month, are specified below. The Board of Revenue reserve to themselves the right of altering the dates should circumstances render it expedient to do so. In accordance with the Notification of the Government of India No. 3903A., dated 18th June 1904, 2,000 chests of Patna and 2,000 chests of Benares opium will be sold monthly from January to December 1905:—

DATES.			Chests manufactured at the Patna Factory.	Chests manufactured at the Ghazipur Factory.	Total chests.
On or about Tuesday, 3rd January	1905	...	2,000	2,000	4,000

On or about Tuesday, 26th September	"	...	2,000	2,000	4,000
On or about Wednesday, 1st November	"	...	2,000	2,000	4,000
On or about Tuesday, 5th December	"	...	2,0 0	2,000	4 000
Total		...	24,000	24,000	48 000

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3 The sale shall commence at the hour of 11 A.M., of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9 The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the

name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:— No. 1, Certificate of the opium advertised for sale; No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1903-1904, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes. and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

H. F. SAMMAN,
Offg. Secretary.

CALCUTTA,
The 22nd November 1904.

No. 10433B.

NOTICE is hereby given that the First Sale of Opium, the Provision of 1902-03, will be held at the Government Opium Sale-room, No. 2 Bankshall Street, on Tuesday, the 3rd January 1905, at 11 A.M., and will comprise 4,000 chests, viz.—

		Chests
Opium manufactured at the Patna Factory, consisting of	...	2,000
Ditto at the Ghazipur Factory, consisting of	...	2,000
Total	...	4,000

2nd.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the notification issued on the 22nd November 1904 and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3rd.—The latest dates for deposit and clearance will be the 9th and 18th January 1905, respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes or other Public Securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 P.M. of Monday, the 9th January 1905, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 P.M. of Wednesday, the 18th January 1905.

4th.—In addition to the quantity above advertised for sale, the following quantities, more or less, of the opium manufactured at the Patna and Ghazipur Factories will be brought to sale between the sale now advertised and December next on or about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates, should circumstances render it expedient to do so:—
